Mr. PRESIDENT: Gentlemen of the Council, it has become the practice of the Council that on the opening day of a new session reference shall be made from the Chair to the deaths of past and present members of the Council which have taken place since the last meeting. Babu Umes Chandra Chatterjee, who died in October last, was a member of the Council from 1924 to 1926 and was re-elected to the present Council by the Bankura East (Non-Muhammadan) Constituency in December, 1926, and continued to be a member till September, 1927, when he resigned on account of failing health. (c) and (d) The Muhammadans had already secured by election more seats on the District Board than they are entitled to on the basis of their population and voting strength.

Maulvi KASIRUDDIN AHAMAD: Will the Hon'ble Minister be pleased to state the proportion to which Muhammadans are entitled on the strength of their population and voting strength?

The Hon'ble Sir PROVASH CHUNDER MITTER: I have to ask for notice of this. It depends upon the population and the number of voters. I must look into the papers.

Maulvi KASIRUDDIN AHAMAD: Will the Hon'ble Minister be pleased to state what are the rules, regulations and circulars under which this question has been decided?

The Hon'ble Sir PROVASH CHUNDER MITTER: I must ask for notice of that.

Mr. S. C. BOSE: If it was a mere suggestion, will the Hon'ble Minister be pleased to state what he meant when he said that Government had not endorsed the proposal?

The Hon'ble Nawab MUSHARRUF HOSAIN, Khan Bahadur: If it was a proposal, Government would have considered it. But being a suggestion, Government have not endorsed it.

Mr. S. C. BOSE: Will the Hon'ble Minister be pleased to state if that suggestion which he has described as "a mere suggestion" was made in earnest or in jest?

Mr. PRESIDENT: That is no question, Mr. Bose, and I cannot allow it.

Mr. S. C. BOSE: Will the Hon'ble Minister be pleased to state whether this "mere suggestion" of these officers was made as the result of a hint given by the Department?

The Hon'ble Nawab MUSHARRUF HOSAIN, Khan Bahadur: I want notice of this.

Mr. S. C. BOSE: Will the Hon'ble Minister be pleased to state if the suggestion has been embodied in any report, and, if so, the date of the report?

(b) If the answer to (a) is in the affirmative, are the Government considering the desirability of drawing the attention of the authorities of the Eastern Bengal Railway to the inconveniences at an early date?

The Hon'ble Mr. A. MARR: (a) (i) No.

(ii) Yes.

(iii) Yes.

(b) No. This is a matter which may be referred to the Advisory Committee of the Eastern Bengal Railway.

Srijut JOGENDRA NATH MOITRA: Is the Hon'ble Member aware that several representations have been made by the local people?

The Hon'ble Mr. A. MARR: No.

Expenditure for the Criminal Investigation Department and the Calcutta Police in certain years.

*14. **Srijut TARAKNATH MUKERJEE:** Will the Hon'ble Member in charge of the Police Department be pleased to lay a statement on the table showing—

- (i) the total amount of expenditure for the Criminal Investigation Department in Bengal in 1920, 1922, 1924 and 1926; and
- (ii) the total amount of expenditure for the Calcutta Police in 1920, 1922, 1924 and 1926?

The Hon'ble Mr. A. N. MOBERLY: It is regretted that a statement showing expenditure for calendar years cannot be compiled from available materials without an expenditure of time and labour which would not be justified. The expenditure for each financial year up to 1925-26 is published in the Civil Budget Estimates.

***15. Maulvi KASIRUDDIN AHAMAD:** (a) Will the Hon'ble Minister in charge of the Department of Education be pleased to state whether a representation for closing the High English Schools and Colleges in the month of *Ramzan* (fasting season) has been submitted to the Government by the Rangpur Muhammadan Association?

Posting of Muhammadan Officers in the District of Rangpur.

***16. Maulvi KASIRUDDIN AHAMAD:** (a) Will the Hon'ble Member in charge of the Appointment Department be pleased to state whether it is a fact that at present there is not a single Muhammadan officer placed in the district of Rangpur occupying any of the following posts, viz., District Judge, District Magistrate, Subordinate Judges, Subdivisional Officers, Superintendent of Police, or Munsifs?

(b) What are the reasons for not posting Muhammadan officers to some of these posts?

The Hon'ble Mr. A. N. MOBERLY: (a) Yes. It is to be noted, however, that both the Additional Superintendent and the Deputy Superintendent of Police are Muhammadan officers.

(b) There are only three Muhammadans in the grade of District and Sessions Judge, one in the grade of Magistrate and Collector, and four in the grade of Superintendent of Police, and it is not practicable, or in the opinion of Government expedient, to lay down that any particular district should be reserved for Muhammadans, or that each district should have specified proportions of Muhammadan and Hindu officers.

Babu JITENDRALAL BANNERJEE: Is it one of the unwritten rules of the Department that Deputy Magistrates should never be promoted to District Magistracies, unless and until they are near the age of superannuation?

The Hon'ble Mr. A. N. MOBERLY: No.

Dr. BIDHAN CHANDRA ROY: Why is it that Mr. L. B. Burrows became a District Magistrate at the age of 41, whereas all other Indian members got it at a much later age, considering that Indians have a shorter period of life?

The Hon'ble Mr. A. N. MOBERLY: Mr. Burrows was appointed to the Bengal Civil Service in the old days before the re-partition and was appointed direct to Rs. 500 grade in the same way as another distinguished member of that service, Mr. J. N. Roy. Therefore, he took place above many others senior to him.

Babu JITENDRALAL BANNERJEE: There are nine appointments on the Executive side; why is it that only six have been filled?

The Hon'ble Mr. A. N. MOBERLY: The programme has been spread over 15 years.

(c) If the answer to (b) be in the affirmative, will the Hon'ble Member be pleased to place on the table a copy of the report submitted by the Special Officer?

The Hon'ble Mr. A. N. MOBERLY: (a) A scheme has been prepared and submitted to the Government of India, whose orders are still awaited.

(b) Yes.

(c) No. The scheme cannot be placed before the Legislative Council until the Secretary of State's orders thereon are received.

Rai HARENDRANATH CHAUDHURI: When was the scheme prepared by the Government of Bengal and sent to the Government of India for orders?

The Hon'ble Mr. A. N. MOBERLY: In 1923, I believe.

Rai HARENDRANATH CHAUDHURI: It is now before the Government of India or the Secretary of State?

The Hon'ble Mr. A. N. MOBERLY: I am unable to furnish that information.

Rai HARENDRANATH CHAUDHURI: Was the scheme prepared on the lines of the report of the Greaves Committee?

The Hon'ble Mr. A. N. MOBERLY: I am unable to say anything about the scheme.

Babu AKHIL CHANDRA DATTA: What is the justification of maintaining secrecy about the scheme until it is finally approved by the Secretary of State?

The Hon'ble Mr. A. N. MOBERLY: There are orders that matters under correspondence with the Government of India and the Secretary of State should be treated confidentially.

Maulvi ABUL KASEM: Is it not a fact that in 1906 a scheme was prepared and submitted to the Government of India, and the then Home Member, Sir Harvey Adams, made a statement that it would be carried out immediately?

The Hon'ble Mr. A. N. MOBERLY: I am afraid I cannot say.

Mr. JOGESH CHANDRA GUPTA: How many more years, after these six years of deliberation, is it considered necessary for this scheme to be considered?

The Hon'ble Mr. A. N. MOBERLY: I am afraid I cannot say.

(c) How many of the 11 Europeans employed in the Mounted Police are domiciled Europeans?

(d) Is there any bar to suitable Anglo-Indians being recruited to the Mounted Police?

(e) If the answer to (d) is in the affirmative, will the Hon'ble Member be pleased to state the reasons for the bar?

The Hon'ble Mr. A. N. MOBERLY: (a) Promotion in the grade is automatic, pay being regulated by a time scale. Promotion to posts carrying special allowances is made by selection. Appointment to the grade is made according to merit, seniority being taken into consideration.

(b) 15.

*22. **Babu JOCINDRA CHANDRA CHAKRAVARTI:** (a) Will the Hon'ble Minister in charge of the Department of Local Self-Government be pleased to state when the Circular Nos. 2151-2155 L.S.-G., laying down the policy of the Government in the matter of acceptance of office as Chairman of a district board by a Government servant including Government pleaders and public prosecutors was issued?

(b) Is it the intention of the Government that the same policy should be followed in the municipalities as in the district boards, in the matter of election of Government servants, including Government pleaders and public prosecutors, as Chairman?

(c) Has any Circular similar to that mentioned in (a) been issued laying down the same policy in respect of election of Government servants as Chairman of municipalities?

(d) Has there been any change of policy made by the Government since the said Circular was issued, making the election of Government pleaders and public prosecutors practically unrestricted?

(e) Has any new Circular been issued substantially modifying the previous one?

(f) If the answers to (d) and (e) are in the affirmative, will the Hon'ble Minister be pleased to state whether the change took place during the absence of the Ministry or after the formation of the present Ministry?

The Hon'ble Sir PROVASH CHUNDER MITTER: (a) On the 6th June, 1927.

(b) and (c) Yes.

(d) and (e) A copy of Circular Nos. 290-94 T.—L.S.-G., dated the 12th October, 1927, is laid on the table.

Circular referred to in the reply to clauses (d) and (e) of starred question No. 22.

Nos. 290-94 T.—L.S.-G., dated Darjeeling, the 12th October, 1927.

From—The Secretary to the Government of Bengal, Local Self-Government Department,

To—All Commissioners of Divisions.

I am directed to invite a reference to Mr. Dash's Circular Nos. 2151-2155 L.S.-G., dated 6th June, 1927, explaining the attitude of Government towards the acceptance of office as Chairman of a district

board by a Government servant. In paragraph 4 of that letter it was stated that the eligibility of Government pleaders and public prosecutors would be subject to the same conditions as that of whole-time salaried officials.

2. It has now been decided that so far as Government pleaders and public prosecutors are concerned Government will not insist on the condition that the members of the district board should be practically unanimous. Government are prepared to approve such elections even if the successful candidate for the chairmanship has been elected by a bare majority only. Approval will, however, be withheld if the other conditions are not fulfilled, i.e., if the gentleman in question is not particularly well-fitted for the post and is unable to do full justice to it without detriment to his official duties. A Government pleader or a public prosecutor will further have to obtain the approval of the Magistrate-Collector before becoming a candidate for the chairmanship.

3. It is obvious that in this respect no distinction should be drawn between district boards and municipalities. I am, therefore, to add that the Circular Nos. 2151-2155 L.S.-G. of 6th June, 1927, as modified in the present circular, states the attitude of Government towards the acceptance of office by a Government servant or by a Government pleader or public prosecutor who is elected Chairman of a municipality.

(b) If the answer to (a) is in the affirmative, will the Hon'ble Member be pleased to state from which date it will be given effect to?

The Hon'ble Mr. A. MARR: (a) and (b) The question is still under the consideration of Government.

The Hon'ble Nawab MUSHARRUF HOSAIN, Khan Bahadur:

Election of Chairman of the Murshidabad District Board.

***25. Babu JITENDRALAL BANNERJEE:** (a) Will the Hon'ble Minister in charge of the Department of Local Self-Government be pleased to state whether it is a fact that Rai Surendra Narain Sinha Bahadur was elected Chairman of the Murshidabad District Board as far back as the 28th August, 1926?

(b) Is it a fact that, in spite of such election, the outgoing Chairman, Maharaja Manindra Chandra Nandi Bahadur of Cossimbazar, was permitted to act as Chairman of the newly-constituted Board for eleven months longer without his being nominated or elected to the office?

(c) Will the Hon'ble Minister be pleased to state the reasons for this procedure?

(d) Is it a fact that, after the election of Rai Surendra Narain Sinha Bahadur, three members of the Murshidabad District Board filed a petition before Mr. J. N. Gupta, Commissioner of the Presidency Division, questioning the validity of the meeting where such election was held?

(e) Did the District Magistrate of Murshidabad hold any inquiry into the matter and submit any report?

(f) If so, will the Hon'ble Minister be pleased to lay on the table a copy of the report?

(g) Is it a fact that the election of Rai Surendra Narain Sinha Bahadur has been set aside by the Government?

(h) If so, what are the reasons?

(i) Was Rai Surendra Narain Sinha Bahadur elected Chairman at the same meeting with the Vice-Chairman of the District Board?

(j) Have the Government set aside the election of the Vice-Chairman as well?

The Hon'ble Sir PROVASH CHUNDER MITTER: (a) Yes.

(b) Yes.

(c) As the validity of the election of the Rai Bahadur, as Chairman of the District Board, was called in question, the old Chairman was allowed by the Commissioner to carry on the administration of the District Board until a decision was arrived in the matter.

(d) Yes.

(e) Yes.

(f) Government are unable to comply with this request for administrative reasons.

(g) Yes.

(h) On the ground of irregularities in the proceedings.

(i) Yes.

(j) Yes.

Babu JITENDRALAL BANNERJEE: Will the Hon'ble Minister be pleased to state what are the administrative reasons referred to in his answer to question (f)?

The Hon'ble Sir PROVASH CHUNDER MITTER: The matter is a confidential one. As it happened before my time, I am not very familiar with the facts.

Babu JITENDRALAL BANNERJEE: Will the Hon'ble Minister be pleased to state whether it is the usual rule that when an old Chairman's term of office has expired, he is still permitted to carry on?

The Hon'ble Sir PROVASH CHUNDER MITTER: So far as I am aware, the Act does not provide for such a situation. As I have already said, the matter was dealt with before my time, and I am not familiar with it.

Qualifications of "Mistership" and "Esquireship," etc., for persons in Government Service.

***26. Srijut TARAKNATH MUKERJEA:** (a) Will the Hon'ble Member in charge of the Appointment Department be pleased to state what are the requisite qualifications of "Mistership" and "Esquireship" for persons in Government service?

(b) Do the Government recognise any distinction in the use of the prefixes "Mister," "Babu" and "Maulvi"?

(c) If the answer to (b) is in the affirmative, will he be pleased to state what are the distinctions?

(d) Is it a fact that the provincial service officers designated as "Maulvi" or "Babu," when promoted to act or officiate even for a short time in the Imperial Service, are styled as "Mister," but lose their "Mistership" as soon as they revert to the Provincial Service?

(e) If the answer to (d) is in the affirmative, are the Government considering the desirability of taking steps to abolish this distinction and to observe uniformity in designation with regard to all gazetted officers, irrespective of caste, creed or colour?

The Hon'ble Mr. A. N. MOBERLY: (a) to (c) The application of the prefix "Mr." and of the affix "Esq." in preference to Maulvi or Babu is determined by the place of education, style of living, and personal wishes of the individual concerned. Indian officers promoted to listed posts on the cadres of the I.C.S. and I.P.S. or who have been educated in Europe or have adopted European customs are ordinarily called "Mr."

(d) Yes, this is ordinarily the case. But in 1926 in consequence of a representation made by the Bengal Civil Service Association (Executive) Government decided not to use "Mr." in future in the case of officers of the Provincial Service (Executive) hereafter appointed to officiate in listed posts until they are confirmed.

(e) No. The present practice has been followed for sometime, and in the absence of definite evidence that the members of the different services concerned wish the matter to be re-examined, no change is contemplated.

Proposal of making Sanskrit optional in Secondary Schools.

***27. Rai HARENDRANATH CHAUDHURI:** (a) Is the Hon'ble Minister in charge of the Department of Education aware that the revised and unified draft syllabuses of studies for the Government and Government-aided Secondary Schools of East and West Bengal proposing to make Sanskrit an optional subject for Hindu students have given rise to much concern among the Hindu public?

(b) What other steps, if any, besides publication in the *Calcutta Gazette*, have been taken to ascertain the opinion of the Hindu public?

The Hon'ble Nawab MUSHARRUF HOSAIN, Khan Bahadur: (a) Government are aware that the question of optional Sanskrit is one that has given rise to considerable controversy. The draft syllabus is, however, in line with the new Matriculation Regulations submitted by the University of Calcutta.

(b) Publication in the *Gazette* for public criticism seems to Government an adequate method of consulting public opinion. A big volume of opinions on the draft syllabus has been received, and these are now being considered.

Rai HARENDRANATH CHAUDHURI: Is that big volume of opinion favourable to, or opposed to, making Sanskrit optional?

The Hon'ble Nawab MUSHARRUF HOSAIN, Khan Bahadur: Some are in favour, while others are not.

Mr. JOGESH CHANDRA GUPTA: Will the Hon'ble Minister be pleased to state how long the matter is to remain under consideration before any decision is arrived at?

The Hon'ble Nawab MUSHARRUF HOSAIN, Khan Bahadur: It will not take much time.

Mr. JOGESH CHANDRA GUPTA: I want to know what is meant by "much time" according to the Hon'ble Minister?

The Hon'ble Sir PROVASH CHUNDER MITTER: (a) Patients in the Indian Mental Hospital are given separate rooms or separate wards for their accommodation, but are not in other respects segregated from

well-behaved patients of the non-paying class, nor is it in accordance with medical opinion that they should be so segregated. As, however, it is considered that such patients are entitled to superior accommodation proposals for constructing a separate block for them have been put forward and are under discussion between the Government of Bengal and the Government of Bihar and Orissa.

(b) The European Mental Hospital is an entirely separate institution. Here again, there is no segregation, but paying patients are housed in separate wards.

Mr. S. C. BOSE: Will the Hon'ble Minister be pleased to state if the difference in the food accounts for a difference of Rs. 2 in the allowance?

The Hon'ble Sir PROVASH CHUNDER MITTER: I have not examined the matter yet, but I think that is the reason.

Babu AMARENDRA NATH CHOSE asked the following three supplementary questions in Bengali:—

(1) Is the Hon'ble Minister aware of the reasons why the income in the last ten years had dropped from Rs. 22,000 to Rs. 10,000?

The Hon'ble Sir PROVASH CHUNDER MITTER: I am not aware of the reason. I have already taken steps to inquire.

(2) Will the Hon'ble Minister be pleased to state why the term of the lease was for such a long period?

The Hon'ble Sir PROVASH CHUNDER MITTER: I am not aware of the reason, but will inquire. I want notice of the question.

(3) Will the Hon'ble Minister be pleased to state why again and again the lease is being given to the same man?

Mr. PRESIDENT: I think it is useless to put that question. The Minister has already promised to inquire.

Mr. SUBHAS CHANDRA BOSE: On a point of order, Sir, when a question is put in Bengali, is it not fair that the reply should also be given in Bengali?

Mr. PRESIDENT: The business of the Council is ordinarily conducted in English, but if any member pleads ignorance of that language and specially requests that replies should be given to his questions in Bengali, I shall certainly see that his request is complied with whenever possible.

Supervising Staff of the Bengal Government Press.

(c) Is it a fact that the strength of the supervising staff of the Bengal Government Press has been progressively increased?

(d) Is it a fact that over and above the Superintendent, there are now in the Bengal Government Press three Deputy Superintendents and four Overseers, while before 1912 there was one Superintendent, and one Deputy Superintendent and two Overseers?

(e) If the answers to clauses (c) and (d) are in the affirmative, will the Hon'ble Member be pleased to state the reasons therefor?

The Hon'ble Mr. A. MARR: (a) The information is not readily available in the form asked for, and the preparation of it would, in the opinion of Government, involve time and labour out of all proportion to its value when obtained.

(b) After 1912 the Bengal Government Press ceased to print for Bihar and Orissa, but had to undertake the work for the new province of Bengal as then constituted.

(c) and (d) Before 1912 there were one Deputy Superintendent and three Overseers. There are now three Deputy Superintendents and there have been four Overseers since 1912.

(e) The supervising staff was found to be inadequate for the duties to be performed.

(c) Has any such scholarship ever been given to a student of the depressed class during the last 10 years?

(d) If the answer to (c) is in the negative, are the Government considering the desirability of reserving at least one such scholarship for the students of the depressed class?

The Hon'ble Nawab MUSHARRUF HOSAIN, Khan Bahadur:

(a) Nominations are called for from the two Universities. Government select after considering the nominations.

(b) The number of scholarships varies from year to year. This year there were two such scholarships, one of which was reserved for a Moslem. There are other scholarships, but they are not specially reserved for students of the Universities. In regard to these also, three in number, there is communal reservation to ensure Moslems obtaining them in reasonable proportion.

(c) No. The existing State scholarship system was inaugurated in 1925.

(c) Was due notice given to such parties as were entitled to a refund?

(d) What are the names and number of parties to whom no such notice was given?

The Hon'ble Mr. A. N. MOBERLY: (a) If the unspent balances of the monies deposited by the parties on account of the costs of the preparation of the paper-books are not claimed within five years from the dates on which the deposits were made, they are transferred to the credit of general revenues of Government at the close of that period, in accordance with the order of the Government of India.

(b) The compilation of this information would entail an amount of labour and cost wholly incommensurate with any possible advantage to be gained from it.

(c) A copy of the final account in the case of each Regular Appeal and Miscellaneous Appeal showing the amount available for refund is served on the vakil concerned. In respect of P. C. appeals, such information is furnished whenever requisitioned by the vakil.

(d) If so, will the Hon'ble Member be pleased to state the reasons therefor?

(d) Does not arise.

GOVERNMENT BUSINESS.

Report of the Committee on Public Accounts, 1925-26, and Excess Grants.

The Hon'ble Mr. A. MARR: I beg to present the Report of the Bengal Legislative Committee on Public Accounts on the Audit and Appropriation Accounts for the year 1925-26.

Dr. BIDHAN CHANDRA ROY: On a point of order, Sir, may I ask a question? I find there has been a demand for excess grants brought up now. The explanation for this is given in the Report which we have just received. It was not possible for us to put in any amendment to these motions in time to reach the Legislative Department. As a matter of fact, none of us has been able to read this Report even. Do you think it fair?

Mr. PRESIDENT: Did you receive the circular and make inquiries?

Dr. BIDHAN CHANDRA ROY: I received notice on the List of Business, but I did not know when the Report would be presented.

Mr. PRESIDENT: Did you make inquiries and send in amendments?

Dr. BIDHAN CHANDRA ROY: My point is: How can we put in amendments, unless we know what demands are made? We must exercise some discretion.

Mr. PRESIDENT: Is it not a fact that you neglected the case to some extent?

Dr. BIDHAN CHANDRA ROY: I do not think so. In the List of Business, there is no mention of the fact that the explanation would be found in the Report of the Public Accounts Committee. That is found in the small pamphlet given to us just now.

Mr. PRESIDENT: I admit that your objections are reasonable, but that should not prevent Mr. Marr from moving the demand.

Demands for Excess Grants.

The Hon'ble Mr. A. MARR: With your permission, Sir, before I make the actual demand, I would just remind members of this House of the procedure as regards excess grants. After a Budget year is finished, accounts are made up by the Accountant-General, and if he finds that any grant in the Budget has been exceeded, he brings this fact to the notice of Government, and it is the duty, one of the principal duties, of the Committee on Public Accounts to inquire into all these excesses and satisfy itself of the causes of the excesses before making its report. That report is then laid before this Council and the Council is then asked to vote the excess grants. In doing so, the Council generally accepts the Committee's recommendations. That is the usual procedure, and is the procedure in the House of Commons.

On the recommendation of His Excellency the Governor, I beg now to move that an excess grant of Rs. 2,081 be voted by the Council to regularise the expenditure actually incurred in excess of the voted grant in the year 1925-26 under the major head "22.—General Administration—Staff and Household of the Governor—Reserved—Band Establishment."

Up to the year 1925-26, the travelling expenses of the Band establishment were all charged under the head "Tour expenses." In that year, the Military Secretary did not mark the bill "Tour expenses." The Accountant-General, therefore, debited the expenditure to the "Band establishment," thereby causing an excess under "Band establishment," and a corresponding saving under "Tour expenses." The Accountant-General has acknowledged this, and he says that as regards the transport charges of the Band, bills for this amount countersigned by the Military Secretary were not entered under the head "Tour charges," but were entered under the head "Band charges." The Committee went into the question, and, in view of the explanation given, recommended that the excess expenditure be sanctioned.

4-30 P.M.

Sabu JITENDRALAL BANNERJEE: May I know why this question was not placed before the House for discussion, but was at once put to vote?

Mr. PRESIDENT: Nobody caught my eye.

Sabu JITENDRALAL BANNERJEE: But the President did not give any direction.

Mr. PRESIDENT: Will you please resume your seat? I have already put it to vote.

The following motion was then put and agreed to:—

"That an excess grant of Rs. 2,081 be voted by the Council to regularise the expenditure actually incurred in excess of the voted grant in the year 1925-26 under the major head '22.—General Administration—Staff and Household of the Governor—Reserved—Band Establishment.'"

The Hon'ble Mr. A. MARR: On the recommendation of His Excellency the Governor, I beg to move that an excess grant of Rs. 14,813 be voted by the Council to regularise the expenditure actually incurred in excess of the voted grant in the year 1925-26 under the major head "26.—Police—Reserved—Presidency Police—Calcutta Police—Pay of Establishment—Inspectors."

This is a case of rather a different nature to the last one in that two mistakes were made—one at the headquarters of Government and the other in the Accountant-General's office. The Police Department budgeted for a certain amount under "Pay of Inspectors." When that budget was put before the Council, the Council made a cut of Rs. 10,000 under this head. The Secretariat, where the first mistake was made, never communicated this fact to the Commissioner of Police,

which they should have done, and they were at fault for this. More officiating Inspectors were appointed than was expected, and in the course of the year the Commissioner of Police saw that there was going to be an excess expenditure under this head. He sent up a re-appropriation statement, which ordinarily had it not been for that cut would have been in order. The Accountant-General through oversight passed that re-appropriation. Therefore, the two mistakes in conjunction led to this excess expenditure. The money had to be paid, because these men were officiating as Inspectors; their pay had to be paid, but had the mistake been detected within the year, the expenditure could have been regularised. It was only when the accounts were finally drawn up that the two mistakes—the one in the Secretariat and the other in the Accountant-General's office—were detected. There was a corresponding saving of Rs. 16,000 of course on the other side. With that saving, if the mistakes had been detected within the year, the expenditure could have been regularised by re-appropriation, but until the Accountant-General had made up the accounts for the year, the mistakes were not detected.

Dr. BIDHAN CHANDRA ROY: I beg to oppose this motion. In the first place, I have mentioned to you already that the Report of the Public Accounts Committee has been supplied to us at a stage when it was not possible for us to be prepared with all the points that we were likely to put forward against this proposal. As a matter of fact, we are not able to see at the present moment that there is a corresponding saving, as the Hon'ble Mr. Marr has suggested. We have not the budget estimate before us; otherwise, we could have inquired into this matter. I suppose you will agree that most of the members of the Council have some profession or business of their own, and unless they see that there is a point in going to the Secretariat for inquiring into a particular point, it would not be possible for any member to take the step you have suggested.

Mr. PRESIDENT: May I inquire whether you are opposing it on grounds which have been disposed of by me?

Dr. BIDHAN CHANDRA ROY: No. This is a *post-mortem* Report! because the money has been paid already, the expenditure has been incurred. Mistakes have been committed, but no steps have been taken to realise the money from the persons who have made the mistakes. I need not remind the Hon'ble Mr. Marr, who is an astute financier, that it is a fundamental point in every financial arrangement when as is apparent in page 27 of the Report that if there is a mistake, that is, the administrative department which is responsible should have informed the Commissioner of Police, the administrative department should be made responsible for the excess expenditure

over the budget grant. The third point for which I oppose this motion is that the mistake which Mr. Marr has admitted shows clearly that no attempt was made by the administrative department or by the Commissioner of Police to know what the members of the Council felt on a particular issue. It is very disgusting to find that the object of a cut made purposely in this Council should have been frustrated by the administrative department in this way. On these grounds, I oppose the sanctioning of this excess grant.

Babu BEJOY KRISHNA BOSE: In opposing this grant, I beg just to inquire whether the Government departments take this Council seriously or not. They know very well that with regard to the pay of the Inspectors in the Calcutta Police this Council did not grant the amount demanded, and there was a cut of Rs. 10,000. I would like further to know whether the Commissioner of Police, Calcutta, at all takes any interest in the affairs of this Council. I also want to know whether he knew that when he demanded an increase of pay for his Inspectors, the Council refused it. We are told at page 25 of the Report on Public Accounts, that Mr. F. D. Bartley was called in as a witness, and he told the Public Accounts Committee that the Commissioner of Police was not informed that the Council had made a cut of Rs. 10,000. Therefore, he not only spent the amount which he demanded, but made an excess payment of Rs. 14,000; consequently, the excess expenditure actually came to Rs. 24,000. I should like to know, if that is the way in which the decision of the Council is looked upon, not only by the Secretariat but also by the Police Department. It is admitted (and the Hon'ble Mr. Marr has quite frankly admitted) that there was a mistake in the Secretariat as well as in the Accountant-General's office, in that they never sent up the re-appropriation notice to the Government in time. Might be there were two mistakes committed in two responsible offices of Government, but the people primarily responsible were the members of the administrative branch of the Secretariat where there were and are so many Deputy Secretaries, Assistant Secretaries and Personal Assistants and so forth, and they knew very well that this Council had made a cut of Rs. 10,000; they went on doing their work without informing the Commissioner of Police about the cut. Under these circumstances, if anybody has to pay, it is the members of the administrative branch of the Secretariat, or the pay of the poor Sergeants, who have received the increase of salary, must be made to refund. The members of the administrative department who have made the mistake must pay, and not the rate-payers of this country.

Mr. C. C. COOPER: I fully appreciate and sympathise with the remarks of the two hon'ble speakers, because, for once, my party on the question of principle is entirely in accord with the view of the party on the other side of the House—that it is utterly wrong that this

Council having once made a cut, their views should not be respected. That point and the various other points referred to by previous speakers were thoroughly gone into by the Public Accounts Committee—a Committee elected by the members of this Council. When first I saw this token cut of Re. 1 on the agenda, my first inclination was that we should support the motion; but I find that if we did so, we should not be following the constitutional practice of the House of Commons, where it is the practice for the House always to support the Report of its Public Accounts Committee. That being so—and I believe during the last 80 years there has not been a single case where the House has refused to support such a report—I am of opinion that this vote is really not a vote of protest to the Government, but a vote of censure on the Public Accounts Committee, which Committee consists of members of all parties of this House. We in the Public Accounts Committee made it quite clear to those concerned that, while we were satisfied with their explanation, we would not tolerate any repetition of such mistakes in future. With these words I oppose the motion for reduction.

Rai HARENDRANATH CHAUDHURI : I rise to oppose this grant. I do not understand why the Legislative Council should be compelled to sanction the very grant which was rejected by it for the fault of the administrative department. It is said that when the Public Accounts Committee have recommended this excess grant the Council must take that into consideration, on the analogy of the practice in the House of Commons as regards the recommendations of the Public Accounts Committee. There they have a Public Accounts Committee and here we have one such, but the analogy only ends there. There is no reserved department in England and no power of certification vested in anybody there. Here the Government, which always takes pride on its super-efficiency, can always ask the person who enjoys the power of certification to exercise that right. The Legislative Council should not be asked to remedy the defect by restoring one of its rejected grants and thus condone the faults of those super-efficient men who have ignored the vote of the Legislative Council.

Mr. J. M. SEN GUPTA : I have only one word to say on this demand. The claim has always been made by the Indian Civil Service who fill the Secretariat that they are very, very efficient. But so far as the present instance is concerned, that claim, as admitted by the Hon'ble Mr. Marr, is not so strong to-day as it was before. I should like to know why the Hon'ble Mr. Marr comes before the Council with this demand for an excess grant when he knows that under the law—this being a reserved subject—His Excellency the Governor could certify the expenditure? He could have taken up this matter to the Governor,

and the Governor would have been perfectly justified in certifying it. We refused to pass this demand and not only that, we made a cut of Rs. 10,000 in that demand, but we find that through a mistake committed in two departments of the Secretariat, the Commissioner of Police spent not only that amount of Rs. 10,000 but also Rs. 4,813 in addition!

4.45 P.M.

That is the position. If any proof were necessary to show that the Secretariat were incompetent, that proof is here, and I think, that it is most humiliating for this Council to now pass this demand and to be told: "Oh the Secretariat has made a mistake. The Commissioner of Police has not time to look into the deliberations of this Council with regard to his own department and with regard to the demands with which he is personally concerned." It is most humiliating to be told: "Oh, we have made these mistakes. No doubt, although we have got the power to certify this demand, we ask you to pass it." I would ask you, Sir, to consider this position. Supposing there are other mistakes committed like these by a department, and although the Council had refused to pass a certain demand, no notice is taken of that refusal. Then, after a year they come before us and say: "We know you refused this demand, but through mistakes in the Secretariat we spent the money and, therefore, would you kindly sanction this extra demand that we now make?" I think, Sir, we must put a stop to this kind of thing. The Council should not be asked to grant this excess demand. The proper procedure is for them to go to the Governor and ask him to certify it. May I ask why the Hon'ble Member is not going to take the money from the officer who is the head of the department in which the mistake was committed? Has the Government ever done that? Why did not Mr. Marr ask the head of the department who was originally responsible for this mistake to pay the money? Why did he not take that step? Why does he come to us now? I submit that this flouting of the Council's decision should not be tolerated by any House with any self-respect.

Maulvi ABUL KASEM: I understand that when we made a cut, the Government could very well go up to His Excellency and ask him to certify the grant. From this I can easily presume that the Government thought that this cut was not a very unreasonable one, and that the administration of the Calcutta Police could very well get on without this money, as otherwise they would have gone up to His Excellency for certifying this grant. Another question that arises is—I have been told and from the report it appears—that the Commissioner of Police had no information about the cut made by this Council. I submit, Sir, that whenever a budget is prepared, unless that budget is sanctioned, and sanction communicated to the officer, he has no right or business

to spend the money. In this case I want to know, before I record my vote, whether the budget prepared by the Commissioner of Police and submitted to Government was sanctioned by the Government, and whether the sanction was communicated to the Commissioner of Police; and whether he spent the money without receiving the sanction of Government in this matter. If that is so, I think, the person responsible for it should be punished. If the sanction of Government was communicated to him and he was within his rights to spend that money, that would, of course, be a different matter. As regards the excess grant of Rs. 14,000, I think some explanation is necessary as to why this additional sum was necessary for the purpose of carrying on the administration of the Calcutta Police.

Mr. SUBHAS CHANDRA BOSE: I rise not to inflict a speech on this House, but to ask a very simple question of the members on the Treasury Benches. The question is this—Why did not the Commissioner of Police and the Deputy Commissioner of Police find time to follow the proceedings of this House, at least that part of the proceedings which relates to the Police demand? Is it because they are too busy with house-searches or arrests all over the city? Now, Sir, I want this House to reject this demand, because I know that after this rejection the matter will go up to His Excellency for certification; and then His Excellency will have an opportunity of knowing something about the high standard of efficiency maintained by the members of the Indian Civil Service in this unfortunate province. With these few words, I would appeal to this House to reject this demand.

Babu AMARENDRA NATH CHOSE delivered a speech in Bengali, opposing the motion of the Hon'ble Mr. A. Marr.

The following motions were called but not moved and, therefore, deemed to be withdrawn:—

Babu AMARENDRA NATH CHOSE and Babu MANMATHA NATH ROY: 'That an excess grant of Rs. 14,813 in excess of the voted grant in the year 1925-26 under the major head '26.—Police—Reserved—Presidency Police—Calcutta Police—Pay of Establishment—Inspectors' be reduced by one rupee.'

The Hon'ble Mr. A. N. MOBERLY: The Hon'ble Mr. Marr pointed out at the beginning, when he moved this motion, that it was due to a mistake made by the administrative department that the cut made by the Council was not communicated to the Commissioner of Police. I thank the members of the House who have spoken on this motion for the certificate which they have given to the service to which

I have the honour to belong by fastening with such glee upon the one mistake which appears to have come to their notice within very many years. I am sorry that the opportunity has been taken to throw jibes at the Commissioner of Police who was in no way responsible for it. He is merely the head of a department; and he has nothing to do with the cut if he is not told officially that the cut has been made. He has no power to act upon what he may see in the Council reports or in reports in the daily press. I am very sorry, indeed, that members have not had time to read the Report of the Bengal Legislative Council Committee on Public Accounts, because, I think, that if they had been able to do so, a good deal of what had been said would not have been said. They seem to assume that the amount of Rs. 14,000 had been taken from the provincial balances by an irresponsible Secretariat official. That is not correct. If they will turn to page 25 of the Report, they will see that the explanation is as follows: for this year the budget for the pay of Inspectors was based on the actual pay, *plus* the cost of officiating allowances given to Sergeants and Sub-Inspectors who officiated as Inspectors in leave and other vacancies. What actually happened was that the total pay drawn by those officers who officiated, not only their officiating allowances, was debited under the head of "Inspectors." The result was that while there was an excess of Rs. 14,813 under the head "Inspectors," there was a corresponding saving of Rs. 16,000 under the head "Sergeants and Sub-Inspectors." There was thus a net saving of about Rs. 1,200. I think it will only be fair if the administrative department is made to pay Rs. 14,813 that they should be permitted to draw this Rs. 16,000 in exchange. I hope, Sir, that after my explanation, the Council will pass the grant. It is purely a matter of accounting. I do, however, express regret on behalf of my department that they should have made this mistake, and I am taking stringent steps to prevent a recurrence of this sort of mistake in future.

Mr. PRESIDENT : The question is.....

Babu JITENDRALAL BANNERJEE : I wanted to say a few words before the Hon'ble Mr. Marr had spoken, but he does not want to speak.

Mr. PRESIDENT : You have no ground to complain of that.

Babu JITENDRALAL BANNERJEE : But I have a point of order ~~and~~ that is that I have a right to speak till the Hon'ble Member in charge has replied and as he has not done so, I have my right of speech and I insist on that right.

Mr. PRESIDENT : But then you ought to have said so when you first caught my eye. I have already put the motion and I cannot allow you to speak.

Mr. SUBHAS CHANDRA BOSE : I would point out that when the Hon'ble Mr. Moberly stood up, you had already started speaking. In spite of that, in deference to Mr. Moberly, you resumed your seat and gave him an opportunity to address the members of this House; whereas, you are now refusing the same opportunity to another member who stood up to say a few words.

Mr. PRESIDENT : Because the Hon'ble Member in charge had the right of reply, and I thought that the Hon'ble Mr. Moberly rose to speak on his behalf. It appeared to me that Mr. Bannerjee was merely complaining of the fact that the Hon'ble Member in charge had not replied. I cannot, however, allow him to speak now, as I have closed the debate.

The motion that an excess grant of Rs. 14,813 be voted by the Council to regularise the expenditure actually incurred in excess of the voted grant in the year 1925-26 under the major head "26.—Police—Reserved—Presidency Police—Calcutta Police—Pay of Establishment—Inspectors, was then put and a division taken with the following result:—

5 P.M.

Babu JOCINDRA CHANDRA CHAKRAVARTI: On a point of order, Sir. Can there be any division after the President said "Noes have it" twice? First he said, "I think the Noes have it," and then he said "Noes have it."

MR. PRESIDENT: A member has a right to call for a division after I have said "I think the Noes have it." I believe Mr. Marr did so at the right moment.

The Hon'ble Mr. A. MARR: I am quite certain that I called for a division before the President said "the Noes have it."

Babu JOCINDRA CHANDRA CHAKRAVARTI: Mr. Marr called for a division after the President had said, "the Noes have it" for the second time.

Mr. PRESIDENT: I think Mr. MARR called for a division after I said, "I think the Noes have it." If you wanted to raise this question, you ought to have done so when I ordered a division. You are, I am afraid, too late now.

The Hon'ble Mr. A. MARR: On the recommendation of His Excellency the Governor, I beg to move that an excess grant of Rs. 59,295 be voted by the Council to regularise the expenditure actually incurred in excess of the voted grant in the year 1925-26 under the major head "45—Superannuation allowances and pensions."

This excess occurred under two minor heads—"Superannuation and retiring allowances" and "Commuted value of pensions." The figures put in the budget under these two heads have to be arrived at by guess. The expenditure under these heads is obligatory, in so far as it represents pensions payable to retired officers and the commuted value of those pensions. During the year 1925-26, it was seen that the grant was going to be exceeded and a supplementary grant of Rs. 1 lakh was asked for and voted by this Council under this minor head, in order to bring the grant up to the revised estimate of Rs. 45 lakhs. That estimate was considered quite safe, in view of the 10 months' actuals, but the actuals for February and March were very considerably in excess of the average monthly actuals for the previous portion of the year, and this resulted in the expenditure exceeding the grant by Rs. 59,000 odd. The excess was, however, less than 1 per cent. of the total expenditure. A supplementary grant of Rs. 5,20,000 was also taken under the minor head "Commuted value of pensions," bringing the total grant up to Rs. 10,30,000. The expenditure under this minor head exceeded the grant by Rs. 24,000, which is equivalent to less than $\frac{1}{2}$ per cent. of the total expenditure. The excess was due to payments representing the commuted value of pensions payable to other local Governments on account of the pensions drawn by Bengal officers from treasuries in other provinces. Adjustments on account of this expenditure are made by the Accountant-General's office after the close of the year, and so it is extremely difficult for the Finance Department to foresee what the actual expenditure will be.

Babu BEJOY KRISHNA BOSE: Sir, I beg to oppose this motion, and, in doing so, I want to draw the attention of the House to page 3 of the Report on Public Accounts, which has been circulated to us. With regard to this excess amount of superannuation pension to the extent of Rs. 59,295, it is said in paragraph 2 that these "comparatively small sums" should be provided by the Legislative Council by an excess vote. Government may consider an amount of nearly Rs. 60,000 as a comparatively small sum.

The Hon'ble Mr. A. MARR: A Committee of this House has recommended this.

Babu BEJOY KRISHNA BOSE: Very well, a Committee of this House consider Rs. 60,000 as a small amount, which they have asked this House to grant; but if you look to the bottom of that page, you will find that they at the same time report that "it is essential that the expenditure in these cases should not exceed the grant without the vote of the Council." In this case, however, the vote of the Council is sought after the amount has been spent. On these grounds, I oppose the motion.

The Hon'ble Mr. A. MARR: I would point out that these charges are obligatory. As accurate a guess as possible is made, and this Council is asked to vote a supplementary demand when that guess falls short of the actuals. It is not possible to make an absolutely correct guess, and in that particular year the expenditure exceeded the estimates by 1 per cent. in the one case and by less than $\frac{1}{2}$ per cent. in the other.

The following motion was then put and agreed to:

"That an excess grant of Rs. 59,295 be voted by the Council to regularise the expenditure actually incurred in excess of the voted grant in the year 1925-26 under the major head "45.—Superannuation allowances and pensions."

The Hon'ble Mr. A. MARR: On the recommendation of His Excellency the Governor, I beg to move that an excess grant of Rs. 8,989 be voted by the Council to regularise the expenditure actually incurred in excess of the voted grant in the year 1925-26 under the major head "46.—Stationery and printing."

This excess was due to two causes. Ordinarily, in framing this budget head, all recoveries from other Governments for stationery and printing charges are taken as deductions from the expenditure side of the budget. These deductions are generally settled after the year is over. In this particular year, the *deduct* entries from other Governments were less than what was anticipated at the time of the budget. The other cause was that a recovery of Rs. 30,000 from the Central Government during that year was shown in this year's budget, but the Accountant-General held that, as it was for services rendered in the previous year, it should be shown in the previous year's accounts. If that item had been shown in the 1925-26 budget, as was anticipated, there would have been no excess at all.

The motion was then put and agreed to.

LEGISLATIVE BUSINESS.**Government Bill.****The Bengal Borstal Schools Bill, 1927.**

Mr. PRESIDENT: Gentlemen, I have it in command from His Excellency the Governor to put before you under Standing Order 55 (section 66 of the Rules and Standing Orders) "the Bengal Borstal Schools Bill, 1927" as passed in Council on the 24th August last. The Bill has been returned by him under section 81A, sub-section (1), of the Government of India Act, for reconsideration in part only, namely, for the re-insertion of clause 4 of the Bill as introduced in Council on the 23rd August, 1927. I now call upon the Hon'ble Member in charge, the Hon'ble Maharaja Bahadur of Nadia, to move the motion which stands in his name in the List of Business as item No. 11.

The Hon'ble Maharaja KSHAUNISH CHANDRA RAY Bahadur, of Nadia: Sir, I beg to move that after clause 3 of the Bengal Borstal Schools Bill, as passed in Council on the 24th August, 1927, the following clause be inserted, namely:—

Application of the Prisons Act, 1894, and the Prisoners Act, 1900.

"3A. Subject to the provisions of this Act, the provisions of the Prisons Act, 1894, and the Prisoners Act, 1900, shall apply to a Borstal School established under this Act as if it were a prison and an inmate thereof a prisoner."

In moving this motion, I want to explain the position as to why His Excellency the Governor has been obliged to send the Bill back to the Council. Everyone of us here will remember that on the 24th August, 1927, this Bill was passed by the Council, with certain amendments, the most important of which was the omission of the clause numbered 4 in the original draft of the Bill. This clause was deleted from the Bill on the motion of Babu Jogindra Chandra Chakravarti, in spite of the opposition of Government. The member in proposing the omission of the clause based his arguments on grounds which were more sentimental than anything else, because he was of opinion that the idea of prison should not be associated with that of a Borstal institution. In reply, I explained that there was a similar clause in the Madras and the Punjab Acts, and that the deletion of the clause would tend to serious administrative difficulties as regards the safe custody of the inmates and enforcement of discipline over the inmates and officers of the Borstal

School. It was emphasised that adolescent offenders were not innocent schoolboys and that the school was not merely to be a school, but a place of detention for youthful offenders, and some of the legal difficulties involved in the omission of the clause were also indicated. In spite of this, the clause was deleted by the vote of the Council. I would state here in detail the reasons why the re-insertion of this clause is essential. Sir, the Prisons Act is the fundamental Act relating to prisons, and by its authority all prisons are constituted and managed. It contains legal definitions of such words as "prison," "criminal prisoner," "civil prisoner," etc., lays down the duties of Government and the officers of Government as regards prisons, gives authority to control and punish inmates, defines prison offences, and gives power to the Governor-General in Council and to the local Government to make rules. The Prisoners Act is chiefly concerned with the nature of the authority on which prisoners can be committed to custody, the regulation of sentences, the transfer of prisoners to and from Courts, and their removal from one jail to another. It is not a practicable proposition to make the Borstal Schools Act self-contained without reference to these fundamental Acts, because no Act is entirely self-contained. It always is related to other laws and Acts, either expressly or by implication.

I would now enumerate the particular difficulties which will arise from the omission of this clause, so far as the present Act is concerned. Section 7 of the Prisons Act gives power to the Inspector-General of Prisons to transfer in an emergency, owing to overcrowding, epidemic diseases and causes like that, prisoners from one existing jail to a temporary jail. Without this power in the case of a Borstal School, the Inspector-General of Prisons would be greatly handicapped in case of a serious outbreak of epidemic disease.

Then Chapter X enables the Superintendent of a jail to prosecute warders and other persons who introduce prohibited articles in and out of a jail, or communicate with a prisoner contrary to rule. It is necessary that the Superintendent of a Borstal School should have this power, otherwise serious abuses would be likely to arise. No rules under the Borstal Act could give powers similar to those conferred by Chapter X of the Prisons Act; and the same arguments apply to section 54, which gives power to prosecute jail officials for neglect of duty. Everyone will admit that if there is neglect of duty, it should be proceeded against, and this is the section under which we take action. Section 55 is a most important section. It lays down that a prisoner in transit to or from prison, or working outside, under the lawful custody or control of a prison officer, shall be deemed to be in prison. But for this section, the legal position in case of the escape of a Borstal inmate, while actually outside the walls of a school, would not be clear. It is very necessary that Borstal inmates should be in strict legal custody

at all times and that the legal powers of their custodians for preventing their escape from custody should be similar to the existing powers in case of ordinary convicts.

Now let us take the Prisoners Act. Part IV of this Act lays down what sentences, orders or warrants of Court are to be given effect to outside the Presidency towns, and what is to be done in case of doubt about the legality of a warrant. Part VI gives power to the Governor-General in Council to remove prisoners from one province to another, and to the local Government gives power to deal with lunatic prisoners. Part IX lays down the manner of securing the attendance in Court of persons confined in a prison.

The Prisoners Act, by sections 14, 28 and 34, makes Parts IV, VI and IX of that Act applicable to Reformatory Schools; and if by the deletion of clause 4 of the present Bill, they are not made applicable to Borstal Schools, there will be difficulties about the legality of warrants, about the transfer of a Borstal inmate to a province in which his home or friends may be, about the sending of Borstal inmates to and from Court, and about the service on them of processes of a Court.

So much for the usefulness of clause 4. I may now mention the uses to which it is not intended to apply clause 4. I must make it perfectly clear that it is not the intention of Government to use this provision, if inserted, so as to inflict all the rigours of jail life on Borstal inmates. Everyone will admit that a Borstal School is half a prison and half a school. It aims at the prevention of crime by the committing of adolescent offenders to custody, not with the object of punishing them for their crimes, but with the object of bringing reformatory influences to bear upon them.

I have nothing further to add, and I would ask the House to allow my motion to be carried.

[At 5-30 P.M. the Council was adjourned, and it re-assembled at 5-45 P.M.]

5-45 P.M.

Babu BÉBOY KRISHNA BOSE: I beg to move that in clause 3A of the Bill—

- (a) the words "subject to the provisions of this Act" be omitted;
- (b) after the figures "1900," the words "in so far as they are not inconsistent with the scheme and objects of this Act" be inserted; and
- (c) the words "as if it were a prison and an inmate thereof a prisoner" be omitted.

It was only a few months ago that in the original Bill there appeared section 4 which is now section 3A, as proposed to be included

in this Bill. The Council will remember that at that time, on the motion of my friend Babu Jogindra Chandra Chakravarti, this very clause was omitted. It seems to me a matter of regret that His Excellency has been advised to send back the Bill for the inclusion of this section which was rejected by the Council. The reasons given then, and referred to by the Hon'ble Member in charge which he has repeated to-day, were that unless that section was included in this Bill there would be "serious administrative difficulties." The second ground given then, in August last, by the Hon'ble Member in charge, was that there was a "legal aspect" which we ought not to forget, namely, that there were many things in the Prisons Act and the Prisoners Act which ought to apply to this Bill. These were the two reasons, but he did not give any details. This he has tried to do to-day, perhaps after reading the sections of the Prisons Act and the Prisoners Act.

What I beg to move with reference to the first portion of this section is that the words "subject to the provisions of this Act" as it stands now in clause 3A be omitted. It seems to me that there is some mistake in drafting. Of course, I am a humble lawyer, but I have consulted many eminent lawyers, who think that an Act of the Bengal Council shall govern an Act of the Governor-General's Council is a thing which is hardly conceivable. Subject to the provisions of this Act as it runs now, the provisions of the Governor-General's Acts—the Prisons Act and the Prisoners Act—should apply to this Act, that is, under certain modifications, to be made to fit in with the scope of the Act of this Council. The same thing in a better form and in better drafting is to be found in my amendment, namely, that the Prisons Act, 1894, and the Prisoners Act, 1900, "in so far as they are not inconsistent with the scheme and objects of this Act" shall apply to the Borstal Schools established under this Act. I think it is better drafting, but I do not know what the Legislative Department will say. Of course, the Legislative Department will think that they are right, but it is ordinary common sense that the Act of a minor Council, namely, a Governor's Council, cannot govern the Acts of a major Council, namely, the Governor-General's Council, and I think that a better drafting would be as I have suggested.

Then I further move that in the last clause the words "as if it were a prison and the inmate thereof a prisoner" be omitted. I do not remember who it was that said (I read it long ago) that if you increased the number of schools, your prisons would disappear, and there would be no necessity for prisons. Under this Act, what are you going to do? You are going to make an inmate of a Borstal School a prisoner and a Borstal School itself a prison. If you look to section 14 of the Bill as it was passed in August, you will find that there is a distinction between a prison and a school in it. Section 14 (marginal note) allows the transfer of incorrigible adolescent offenders from Borstal Schools to

prisons; so you make a distinction between a school and a prison. But by this new section you are going to convert a school into a prison, as if your Borstal School were a prison and the inmates thereof prisoners. What are the grounds on which the Hon'ble Member in charge is trying to foist upon this Bill the provisions of the Prisons Act and the Prisoners Act, and to ask us to consider the school as a prison and the inmates and adolescent offenders as prisoners?

The Hon'ble Member has taken us, chapter by chapter, through the Prisons Act and the Prisoners Act. I read these two Acts a long time ago and have read again carefully during the last two days. If you look to the Prisoners Act, you will find that excepting the last part—Part IX—no other part of that Act can be made to apply to a Borstal School. Part I is only introductory. Part II refers to officers of prisons who detain persons committed to custody. Do you require this part to be applicable to this Bill? Section 7 of the present Bill says that every adolescent offender directed by a Court to be sent to a Borstal School shall be forthwith sent to the place of intermediate custody prescribed in this behalf in respect of such Court. Then the Inspector-General of Prisons shall take immediate steps for the transfer of the adolescent offender from the place of intermediate custody to a prison. Therefore, this section is self-contained and so far as Part II of the Prisoners Act is concerned that provision is already in this Bill. Part III refers to Presidency Magistrates sending people to jail who fail to give security. Under section 7 of the Bill, Presidency Magistrates can do that as well. Part IV refers to officers outside Presidency towns in charge of prisons to give effect to sentences of Courts. If you look to section 7, to which I have already drawn your attention, you will find that it refers to Courts sending adolescent offenders to Borstal Schools. Under section 9 also, the Inspector-General of Prisons has got the power to send an adolescent offender already undergoing imprisonment in jail to a Borstal School, if he thinks him to be a proper person to be detained there. So it gives more power to the Inspector-General of Prisons than is given to a Court under the Prisoners Act. While under Part IV of the Prisoners Act the Magistrate can only send people to jail, under section 9 of the Borstal Bill the Inspector-General of Prisons can send an adolescent offender undergoing imprisonment to a Borstal School. So it gives more power to the Inspector-General. Therefore, Part IV is not necessary for the purposes of this Bill. Part V also has no application, because it deals with persons under sentence of penal servitude. Part VI refers to removal of prisoners from one jail to another. The Hon'ble Member has referred to section 29 of the Prisoners Act where power is given of transferring a prisoner from one prison to another. But under sections 9 and 10 of the Bill, Inspector-General of Prisons has got the power of transferring an adolescent offender from a prison to a Borstal School and from one Borstal School

to another. Therefore, Part VI of the Prisoners Act need not be referred to to govern the Borstal School Bill. Part VII has no application, because it refers to places where persons under sentence of transportation should be kept confined. Part VIII has no application, as it refers to release of prisoners recommended for pardon. If you look to section 11 of the Borstal Schools Bill, you will find that the Inspector-General of Prisons, on the recommendation of the Visiting Committee, can grant a license for the release of an adolescent offender from a Borstal School. It comes to the same thing; therefore, we do not require the invocation of Part VIII of the Prisoners Act, as section 11 is analogous. The Hon'ble Member has referred to Part IX of the Prisoners Act, which provides for the attendance of prisoners to give evidence in Courts and commissions for the examination of prisoners, and service of processes. I am referring to sections 34 to 48 of the Prisoners Act. Under section 15 of the Borstal School Bill, Government can always make rules, and it seems to me therefore that the only part of the Prisoners Act, namely Part IX, which refers to the examination in Courts as witnesses of adolescent offenders, need not be made an excuse for making this Bill be governed by the Prisoners Act when by making some rules the same object may be obtained. Under section 15 of the Bill you can always make rules, and Part IX of the Prisoners Act may be incorporated by rules, and it is not necessary to refer to the Prisoners Act at all.

The Hon'ble Member has taken you through certain sections of the Prisons Act, but I should like to take you through the whole Act itself. The Prisons Act, Chapter II, refers to the accommodation where prisoners ought to be kept. For every prison there shall be a Superintendent, Medical Officers, etc. But for a Borstal School the officers may not be called by awful names, but they may be called, Head-masters, Superintendents, Industrial and Moral Instructors, etc. It is not a good policy for a Borstal School to have as Superintendent a Jailor or Assistant Jailor. When we visited the Sarda Police Training School lately, we found that there the Police officers were called as Principal, Law Officer, Chief Instructor, etc., and these officers are called not by their Police denominations. So Chapter II of the Prisons Act need not be invoked at all. Chapter III refers to the duties of officers of prisons, Superintendent, Jailor, Deputy and Assistant Jailor and so forth. So it has no application to this Bill. Chapter IV refers to prisoners who should be searched, when admitted, medically examined, and things removed from their persons. An adolescent offender when he goes to a jail may be examined by your doctors, so why should you invoke the Prisons Act for this purpose? Chapter V deals with the discipline of criminal prisoners who are made to live in associations, or in cells, or in solitary confinement. Do you want that adolescent offenders should be treated as criminals, that they should be kept in cells, in chains and irons, and that they should be kept in associations?

It is against the spirit of the Borstal Bill by which moral and industrial training are to be given to an adolescent offender. If that be the real object of the application of Chapter V to this Bill, I would sound a note of warning. Chapter VI deals with the food and clothing of civil and unconvicted criminal prisoners and, therefore, has no application. Chapter VII has no application, because it refers to the employment of prisoners, that they should not labour more than nine hours a day, etc. I am sure that in industrial training you do not want them to labour more than nine hours a day. Chapter VIII has no application also, as it refers to treatment of people who fall sick. That is only a humane treatment which I am sure Government will mete out to anyone, whether he is convicted or not, but who is in the custody of any officer of Government. Chapter IX refers to visits of outsiders to civil or unconvicted criminal prisoners. Therefore, it has no application. Reference has been made to Chapter X which relates to prison offences, such as the introduction of articles from outside into jails, as also of prohibited articles. The prohibited articles are mentioned in rule 60 framed by Government under the Act. If you can make rules for the purpose and describe what are prohibited articles, surely, under the Borstal Bill you can prohibit articles being brought inside the Borstal School. What is the good of referring to the whole Act? Chapter XII (section 55) deals with extra-mural custody, control and employment of prisoners. If they go outside jails, they are considered as prisoners. Surely, by rules you can make the inmates of the Borstal School, who for any purpose remain outside the precincts of the school, as still in custody. I have taken the House chapter by chapter through these two Acts, and I find that there is no provision in these Acts which requires to be used for the purpose of working the Borstal School. On the other hand, there are distinct disadvantages which may upset the spirit and purpose of the Bill. All that you require is to make certain rules, and you can make those rules under section 15 of the Borstal Schools Bill, which empowers the local Government to make rules for carrying out the purposes of the Bill. Therefore, the words "as if it were a prison and the inmate thereof a prisoner" ought to be omitted. It is not on sentimental grounds on which I am urging it. The Hon'ble Member has said that Babu Jogindra Chandra Chakravarti moved it in last August on sentimental grounds, but the grounds which I have urged to-day are not sentimental; they are good grounds and real and substantial. I would like the House to see that the operation of this good Act is not frustrated by the introduction of this section by which you allow a Superintendent, a Jailor, an Assistant Jailor to take action under the Prisons Act, which would be detrimental to the interests of the adolescent offenders. I have come across Colonel Hamilton, the Inspector-General, who I think is a very good officer and humane too; but things are often done without consulting the chief or the superiors, and mistakes are often committed in his name,

as mistakes are often made by the police to-day, when things are left in the hands of subordinate officers. Do not allow the Jailors and Assistant Jailors to take action under the Prisons Act against adolescent offenders. Make rules as elaborate as you can, as stringent as you can. Leave the adolescent offenders in the hands of the Visiting Committees, who can make the rules as stringent as possible, but pray do not allow Government to bring in the Prisons and the Prisoners Acts for the purpose of dealing with adolescent offenders whose conduct you are going to rectify in your Borstal Schools by means of moral and industrial training.

Mr. F. E. JAMES: I have listened to the argument of Babu Bejoy Krishna Bose with very great care, for I recognize that he is one of those few members of this House who are particularly interested in the development of the Borstal School, and therefore on that account I desire to make to him and to this House a suggestion which perhaps will meet his difficulties and at the same time ensure the rapid passage into law of this Bill so as to enable the work of the Borstal School to commence. Sir, the Borstal Act as it stands is far from perfect, and nobody in this House can congratulate the Hon'ble Maharaja Bahadur on having produced a perfect Bill. There are many defects evident in it even to-day, and many more defects will be disclosed after we have had experience of the work of this new institution.

Now it appears that several important principles in regard to the administration of the Borstal institution which is under the Prisons or Jails Department have been omitted from the Bill as it stands, and the Maharaja Bahadur's suggestion is that those principles should be applied to the Bill through the application of the Prisons Act, 1894, and Prisoners' Act, 1900. It does not follow, however, that all the chapters in those two Acts will be used in the administration of the Borstal institution. Those who know the present Inspector-General of Prisons, those who know that he is likely to be advised in the matter by members of the public who are interested in the training of boys in the Borstal institution, will realize that help will be given in the application of both these Acts through the Borstal Schools Act. It is true that a Borstal institution is not a prison in the ordinary sense of the word, but a training school for those who are convicted under the Act for criminal tendencies; but Babu Bejoy Krishna Bose must remember that even in England Borstal institutions are technically known as prisons, and the inmates thereof are known as prisoners. My suggestion to him is that, in order to get the Borstal Act through and the Borstal institution working, he should allow the passage through the Council of this clause relating to the application to the Act of the provisions of the Prisons Act and the Prisoners Act. We can test, through the experience of its working in Bengal, the position of the Borstal institution in relation to the conditions of the country and then,

perhaps, after some experience of it we can amend the Borstal Act itself, in order to bring it into line with the conditions of the country and to incorporate the latest principles of Borstal School administration. My feeling is that if you reject the motion now, we should be left without a Borstal Bill, and the only result will be either for the Bill to be referred back again for entire redrafting or to be allowed to go by default for some considerable time. I, therefore, appeal to Babu Bejoy Krishna Bose's keenness to get this work started, and I hope that he will accept my suggestion that all the technical details into which he has gone with so much ability this afternoon be left out for the time being, and that he will allow these new clauses to be added to the Bill. After a short time, when we have had experience of the working of the Bill and of the actual institution itself, then we can get together and amend the Act if necessary, or at any rate so modify the application of the two Acts that have been mentioned, as to give the fullest possible opportunity for the development of the principles of industrial training and education to the inmates of the Borstal institution.

6-15 P.M.

I hope, Sir, that he will allow this clause to be added to the Bill, and after a short time when we have had experience of the working of the Act and of the institution itself, then it will be time perhaps to amend the Act, or, at any rate, to modify the application of the other two Acts, so as to afford the fullest opportunity for the development of the principles of training and education which are to be imparted to these prisoners.

Babu JITENDRALAL BANNERJEE: In supporting, very briefly, the amendment of Babu Bejoy Krishna Bose, I should like to make it perfectly clear that we are not opposed to the Borstal Schools Bill. We all want that the Bill should be passed into law; and to me specially, it is a matter of regret that there has been so much delay in bringing the Act into operation. I cannot help thinking that this has been due to the red-tapism of Government officers and the meticulous overzeal of some learned Pundit of the Legislative Department. It seems to me that the Bill has been sent back under a misapprehension, and I regret to have to observe that the Hon'ble Member in charge is labouring under a sense of imaginary difficulties. The difficulties that he apprehends are three-fold—administrative, legal, and partly relating to the internal control and discipline of Borstal Schools. So far as the legal difficulties are concerned, the Bill empowers the Inspector-General of Prisons and certain Magistrates to send adolescent offenders to Borstal Schools, and consequently there will be no difficulty on the score of illegal detention, such as the Hon'ble Member apprehends. So far as the administrative difficulties are concerned, they—all of them—can be

cured by the rule-making power that has been given by section 15 of the Act. But the difficulty is more serious as regards internal discipline. No doubt, here also the rule-making power can do much. But there are certain difficulties for which the rule-making power cannot provide. It is apt to be forgotten that the Borstal School is not entirely an educational institution. As the Hon'ble Maharaja Bahadur has pointed out, it is partly a school and partly a jail. It is not a school where you send ordinary students; it is an institution where you send convicted offenders; and it may become necessary to impose upon them punishments which an ordinary school or institution cannot inflict by way of school discipline. In so far as punishments by way of school discipline are concerned, the power to inflict them may be given by the rule-making section. But suppose where more serious forms of punishment are necessary, such as the imposition of hand-cuffs, fetters, or gunny clothing, there the provisions of the Prisons Act must be requisitioned. I have throughout been of opinion, therefore, that some of the provisions of the Prisons Act should be made applicable to the Borstal School. But, as I understand, the amendment of Babu Bejoy Krishna Bose, it does not militate against that idea. Babu Bejoy Krishna Bose also agrees that the provisions of the Prisons Act should be applied to Borstal Schools. He only says that those provisions should not be inconsistent with the scheme and provisions of the Borstal Schools Bill, and I think that this is a most necessary safeguard. It is not entirely a question of drafting: the difficulty is a very real one; but, even in point of drafting, the wording of Babu Bejoy Krishna Bose's amendment is much superior to the drafting of the Legislative Department. As the Hon'ble Member has said, the Prisons Act of 1894 is the fundamental Act relating to prisoners, and the Borstal Schools Bill is a subsidiary Act which deals with only a section of the prison-going population. It cannot be contended that the subsidiary Act should govern the provisions of the fundamental Act. Rather, it stands to reason and law that the provisions of the fundamental Act should govern the provisions of the subsidiary Act. Therefore, I think the drafting of the Legislative Department is defective and the drafting of Babu Bejoy Krishna Bose's amendment is much superior. What he says is that the provisions of the Prisons Act should apply to the inmates of Borstal institutions when they are not inconsistent with the provisions of the Borstal Schools Act. That is exactly what the Hon'ble Member wants, and I should, therefore, ask him to accept the amendment.

There is another part of the amendment which receives my unqualified support, viz., as regards the omission of the words "as if the school were a prison and the inmates thereof prisoners." One great point about prison reform is that you must awaken the self-respect of the prisoners; and you cannot awaken their self-respect if you make them

feel at every step that they are prisoners, moral lepers, that they should be segregated from the ordinary population, and so forth. You must make them forget that they are prisoners; and how can they forget it if you insist upon treating them as prisoners even in your Borstal Act? Prison reform is lagging behind in this country, because of the apathy and indifference of the public, and that apathy and indifference is to a certain extent due to the fact that the Government does not take the public into their confidence. And if you persist in that policy even in your Borstal Act, which is a very necessary measure of reform, then the Act is bound to be infructuous, in spite of all your pious wishes and intentions. To orate public sympathy and confidence is the essential condition of success for such a measure as this, and the Government should take the first step towards it by accepting the very reasonable, moderate, and proper amendment that has been brought forward by Babu Bejoy Krishna Bose.

The Hon'ble Maharaja KSHAUNISH CHANDRA RAY Bahadur, of Nadia: It appears to be as a little bit curious as to why Babu Bejoy Krishna Bose, who very nearly dissected every section of the Act at the very first stage, did not consider this clause worth his while to examine. He, perhaps, thought that this clause was alright and he, therefore, did not raise his little finger at that time. It is also curious that my other friend, Babu Jogindra Chandra Chakravarti, who had disapproved of the section at the last session, by his silence, now approves of the section. Let us assume it so for the moment until the contrary is proved. Then, my friend, Professor Banerjee, did not raise any discussion on this before. I admit that no Act can be perfect, and I endorse whatever Mr. James has said, namely, "give this Act a trial and see how it works."

In the first place, in sub-clause (a), my friend wants that the words "subject to the provisions of this Act" be omitted in so far as they are inconsistent with the schemes and objects of this Act. Now, what are the schemes? I do not remember to have come across such a phrase in any Act. My knowledge of law is very, very limited, and I stand to correction, but I do not think that it is a legal phrase; and it is the Legislative Department whose advice we generally seek in the matter of drafting. So far as the drafting is concerned, we have got to follow the precedent of the Madras and the Punjab Acts. Madras is the pioneer so far as the Borstal School is concerned, and they have already introduced this very section, and we have taken it from the Madras and the Punjab Acts; and until the contrary is proved, we must assume that it is working satisfactorily there. If, however, it is ultimately found that it is not working well in Bengal, any member of the Legislative Council may try to get the law amended.

Then, Sir, with regard to the last clause, my friend says that the words "as if it were a prison and the inmate thereof a prisoner"

be omitted. Sir, English is not my mother tongue, nor my friend's, but as we read it, I think if he puts the proper interpretation to the words "as if," it would clearly be seen that they are not really to be treated as prisoners.

I have nothing further to add, and I press that this motion be carried.

The motion that in clause 3A of the Bill (a) the words "subject to the provisions of this Act" be omitted, (b) after the figures "1900," the words "in so far as they are not inconsistent with the scheme and objects of this Act" be inserted, and (c) the words "as if it were a prison and an inmate thereof a prisoner" be omitted was then put and a division taken with the following result:--

The following motion was then put and agreed to:—

“That after clause 3 of the Bengal Borstal Schools Bill, as passed in Council on the 24th August, 1927, the following clause be inserted, namely:—

Application of the Prisons Act, 1894, and the Prisoners Act, 1900.

“3A. Subject to the provisions of this Act, the provisions of the Prisons Act, 1894, and the Prisoners Act, 1900, shall apply to a Borstal School established under this Act as if it were a prison and an inmate thereof a prisoner.”

The Hon'ble Maharaja KSHAUNISH CHANDRA RAY Bahadur, of Nadia : I beg to move that the Bill, as now further amended, be passed.

The motion was put and agreed to.

NON-OFFICIAL BUSINESS.

Non-official Members' Bills.

The Calcutta University Bill, 1927.

Dr. PRAMATHANATH BANERJEA: Sir, I beg to move for leave to introduce a Bill to amend the law relating to the University of Calcutta. Unless any objection is taken, I do not think I need make any speech at this stage.

The motion was put and agreed to.

The Secretary then read the short title of the Bill.

Dr. PRAMATHANATH BANERJEA: Sir I beg to move that the said Bill be referred to a Select Committee consisting of the Hon'ble Nawab Musharruf Hossain, Khan Bahadur, Hon'ble Sir Provash Chunder Mitter, Kt., C.I.E., Mr. J. H. Lindsay, Mr. E. F. Oaten, Dr. Sir Deva Prosad Sarbadhikari, Kt., C.I.E., C.B.E., Mr. S. C. Bose, Dr. Bidhan Chandra Roy, Sir Abd-ur-Rahim, K.C.S.I., Rai Harendranath Chaudhuri, Babu Jitendralal Bannerjee, Mr. W. C. Wordsworth, Babu Bejoy Krishna Bose, Babu Manmatha Nath Roy, Babu Akhil Chandra Datta, Kazi Emdadul Hoque and myself, with instructions to submit report on or before the 31st January, 1928, and that the number of members whose presence shall be necessary to constitute a quorum shall be seven.

Mr. P. N. GUHA : On a point of order, Sir. Is there a quorum?

[On a count being taken, it was found that the requisite number of 25 was present.]

Dr. PRAMATHANATH BANERJEA : Sir, the Calcutta University was established by an Act of the Governor-General's Council in 1857, in accordance with the principles laid down in the despatch of 1854, with which is associated the name of Sir Charles Wood. For nearly 50 years, this Act was in operation, and considerable progress was made in the spread of higher education under the provisions of this Act. This Act provided for the appointment and the election of Fellows of the Calcutta University for life, and it was felt early in the present century that the educational progress of the country was achieved in a manner which was not desirable in the interest of the country. Lord Curzon, therefore, appointed a commission in 1902, which reported before the end of that year. The recommendations of this commission were of a very reactionary character, but the admirable note of dissent....

Mr. D. J. COHEN: On a point of order, Sir. Is there a quorum?

[On a count being taken, it was found that the requisite number was not present.]

Adjournment.

There being no quorum present, the Council was adjourned at 6-40 P.M., till 3 P.M. on Wednesday, the 14th December, 1927, at the Town Hall, Calcutta.

Proceedings of the Bengal Legislative Council assembled under the provisions of the Government of India Act.

THE Council met in the Council Chamber in the Town Hall, Calcutta, on Wednesday, the 14th December, 1927, at 3 p.m.

Present:

The Hon'ble the President (RAJA MANMATHA NATH RAY CHAUDHURI, of Santosh) in the Chair, the four Hon'ble Members of the Executive Council, the two Hon'ble Ministers and 123 nominated and elected members.

Oath or Affirmation.

The following member made an affirmation of his allegiance to the Crown:—

Mr. A. K. Fazl-ul-Huq.

Point of order.

Babu JITENDRALAL BANNERJEE: On a point of order, Mr. President, may I draw your attention to section 35 of the Rules and Standing Orders of the Bengal Legislative Council. In that section it is provided that if a supplementary question has been asked the Hon'ble Member or Minister concerned, if he is not prepared to give an answer immediately, may ask for notice of that question, and this supplementary question should then be treated as a fresh question to be answered at a subsequent meeting of the Council. Has your attention been drawn to this rule? Are you aware that supplementary questions have never been answered?

Mr. PRESIDENT: Can you give me an instance?

Babu JITENDRALAL BANNERJEE: At the last July session there were at least one hundred supplementary questions put; notice was asked of these questions. They ought to have been answered, but up till now no answers have been given.

Mr. PRESIDENT: Was the Secretary formally asked to carry over those questions to the next session to be answered?

Babu JITENDRALAL BANNERJEE: That is not necessary. I shall read out the section to you:

“The Member of the Government to whom a supplementary question is put may, if he is not prepared to give an answer immediately,

ask for notice of the question, in which case the supplementary question shall be treated as a fresh question to be answered at a subsequent meeting of the Council."

In the note it is provided that "no further notice is necessary," and the supplementary question itself is a sufficient notice.

Mr. PRESIDENT: Do you not agree with me when I say that this subsequent meeting at which these questions should be answered must be in the same session? If they are to be answered in the next session, fresh notice has got to be given by members concerned.

Babu JITENDRALAL BANNERJEE: The Rules and Standing Orders do not provide for a notice. You ought to go by the language of the section.

Mr. PRESIDENT: There was no subsequent meeting in that session. You do not seem to realise that.

Babu JITENDRALAL BANNERJEE: If certain questions cannot be answered at a particular session of the Council, they can be carried over to the next session.

Mr. PRESIDENT: I will inquire and find out what has been the practice hitherto, but I am afraid that the construction sought to be put on Rule 35 by you is far-fetched.

Mr. S. C. BOSE: Rule 35 does not contain the words "subsequent meeting of the same session of the Council." The words are "at a subsequent meeting of the Council."

Mr. PRESIDENT: I quite understand your point, Mr. Bose, but it means a subsequent meeting of the same session.

Babu JITENDRALAL BANNERJEE: May I call your attention to the note appended to the section. That note describes the method to be followed, and the direction contained in the note has been violated by the office of the Legislative Department. The note says:—

"When a supplementary question is asked at any meeting, and the Member in charge declines to answer it without notice, the official reporter shall, after the meeting, read out his record to the member who asked the question, and shall make any necessary corrections in it.

"The said record shall then be taken as notice of the supplementary question, and the question shall be dealt with as provided by the Rules and Standing Orders, and, if not disallowed, shall be answered at a subsequent meeting of the Council."

There is any number of "shalls."

Mr. PRESIDENT: Mr. Bannerjee, I think you know very well that these notes are not rules. They are simply a record of the practice to be followed.

Maulvi ABUL KASEM: There will be no more meetings of the Legislative Council this session after to-day. Are we to understand that all supplementary questions put to-day, of which notice will be asked for, will not be answered at all?

Mr. PRESIDENT: I have already explained that you have to write to the Secretary telling him that you want these questions to be carried over and answered during the next session.

Maulvi ABUL KASEM: What about the questions asked yesterday? Will the answers be given to-day?

Mr. PRESIDENT: Yes, all undisposed of questions ought to be taken up to-day.

Rai HARENDRANATH CHAUDHURI: The rule states that all the supplementary questions shall be answered at the next meeting. All the supplementary questions put last evening will have to be answered to-day.

Mr. PRESIDENT: What I mean is this: it will be perfectly right to put those questions to-day, but you need not be surprised if longer notice is asked for. I do not know if Hon'ble Members concerned have come prepared to answer them; if they are ready, I have no objection.

Rai HARENDRANATH CHAUDHURI: Notice has already been given by putting the supplementary questions, therefore the answers are overdue. The questions themselves are notices.

Mr. PRESIDENT: I think the best course to adopt is for you to point out what questions you want to be answered to-day.

[Voices: All, all.]

Rai HARENDRANATH CHAUDHURI: All, every supplementary question put yesterday.

Mr. PRESIDENT: The questions should be put one by one. In the meantime I should like to know if the other side has got to say anything in the matter.

MEMBER in charge of LEGISLATIVE DEPARTMENT (the Hon'ble Maharaja Kshaunish Chandra Ray Bahadur, of Nadia): I think some misapprehension exists in this matter. I would inform the

members that Government are always willing and prepared to supply any information asked for, as far as possible, but I think everyone will agree that in respect of some supplementary questions asked at the fag-end of yesterday, it is not possible for the Government to answer them offhand. Unless Government goes into the details and discusses them in the department, it is not possible to answer them to-day. If fresh notice is given.....

Mr. S. C. BOSE: On a point of order, Sir, the rule is obligatory. No such words as the Hon'ble Member seeks to import into the rule, are there. The rule is "the supplementary question shall be treated as a fresh question to be answered at a subsequent meeting of the Council," which is to-day.

Mr. A. K. FAZL-UL-HUQ: Will the Hon'ble Members, make a frank confession that notice is asked when they want to shelve a question and not to reply.

Mr. PRESIDENT: Order, Order.

The Hon'ble Maharaja KSHAUNISH CHANDRA RAY Bahadur, of Nadia: The rule says: "When a supplementary question is asked at any meeting and the Member in charge declines to answer it without notice, the official reporter shall, after the meeting, read out his record to the member who asks the question, and shall make any necessary corrections in it." I do not think the official reporter has done that yet so far as yesterday's supplementary questions are concerned.

Dr. BIDHAN CHANDRA ROY: You have just now given your ruling, Sir, that the foot-note of section 35 does not form part of the rule. Why should the Member allude to it?

Mr. PRESIDENT: My ruling is that if a supplementary question has been rightly and properly carried over for to-day's meeting, it has got to be answered. But there can be no harm if I am asked to examine and find out whether a question has been rightly carried over or not.

Rai HARENDRANATH CHAUDHURI: Whose duty is it to carry those questions over? The note says that it is the duty of the official reporter to read out his record to the member who asks the question and make any necessary corrections in it. This is mandatory. It is their duty and not ours. The note further says that "the said record shall then be taken as notice of the supplementary question, and the question shall be dealt with as provided by the Rules and Standing Orders, and if not disallowed, shall be answered at a subsequent meeting of the Council." All these things are mandatory. It is

a duty imposed upon the official reporters and on the Hon'ble Members and Ministers to answer the questions.

Mr. PRESIDENT: I think you are right, but at the same time I must say that the obligation must be mutual. If, for instance, the official reporter wants to have the report of a particular question corrected by the member concerned and he does not find him in the House, it may be impossible to carry over the question to the next meeting. I think it is implied that the member concerned should also see that the supplementary question which he had put but was not answered is properly recorded and carried over. He can then, as a matter of right, insist upon it being answered the next day.

Babu JITENDRALAL BANNERJEE: Notwithstanding your very ingenuous interpretation.....

Mr. PRESIDENT: Order, Order. What do you mean, Mr. Bannerjee?

Babu JITENDRALAL BANNERJEE: I mean it to be a compliment to you, Sir.

Mr. PRESIDENT: That's all right, go on.

Babu JITENDRALAL BANNERJEE: Notwithstanding your interpretation of the rule, the note expressly discharges any duty on our part. It says that the official reporter shall do it. In any case, if the official reporter does not find the member there, he can ascertain his address and communicate with him. The duty is expressly on him.

Mr. PRESIDENT: Instead of prolonging this matter and wasting time, I think the best course open to me is to make a thorough inquiry into the matter and see that in future the duty is not neglected by parties concerned.

Mr. D. N. ROY: Can the practice override the peremptory order of that section?

Mr. PRESIDENT: That question does not arise.

Mr. S. C. BOSE: I respectfully protest from this side of the House against the use of the expression "wasting time." It is not a waste of time when an important point of procedure is being discussed.

Mr. PRESIDENT: May I explain what I actually meant. I did not mean my time alone, but your time as well.

Panel of Chairmen.

Mr. PRESIDENT: I have appointed Mr. M. Ashraf Ali Khan Chaudhuri as one of the Chairmen in the panel.

Starred Questions**(to which oral answers were given.)****Platforms on the stations of the Bandel-Berharwa line.**

***46. Babu KHAGENDRA NATH GANGULY:** (a) Is the Hon'ble Member in charge of the Department of Public Works (Railways) aware that the platforms on the stations of the Bandel-Berharwa line are very low, and almost level with the ground?

(b) Has the Hon'ble Member's attention been drawn to the inconvenience caused to passengers, especially females, in boarding and getting down from the trains at those stations?

(c) Are the Government considering the desirability of drawing the attention of the railway authorities to this matter?

MEMBER in charge of the DEPARTMENT of PUBLIC WORKS (RAILWAYS) (the Hon'ble Mr. A. Marr): (a), (b) and (c) This is a subject which may suitably be referred to the Railway Advisory Committee.

Babu KHAGENDRA NATH GANGULY: Does the Hon'ble Member consider that these questions are too insignificant to engage the attention of the Government?

The Hon'ble Mr. A. MARR: They are not too insignificant. These are subjects which the Advisory Committee was appointed for.

Babu KHAGENDRA NATH GANGULY: Does the Hon'ble Member think it necessary to refer the matter to the Advisory Committee direct?

The Hon'ble Mr. A. MARR: No, I leave it to the member.

Srijut NAGENDRA NATH SEN: Does the Hon'ble Member think that Government has no responsibility in this matter?

The Hon'ble Mr. A. MARR: No, the Railway Advisory Committee have been appointed to deal with such matters.

Srijut NAGENDRA NATH SEN: Have Government no control over the Advisory Committee?

The Hon'ble Mr. A. MARR: That is a matter of opinion.

Mr. S. C. BOSE: Is that a matter of opinion, or is it a fact?

Mr. PRESIDENT: If you say that it is a matter of opinion, will you give me your reasons?

The Hon'ble Mr. A. MARR: Railways are under the Government of India; it is not a local question, it is a question for the Central Legislature.

Mr. PRESIDENT: That is a different matter, Mr. Marr.

Mr. S. C. BOSE: Is not the Hon'ble Member bound to answer the question put to him as to whether the Government of Bengal have no control over the Advisory Committee?

Mr. PRESIDENT: It is not a matter of opinion; but I agree with him that it is more or less a question for the Central Legislature.

Mr. S. C. BOSE: The Hon'ble Member has not said so.

Mr. D. N. ROY: Can we not ask questions relating to railways within the province of Bengal, although they are under the Government of India?

Mr. PRESIDENT: No. It is not a local subject.

Babu NALINIRANJAN SARKER: Do not the Government of Bengal appoint members to the Advisory Committee?

Mr. PRESIDENT: Yes, they do, but I have already given my ruling that nevertheless it is a Central Subject.

Mr. S. C. BOSE: Is it the duty of the President to answer questions, or that of the Hon'ble Members?

Mr. PRESIDENT: Order, Order. I have already ruled that it is a matter for the Central Legislature.

Rai HARENDRANATH CHAUDHURI: When this question was admitted under section 25 as a matter of provincial concern, how can the Member now say that it is not a matter of provincial concern?

Mr. PRESIDENT: The supplementary question exceeded the limits the main question as it stands in paper. I rule you out of order.

Faridpur-Charmaguria-Barisal and Rajbari to Jessore Railway projects.

***47. Maulvi TAMIZUDDIN KHAN:** (a) Will the Hon'ble Member in charge of the Department of Public Works (Railways) be pleased to state—

- (i) whether any final decision has been arrived at with regard to the proposed railway extensions from Faridpūr to Barisal *via* Charmaguria and from Rajbari to Jessore, and if so, what are the decisions;

- (ii) whether according to the traffic report the proposed line from Faridpur to Barisal will be remunerative as a whole; and
- (iii) whether separate estimates of profits expected from the Faridpur to Madaripur section and the Madaripur to Barisal section have been prepared?

(b) If so, what are they?

(c) If the Faridpur-Barisal line is not to be taken up in the near future, will the Hon'ble Member be pleased to state whether there is any likelihood of the Faridpur railway station being improved by construction of a raised platform and suitable waiting sheds for male and female passengers? If so, when?

The Hon'ble Mr. A. MARR: (a) (i) The Faridpur-Charmaguria-Barisal railway broad-gauge project has been abandoned. It is proposed to have a scheme for a narrow-gauge railway examined during the present cold weather. The Rajbari to Jessore railway project has been abandoned in favour of a line from Kalukhali to Bhatiapara with an extension to Kamarkhali.

(ii) The answer is in the negative.

(iii) Yes.

(b) The information is not available.

(c) It is proposed to shift the station to a site more convenient to the public, so there is no likelihood of raised platforms or suitable waiting sheds being constructed in the present station.

Mr. D. N. ROY: Is not the question to which the Hon'ble Member has just replied a concern of the local Government?

Mr. PRESIDENT: I don't quite follow you?

Mr. D. N. ROY: Is not the question just answered the concern of the local Government?

Mr. PRESIDENT: Why do you ask that question?

Mr. D. N. ROY: If it is a concern of the local Government, and if the Hon'ble Member admits it to be so, then why should not the previous question be answered?

Mr. PRESIDENT: I cannot allow such a question at this stage.
(The Secretary then called out the next question.)

Mr. J. M. SEN GUPTA: When a member is on his feet, is it right for the Secretary to call out the next question? Is it not for you to consider whether this is right and proper according to the rules of this House?

Mr. PRESIDENT: I should be very sorry if I actually asked the Secretary to call out the next question when a member was on his legs, but it is for me and not for Mr. Sen Gupta to say whether I really saw him.

Dr. BIDHAN CHANDRA ROY: It may be that he did not catch your eye, but he caught your ear, because you turned round to him and said that you had passed on to the next question. (Laughter.)

Mr. PRESIDENT: But one with a clear visioip should have noticed that I did so after the next question had been called out.

Mr. SUBHAS CHANDRA BOSE: We on this side of the House do seriously desire to bring to your notice that we find it extremely difficult to catch your eye.

Mr. PRESIDENT: All that I can say is that I shall be more watchful in future if it is humanly possible. (Laughter.)

Status of copyists and typists of courts.

***48. Srijut NACENDRA NATH SEN:** (a) Will the Hon'ble Member in charge of the Judicial Department be pleased to state whether any scheme to improve the status of copyists and typists in the offices of Civil, Criminal and Revenue Courts in this Presidency, by taking them into the permanent lists of salaried officers, is under the consideration of Government?

(b) If so, what is the scheme that is under consideration?

MEMBER in charge of the JUDICIAL DEPARTMENT (the Hon'ble Mr. A. N. Moberly): (a) and (b) No such scheme is under consideration.

Srijut NACENDRA NATH SEN: Is the Hon'ble Member aware that the Governments of the United Provinces and Bihar and Orissa have taken this scheme under consideration, and that they are going to have the typists and copyists in the offices of Civil, Criminal and Revenue Courts in the permanent list of salaried officers?

The Hon'ble Mr. A. N. MOBERLY: No.

Mr. A. K. FAZL-UL HUQ: Was any such scheme ever under the consideration of Government?

The Hon'ble Mr. A. N. MOBERLY: I do not know.

Mr. A. K. FAZL-UL HUQ: Does the Hon'ble Member not know, or is it that he wants notice? I have put the question and I want the information.

Mr. PRESIDENT: It is for the Hon'ble Member to say whether he wants fresh notice or not.

The Hon'ble Mr. A. N. MOBERLY: I submit the question does not arise out of my answer.

Babu AKHIL CHANDRA DATTA: Is it for the Hon'ble Member to decide whether the question arises or not?

Mr. PRESIDENT: I think the Hon'ble Member is perfectly justified in drawing my attention to any question which in his opinion is not in order; but, it is for me to decide whether it is so, or not.

Mr. S. C. BOSE: Does that remark apply to this side of the House?

Mr. A. K. FAZL-UL HUQ: I asked whether such a scheme was ever under consideration. The Hon'ble Member said that this did not arise out of the answer given. That is for you to decide, but before you decided, the Hon'ble Member in answer to my question said that it did not arise. It is not for him to say that, but for him to communicate it to you.

The Hon'ble Mr. A. N. MOBERLY: On a point of personal explanation. I said: "I submit that the question does not arise."

Mr. A. K. FAZL-UL HUQ: It is for you to decide that point, Sir.

Mr. PRESIDENT: I will let you know my decision later on after hearing Mr. Huq more fully. In the meantime we will pass on to the next question.

Deputy Director of Sericulture.

*49. **Mr. S. C. BOSE:** (a) Will the Hon'ble Minister in charge of the Department of Agriculture and Industries be pleased to state—

(i) in whose hands the management of the Bengal Sericultural Department is at present; and

(ii) the name of the officer who was considered unfit for the post of Deputy Director of Agriculture at the 40th Regular Meeting of the Bengal Silk Committee held on the 19th September, 1919?

(b) Will the Hon'ble Minister be pleased to state who was responsible for the confirmation of the said officer in the post of Deputy Director of Sericulture, Bengal?

(c) Will the Hon'ble Minister be pleased to state whether the permanent Director of Agriculture, Bengal, recommended the confirmation of the said officer in the said post of the Deputy Director of Sericulture, Bengal?

MINISTER in charge of DEPARTMENT of AGRICULTURE and INDUSTRIES (the Hon'ble Sir Provash Chunder Mitter):

(a) (i) The Deputy Director of Sericulture is in direct charge of the Sericultural Department, but he is under the general control and supervision of the Director of Agriculture.

(ii) When Mr. P. C. Chaudhuri, the present Deputy Director of Sericulture, applied for the post in 1919 he was interviewed by the Bengal Silk Committee. One member gave his opinion that his training was not of the type necessary for the appointment. The Committee resolved that the appointment should, in the first instance, be held by a European, but no European was subsequently found available.

(b) The Government of Bengal.

(c) The Director of Agriculture, Bengal, was undecided in his opinion.

Mr. S. C. BOSE: Will the Hon'ble Minister be pleased to state if Mr. P. C. Chaudhuri ever had any sericultural training?

The Hon'ble Sir PROVASH CHUNDER MITTER: I am prepared to make inquiries; I am unable to answer the question to-day.

Mr. S. C. BOSE: Will the Hon'ble Minister be pleased to state if the opinion of the one member that the training of Mr. P. C. Chaudhuri was not of the type necessary for the appointment was endorsed by the Bengal Silk Committee?

The Hon'ble Sir PROVASH CHUNDER MITTER: I am unable to answer that to-day, but I shall make inquiries and look into the report again.

Mr. S. C. BOSE: Does the Hon'ble Minister ask for fresh notice?

The Hon'ble Sir PROVASH CHUNDER MITTER: I want to look into the report again before I answer that question, and for that I want notice.

Mr. S. C. BOSE: Will the Hon'ble Minister be pleased to state whether the Director of Agriculture, Bengal, at any time recommended the confirmation of Mr. Chaudhuri?

The Hon'ble Sir PROVASH CHUNDER MITTER: I understand that he did recommend once or twice, but he also wanted further information about him. That is why the Director was undecided.

Mr. S. C. BOSE: Will the Hon'ble Minister be pleased to state whether that recommendation followed his indecision?

The Hon'ble Sir PROVASH CHUNDER MITTER: I am unable to answer the question without looking into the file again.

Mr. S. C. BOSE: Will the Hon'ble Minister be pleased to state if that recommendation was before or after his indecision?

The Hon'ble Sir PROVASH CHUNDER MITTER: I am unable to answer that question to-day.

3-30 P.M.

Mr. PRESIDENT: With regard to started question No. 48 I hold that as it is in the information of a member of this House that a certain scheme was formulated and thrown out I think it is up to him to ask as to whether such a scheme was formulated or not, and I think it is proper for the Hon'ble Member in charge either to answer the question or take time to mounie into the matter and then answer it.

The Hon'ble Mr. A. N. MOBERLY: I do not know.

Dr. BIDHAN CHANDRA ROY: Will the Hon'ble Member make inquiries?

The Hon'ble Mr. A. N. MOBERLY: It looks like a request for action.

Mr. D. N. ROY: Is the Hon'ble Member considering the desirability of inquiring into the matter?

Mr. A. K. FAZL-UL HUQ: Is the final answer that the Hon'ble Member will take time and let us know?
(No answer.)

Water-hyacinth.

***50. Maulvi TAMIZUDDIN KHAN:** Will the Hon'ble Minister in charge of the Department of Agriculture and Industries be pleased to state what steps, if any, the Government intend to take to combat the water-hyacinth menace? If so, when?

The Hon'ble Sir PROVASH CHUNDER MITTER: *The member is referred to the answer given to his starred question No. 49 at the meeting of the Council held on the 17th March, 1927. The position is unchanged.*

Rai HARENDRANATH CHAUDHURI: Will the Hon'ble Minister be pleased to state why the position is unchanged and why no steps were taken since March, 1927?

The Hon'ble Sir PROVASH CHUNDER MITTER: Because no decision could be arrived at in the meantime. Perhaps hon'ble members are aware that a conference was held by my predecessor in office at Dacca on the subject. As a result of further inquiry it appeared that the total cost would be about 5 to 6 crores and Government are carefully considering how to eradicate this pest. If the hon'ble member desires to know the present position, I can read extracts from the file, but it will take a long time. I can assure the House, however, that we are keenly alive to the position but we have not yet been able to come to a decision as to what is the best course.

Rai HARENDRANATH CHAUDHURI: Will the Hon'ble Minister be pleased to state when Government's decision is expected?

The Hon'ble Sir PROVASH CHUNDER MITTER: As early as possible and no moment is being lost.

Rai JADUNATH MAZUMDAR Bahadur: May I know for how many years this hyacinth question is under the consideration of Government and how many years more it will take them to come to a decision?

The Hon'ble Sir PROVASH CHUNDER MITTER: So far as the present individual Member of Government is concerned the question has not been before him for many weeks and he will try his best to come to a decision in the matter as early as possible.

Chandana and Upper Coomar rivers.

***51. Maulvi TAMIZUDDIN KHAN:** (a) Will the Hon'ble Member in charge of the Department of Irrigation be pleased to state whether the Government is aware that the rivers "The Chandana" and "The Upper Cooma" in the district of Faridpur are in a deplorable condition and are the sources of pestilential diseases and decay of agriculture over a considerable area of the district?

(b) If so, what steps, if any, do the Government intend to take to improve the condition of these rivers?

MEMBER in charge of the DEPARTMENT of IRRIGATION (the Hon'ble Nawab Bahadur Saiyid Nawab Ali Chaudhuri, Khan Bahadur, of Dhanbari): (a) Government are aware of the deterioration of these rivers.

(b) Money has been allotted for fixing gauges and making observations. At present sufficient information is not available for drawing up a scheme of improvement.

Babu SURENDRA NATH BISWAS: Has any money been allotted for fixing gauges and making observations in the Upper Coomar?

(The Hon'ble Member's answer was not audible.)

Mr. PRESIDENT: I think the Hon'ble Member asks for fresh notice.

Rai HARENDRANATH CHAUDHURI: The Hon'ble Member has answered the question, but it was not audible to us.

Babu SURENDRA NATH BISWAS: My first question was whether the Government were aware that the rivers "The Chandana" and "The Upper Coomar" in the district of Faridpur...

Mr. PRESIDENT: That is in the paper before us. Why should you read it out?

Babu SURENDRA NATH BISWAS: I was reading it to make my meaning clear. The answer to my question is "that money has been allotted for fixing gauges, etc.," and only to particularise the answer I asked the Hon'ble Member whether money had been allotted for the Upper Coomar. In his first answer he included the Upper Coomar but in reply to my supplementary question he says that he wants fresh notice. That is what I cannot understand.

Mr. PRESIDENT: I cannot help it if the Hon'ble Member asks for fresh notice. Next question, please.

Mr. SUBHAS CHANDRA BOSE: He was on his legs when you said "next question." It is awfully unfair.

Mr. PRESIDENT: Order, Order.

Babu SURENDRA NATH BISWAS: I was catching your eye.

Mr. PRESIDENT: It appears that you all are over anxious to see for me. (Laughter.)

Mr. SUBHAS CHANDRA BOSE: We on this side of the House would like to know what we ought to do in order to catch your eye. We find from experience that it is impossible for us to catch your eye.

We would like you to tell us frankly what we ought to do to catch your eye and unless you do that it is impossible for us to find an opportunity of asking questions.

Mr. PRESIDENT: I can only say that I will try to get more powerful glasses in future. (Laughter.)

Silting up of the river Baral in the districts of Rajshahi and Pabna.

***52. Srijut JOGENDRA NATH MOITRA:** (a) With reference to the reply given on the 25th August last to unstarred question No. 97, will the Hon'ble Member in charge of the Department of Irrigation be pleased to state whether any joint inquiry by the Directors of Agriculture and Industries have been made in connection with the silting up of the river Baral in the districts of Pabna and Rajshahi?

(b) If so, will the Hon'ble Member be pleased to lay on the table a copy of their joint report?

(c) Is the Hon'ble Member aware that many a village and trading centre once flourishing have been seriously affected both in respect of healthy and material progress by the silting up of the river Baral and the agricultural condition of a vast area has also been impaired to a great extent for the same reason?

(d) What remedy do the Government intend to apply in the matter?

The Hon'ble Nawab Bahadur SAIYID NAWAB ALI CHAUDHURI, Khan Bahadur, of Dhanbari: (a) Yes.

(b) A copy of the report is placed on the table.

(c) and (d) The matter is under inquiry and consideration.

The report referred to in the reply to clause (b) of starred question No. 52.

Dr. Bentley has drawn up a note (below) on our joint inspection of the area from Puthia to Sarda.

I agree entirely with all of Dr. Bentley's remarks, but as I have already remarked in this office demi-official letter No. 17697, dated the 23rd September, 1927, I would add that as far as I can see any increased demand for water which the proposed scheme contemplates would never be such as could possibly seriously approach a volume which might influence the present main course of the Ganges.

In my opinion the proposal involves too small changes to seriously affect any calculations which the Railway Department may have made regarding the Ganges Bridge. In any case the proposals are certainly of too small magnitude not to admit of ample time being given to take any necessary precautions, in the shape of a weir, if danger threatens.

On the other hand, there is no doubt as to the benefits which will accrue from the proposed scheme. Not only will there be better flooding and better drainage, resulting in a diminution of malaria, which is surely an excrescence in such a pleasant fertile country; moreover the annual flooding and consequent silt deposit, will not only tend to render a full paddy crop for each year a certainty; but will materially enrich those lands which, in the present year, are in dire need of water.

I would add that, apart from all other considerations, the fact that local cultivators were not sitting down and calling on various omnipotence for help; but that they were using the *kadault* to help themselves, entitles them to special consideration, if only as an example to others.

R. S. FINLOW.

The 2nd November, 1927.

Mr. Finlow and I met at Natore on the morning of the 11th September and went together over the grounds from Puthia to Sarda. We passed through the fields and villages and discussed with the local people as to their actual requirements in respect to water for irrigation, etc.

The previous malaria survey of the area showed that malaria was hypodermic, 155 villages showing spleen indices varying from 72 per cent. to 100 per cent.

This year there was an abnormal shortage in rainfall, moreover the river Ganges did not rise sufficiently high to permit much water to pass into the interior through the existing shallow channels. In consequence shortage of surface water was noticed almost everywhere. As a result the paddy was obviously suffering and though there was a luxuriant growth of jute the cultivators were afraid that owing to lack of water jute steeping might be difficult. Near the Baral river there were many signs of the efforts made by the villagers to deepen the existing shallow channels for the purpose of bringing river water to the interior for cultivation and for filling tanks and for jute steeping. But the river had fallen too rapidly to allow of much success.

Everywhere we went the people stated they needed river water not only this year but every year because they know the value of the silt. In one place particularly we noticed about 150 villagers from about 10 villages excavating a channel leading from the Baral river. In the

course of a mile along that road nearly half a dozen similar artificial channels were noticed showing that there was very great demand of water within the area.

There are several khals and rivers within the area all of which are now in a state of decay, particularly the Hoja and Narad. But the Mushakhan which draws water from the Baral is still active and introduces water inland during the monsoon.

The channel which has been proposed to be deepened is still latent for a considerable distance. It is known as the Nandangachi khal. We inspected it at several points. We went up the Baral to the place where the Nandangachi khal takes off, noticing on our journey many recently re-excavated channels, on both banks of the river. At its off-take the Nandangachi khal is not more than 20 feet wide. But there is evidence that at one time it must have been two or three times as large.

The results of our inspection have led us to form the opinion that the improvement of the Nandangachi khal and other channels will not be likely to have any material effect upon the régime of the Baral river.

On the other hand it will result in great improvement in the agricultural condition of the area and also improve the local health conditions by causing a reduction in malaria and affording a better supply of drinking water.

In the circumstances stated, the proposal for the improvement of irrigation of the area should in our opinion be taken up.

CHAS. A. BENTLEY,

Director of Public Health, Bengal.

The 16th October, 1927.

The Chandana river in Faridpur.

***53. Dr. KUMUD SANKAR RAY:** (a) Will the Hon'ble Member in charge of the Department of Irrigation be pleased to state whether he is aware of the great inconvenience caused to the public due to the silting up of the river Chandana in the Faridpur district?

(b) Have the Government made any inquiry to find out the cause of the silting?

(c) If so, will the Hon'ble Member be pleased to state what are the causes?

(d) Have any remedies been suggested as a result of the inquiry?

(e) Is there any likelihood of any action being taken by the Government in this matter in the near future?

(f) What action, if any, has already been taken in the matter?

(g) Will the Hon'ble Member be pleased to state whether any petition was received last year suggesting dredging the mouth of the Chandana?

(h) If so, are the Government contemplating taking any action on the same?

The Hon'ble Nawab Bahadur SAIYID NAWAB ALI CHAUDHURI, Khan Bahadur, of Dhanbari: (a) Yes.

(b) and (f) Yes. The local officers have been asked to make a survey and observation of the river. The report is awaited.

(c), (d) and (e) No statement can be made till the report is received.

(g) Yes.

(h) Government are awaiting the report of the local officers.

Dr. KUMUD SANKAR RAY: With reference to answer to (b) and (f), when was this survey ordered?

The Hon'ble Nawab Bahadur SAIYID NAWAB ALI CHAUDHURI, Khan Bahadur, of Dhanbari: In June 1927.

Buxi khal.

***54. Babu MANMATHA NATH ROY:** (a) Will the Hon'ble Member in charge of the Department of Irrigation be pleased to state whether the attention of the Government has been drawn to the apprehension of considerable and serious losses to the villagers of Buxi and Mankar and other persons in case the Buxi embankment is cut near Hoeggauge by the Irrigation Department for the outlet of the flood water of the Damodar?

(b) Is it a fact that during the year 1925-26 the Buxi khal was dredged by the Irrigation Department rendering it deeper and wider enough to discharge the flood-water without hindrance?

(c) Are the Government considering the question of increasing the sectional area of the Buxi khal for the speedy discharge of rain-water?

(d) What orders, if any, have the Government passed on the memorial of the villagers of Buxi and Mankar to the Chief Engineer, Bengal, dated the 9th March, 1927?

(e) If the answer to clause (d) is in the negative, what action do the Government propose to take in the matter?

The Hon'ble Nawab Bahadur SAIYID NAWAB ALI CHAUDHURI, Khan Bahadur, of Dhanbari: (a) Yes.

(b) The answer to the first part of the question is in the affirmative. The effect of widening the khul cannot be estimated until a large flood passes down the Damodar.

(c) Not at present; it will depend on the conditions prevailing during the next high flood in the Damodar.

(d) and (e) The memorials were forwarded to the local officers for consideration, and their report is being awaited.

Babu MANMATHA NATH ROY: Will the Hon'ble Member be pleased to state whether a period of 9 months is not sufficient for a consideration of this matter?

The Hon'ble Nawab Bahadur SAIYID NAWAB ALI CHAUDHURI, Khan Bahadur, of Dhanbari: For which matter?

Babu MANMATHA NATH ROY: The matter referred to in paragraphs (c) and (e).

The Hon'ble Nawab Bahadur SAIYID NAWAB ALI CHAUDHURI, Khan Bahadur, of Dhanbari: There are so many reports and inquiries that it is very difficult to say how long it will take.

Maulvi ABUL KASEM: Will the Hon'ble Member be pleased to state if it is not a fact that an inquiry was made in the year 1913 and that the scheme for the widening of the canal has been under the consideration of Government for these 14 years?

The Hon'ble Nawab Bahadur SAIYID NAWAB ALI CHAUDHURI, Khan Bahadur, of Dhanbari: It is true that it has been under the consideration of Government for a long time.

Maulvi ABUL KASEM: Is it not a fact that money is realised for the prevention of floods in Damodar as land revenue from the Maharaja of Burdwan for this purpose? Not the ordinary land revenue but land revenue for the prevention of floods in Damodar.

The Hon'ble Nawab Bahadur SAIYID NAWAB ALI CHAUDHURI, Khan Bahadur, of Dhanbari: The money collected is quite insufficient for the purpose.

Maulvi ABUL KASEM: I may say from personal experience that a large flood passed over Damodar in 1913. When is the next flood expected?

Mr. PRESIDENT: That is not a question.

Hoorhoora khal.

***55. Babu NALINIRANJAN SARKER:** Will the Hon'ble Member in charge of the Department of Irrigation be pleased to state—

- (i) the estimated length of dredging of the Hoorhoora khal;
- (ii) the estimated quantity of earth to be excavated;
- (iii) the estimated cost of dredging per 1,000 cubic feet;
- (iv) the total value of work;
- (v) the actual length of dredging done;
- (vi) the actual quantity of earth excavated;
- (vii) the actual cost of dredging per 1,000 cubic feet; and
- (viii) the total expenditure incurred?

The Hon'ble Nawab Bahadur SAIYID NAWAB ALI CHAUDHURI, Khan Bahadur, of Dhanbari: (i) 21,000 feet.

(ii) 4,99,07,617 cubic feet

(iii) Rs. 8.

(iv) Total value of the work including the portion excavated by hand, land acquisition and departmental charges was estimated at Rs. 12,34,906, of which Rs. 3,99,260 was for actual dredging.

(v) 16,000 feet.

(vi) 15,065,000 cubic feet.

(vii) Rs. 7.57 per 1,000 cubic feet excluding hire, Rs. 19.4 per 1,000 cubic feet with hire.

(viii) Rs. 10,48,826 on the whole project, of which Rs. 2,92,536 was for dredging inclusive of hire of the dredgers.

Babu JITENDRALAL BANNERJEE: Considering the remarkable hiatus between the estimated cost and the actual cost, will the Hon'ble Member tell us who was responsible for the original estimate?

The Hon'ble Nawab Bahadur SAIYID NAWAB ALI CHAUDHURI, Khan Bahadur, of Dhanbari: The Engineers of the Irrigation Department.

Babu JITENDRALAL BANNERJEE: Has the Hon'ble Member directed that an inquiry be made into the matter—how it arose and how the estimate was exceeded in such a manner?

The Hon'ble Nawab Bahadur SAIYID NAWAB ALI CHAUDHURI, Khan Bahadur, of Dhanbari: An inquiry will be made.

Excavation of the Bhairab river between Alaipur and Fakirhat in Khulna.

***56. Srijut NAGENDRA NATH SEN:** Will the Hon'ble Member in charge of the Department of Irrigation be pleased to state what progress, if any, has been made in the matter of the excavation of the Bhairab river between Alaipur and Fakirhat in the Khulna district?

The Hon'ble Nawab Bahadur SAIYID NAWAB ALI CHAUDHURI, Khan Bahadur, of Dhanbari: A scheme for the improvement of the Alaipur khal which is a section of the Old Bhairab river at a cost of Rs. 3,10,000 has been administratively approved by Government. Out of this amount, the department proposed to provide Rs. 50,000 in the budget of 1928-29, but the budget has not yet been passed by the Government as a whole.

3-45 P.M.

Rai HARENDRANATH CHAUDHURI: Will the Hon'ble Member be pleased to state when the scheme was administratively approved?

The Hon'ble Nawab Bahadur SAIYID NAWAB ALI CHAUDHURI, Khan Bahadur, of Dhanbari: About a year ago.

Rai HARENDRANATH CHAUDHURI: Will the Hon'ble Member be pleased to state why no provision for the scheme was made in the budget for 1927-28?

The Hon'ble Nawab Bahadur SAIYID NAWAB ALI CHAUDHURI, Khan Bahadur, of Dhanbari: The scheme was received too late.

Srijut NAGENDRA NATH SEN: Will the Hon'ble Member be pleased to state whether the scheme was prepared after consulting the local officers and persons locally interested and specially the District Board of Khulna?

The Hon'ble Nawab Bahadur SAIYID NAWAB ALI CHAUDHURI, Khan Bahadur, of Dhanbari: I cannot say anything without looking into the file.

Srijut NAGENDRA NATH SEN: Will the Hon'ble Member be pleased to publish this scheme?

Mr. PRESIDENT: It is a request for action.

Rai HARENDRANATH CHAUDHURI: Will the Hon'ble Member be pleased to state whether Government is considering the desirability of publishing the scheme?

The Hon'ble Nawab Bahadur SAIYID NAWAB ALI CHAUDHURI, Khan Bahadur, of Dhanbari: It is not usual to publish such schemes, but any member can come to the office and inquire about them.

Rai HARENDRANATH CHAUDHURI: Will the Hon'ble Member be pleased to state whether Government is going to consult the local bodies over the scheme?

The Hon'ble Nawab Bahadur SAIYID NAWAB ALI CHAUDHURI, Khan Bahadur, of Dhanbari: The local people are consulted before a scheme is administratively approved.

Rai HARENDRANATH CHAUDHURI: Will the Hon'ble Member be pleased to state why the local people were not given an opportunity of expressing any opinion on the scheme?

The Hon'ble Nawab Bahadur SAIYID NAWAB ALI CHAUDHURI, Khan Bahadur, of Dhanbari: Without looking into the file I cannot say whether a particular District Board was consulted or not.

Mr. SUBHAS CHANDRA BOSE: Will the Hon'ble Member be pleased to state which of the local officers were consulted?

The Hon'ble Nawab Bahadur SAIYID NAWAB ALI CHAUDHURI, Khan Bahadur, of Dhanbari: Without looking into the file I cannot say which of the local officers were consulted.

Maulvi SHAMSUR-RAHMAN: Will the Hon'ble Member be pleased to state whether it is in the contemplation of Government to consult local bodies now?

The Hon'ble Nawab Bahadur SAIYID NAWAB ALI CHAUDHURI, Khan Bahadur, of Dhanbari: Presumably it has been done.

Standing Advisory Committee for waterways.

***57. Srijut NACENDRA NATH SEN:** (a) Will the Hon'ble Member in charge of the Department of Irrigation be pleased to state whether any steps have been taken for the formation of Provincial District and Subdivisional Water Boards to take charge of the rivers, khals and other waterways of the province just as District Boards are in charge of roads and ways as was suggested in the Presidency Divisional conference at the Calcutta Town Hall on March 18, 1927?

(b) Are the Government considering the desirability of constituting a committee to consider the question?

The Hon'ble Nawab Bahadur SAIYID NAWAB ALI CHAUDHURI, Khan Bahadur, of Dhanbari: (a) The Divisional conference recommended one Board for the whole province or at most one for each division. There has been a Standing Advisory Committee for Waterways since 1906 and in 1920 it was enlarged so as to include representatives for Bihar and Orissa and for Assam. In 1920 also a permanent Board was established to examine all important projects concerning drainage, irrigation, sanitation or transport, which are likely to restrict the free flow of flood water in the Presidency of Bengal, and to report to Government before such projects are sanctioned. A local committee was constituted to advise on questions relating to the Lower Kumar in August, 1927. Its headquarters are at Churnaguria.

(b) Government are not considering the desirability of appointing any more committees. They are considering how more use can be made of the existing committees and whether any changes are required in their constitution. Ordinarily they do not consider that committee for districts or subdivisions could serve any useful purpose. Navigation and drainage channels which are only of importance to the one district should be watched by the District Boards.

Babu SURENDRA NATH BISWAS: Will the Hon'ble Member be pleased to state who are the members of the local committee referred to in his answer (a)?

The Hon'ble Nawab Bahadur SAIYID NAWAB ALI CHAUDHURI, Khan Bahadur, of Dhanbari: I should like to see the file before answering the question.

Rai HARENDRANATH CHAUDHURI: Will the Hon'ble Member be pleased to state who are the members of the permanent board constituted in 1920?

The Hon'ble Nawab Bahadur SAIYID NAWAB ALI CHAUDHURI, Khan Bahadur, of Dhanbari: I cannot answer it without looking into the file.

Khan Bahadur Maulvi AZIZUL HAQUE: Will the Hon'ble Member be pleased to state whether the policy stated in the latter part of the answer, *viz.*, navigation and drainage channels which are only of importance to the one district should be watched by the district boards, has been communicated to the district boards?

The Hon'ble Nawab Bahadur SAIYID NAWAB ALI CHAUDHURI, Khan Bahadur, of Dhanbari: It is the duty of the district boards to do so.

Khan Bahadur Maulvi AZIZUL HAQUE: Has not the policy of Government in regard to irrigation channels all along been that they are a provincial concern?

The Hon'ble Nawab Bahadur SAIYID NAWAB ALI CHAUDHURI, Khan Bahadur, of Dhanbari: Yes.

Khan Bahadur Maulvi AZIZUL HAQUE: Will the Hon'ble Member be pleased to state whether a resolution was issued declaring the policy of Government with regard to navigation and drainage channels in Bengal?

The Hon'ble Nawab Bahadur SAIYID NAWAB ALI CHAUDHURI, Khan Bahadur, of Dhanbari: Yes. There was such a resolution.

Arbitration Boards for settlement of disputes between the Managing Committee and the staff of High Schools.

*58. **Mr. S. C. BOSE:** (a) Will the Hon'ble Minister in charge of the Department of Education be pleased to state whether it is the intention of the Government to set apart any amount for the inauguration and upkeep of Arbitration Boards for settlement of disputes between the Managing Committee and the staff of High Schools on the lines laid down by the Syndicate of the Calcutta University?

(b) If so, what is the amount?

(c) If the answer to (a) is in the affirmative, will the Hon'ble Minister be pleased to state whether provision will be made for the above by means of a supplementary demand for grant or in the budget of the next financial year?

MINISTER in charge of DEPARTMENT of EDUCATION (the Hon'ble Nawab Musharruf Hosain, Khan Bahadur): (a), (b) and (c) Government intended to assist in the working of the scheme by lending the services of their officers and clerical establishment. If a grant is necessary, they will be prepared to consider this when the points still under discussion between Government and the University are settled.

Mr. S. C. BOSE: Will the Hon'ble Minister be pleased to state the points that are still under discussion between the Government and the University of Calcutta?

The Hon'ble Nawab MUSHARRUF HOSAIN, Khan Bahadur: I have to look into the file.

Mr. S. C. BOSE: Will the Hon'ble Minister be pleased to state if he has any idea of the points?

Mr. PRESIDENT: Mr. Bose, your question is ironical and I cannot allow you to put it.

Mr. S. C. BOSE: Will the Hon'ble Minister be pleased to state if he has any general idea of the points which are still under discussion between the Government and the Calcutta University.

The Hon'ble Nawab MUSHARRUF HOSAIN, Khan Bahadur: This question does not arise.

Mr. J. M. SEN GUPTA: Is the Hon'ble Minister in order in saying that the question does not arise?

Mr. PRESIDENT: I think the Hon'ble Minister merely expressed his opinion.

Mr. S. C. BOSE: Will the Hon'ble Minister be pleased to state if he has any idea whatsoever of the points which are under discussion between the Government of Bengal in its Education Department and the University of Calcutta?

Mr. PRESIDENT: I am afraid the question is not at all definite. It is very difficult to answer a question like this. What do you mean by "any idea"?

Mr. S. C. BOSE: May I repeat my question? Will the Hon'ble Minister be pleased to state if he has any idea whatsoever of the points which are under discussion between the Government of Bengal in its Education Department and the University of Calcutta?

Mr. PRESIDENT: My ruling is that your question does not refer to any matter which is definitely stated. So it is impossible for the Hon'ble Minister to answer it. What do you mean by "any idea"?

Mr. S. C. BOSE: I simply ask if he has any idea.

Mr. PRESIDENT: It is for the Hon'ble Minister to say whether he has any idea or not; but I really do not understand what you mean.

Maulvi ABDUL KARIM: I beg to suggest that the question is ironical.

Mr. PRESIDENT: I think you are right; but, it is on the border line.

Mr. S. C. BOSE: Will the Hon'ble Minister be pleased to answer my question?

The Hon'ble Nawab MUSHARRUF HOSAIN, Khan Bahadur: All the correspondence passed before I came into office.

Mr. S. C. BOSE: Will the Hon'ble Minister be pleased to state one of the points which are under discussion?

Mr. PRESIDENT: Mr. Bose, you cannot ask this question, for the simple reason that it does not appear to be a *bona fide* request for information. It is more or less a criticism that you are trying to level against the knowledge of the Hon'ble Minister with regard to the department he is administering.

Mr. J. M. SEN GUPTA: May I rise on a point of order? As to whether the question is *bona fide* or not, it is for the members to decide. I do submit that the questions that have been put this afternoon are all *bona fide* questions (Cries of "No, No.") May I not be allowed to finish my sentence? I claim to finish my sentence notwithstanding any amount of howling from the other side.

Mr. PRESIDENT: What is your point Mr. Sen Gupta?

Mr. J. M. SEN GUPTA: My point is this: Are we not entitled to bring out from the Hon'ble Minister of Education information which we can use for the purpose of showing that the Hon'ble Minister is not fit to be Minister for Education? Is it a *mala fide* procedure to get out information for the purpose of showing that the Minister is absolutely unfit for his office?

Mr. PRESIDENT: If I were to allow such questions, then every one of them will be a motion of "no-confidence." (Laughter.)

Mr. S. C. BOSE: May I draw your attention to rule 34, page 285, of the Legislative Council Manual, which says that any member may put a supplementary question for the purpose of elucidating any matter of fact regarding which an answer has been given.

My supplementary question was put for the purpose of elucidating the points which, the Hon'ble Minister said, in answer to my question, were under discussion between the Government and the University.

4 P.M.

Mr. PRESIDENT: The Hon'ble Minister has already said that he does not remember those points and wants to consult his files and for that he wants fresh notice.

Mr. SUBHAS CHANDRA BOSE: Will you please ask the Hon'ble Members and Ministers to bring their files with them? Whenever a question is asked, they state that they want to consult their files.

Mr. PRESIDENT: That would be a very impertinent request.

Mr. D. N. ROY: Will the Hon'ble Minister be pleased to state whether he has read the files regarding this matter?

The Hon'ble Nawab MUSHARRUF HOSAIN, Khan Bahadur: That point does not arise.

(Loud laughter.)

Mr. S. C. BOSE: Will the Hon'ble Minister be pleased to state how long this discussion has been going on between the Government of Bengal and the Calcutta University regarding the matter of arbitration boards for settlement of disputes?

The Hon'ble Nawab MUSHARRUF HOSAIN, Khan Bahadur: I want notice of that question.

Mr. S. C. BOSE: Will the Hon'ble Minister be pleased to state if the discussion that has been going on has been verbal or in writing?

The Hon'ble Nawab MUSHARRUF HOSAIN, Khan Bahadur: No reply is necessary.

Mr. S. C. BOSE: I think I am entitled to an answer, Sir.

The Hon'ble Nawab MUSHARRUF HOSAIN, Khan Bahadur: It is in writing.

Mr. S. C. BOSE: Will the Hon'ble Minister be pleased to state whether he himself, since his assumption of office, has taken part in this discussion?

The Hon'ble Nawab MUSHARRUF HOSAIN, Khan Bahadur: No.

Mr. S. C. BOSE: Will the Hon'ble Minister be pleased to lay on the table the correspondence that has passed on this point between his Department and the Calcutta University?

The Hon'ble Nawab MUSHARRUF HOSAIN, Khan Bahadur: I cannot follow your question.

[A voice: May I call attention to the fact that the first hour for answering questions has passed.]

Mr. S. C. BOSE: I will put it in simpler language. Will the Hon'ble Minister for Education be pleased to lay on the table the correspondence that has passed on this point between the Department of Education and the University of Calcutta?

The Hon'ble Nawab MUSHARRUF HOSAIN, Khan Bahadur: No.

Mr. S. C. BOSE: Will the Hon'ble Minister be pleased to educate this House as to the meaning of his answer "No"?

Mr. PRESIDENT: I do not allow that question.

Mr. SUBHAS CHANDRA BOSE: On a point of order, Sir, would you like us to put questions in Bengali to the Hon'ble Minister in charge of Education, since we find that he cannot understand the questions put to him in English?

The Hon'ble Nawab MUSHARRUF HOSAIN, Khan Bahadur: Is not this an ironical question?

Mr. SUBHAS CHANDRA BOSE: That is for the President to say, not the Minister.

Mr. F. E. JAMES: I should like to know, when the hour for asking questions has already passed, how long it is proposed to continue this?

Mr. PRESIDENT: The rule provides that the first hour will be available for questions, but that does not imply that more than an hour cannot be devoted to questions; if the President allows it the rule does not prevent the President from using his discretion in the matter. (Cheers.)

Working of the Board for Secondary and Intermediate Education in Dacca.

*59. **Maulvi ABDUL KARIM:** (a) Will the Hon'ble Minister in charge of the Department of Education be pleased to state whether it is a fact that the Enquiry Committee appointed by the Government to investigate into the working of the Board for Secondary and Intermediate Education in Dacca came to the unanimous conclusion that the Board had not proved a success and that it had lowered the standard of teaching and examinations?

(b) If the answer to (a) is in the affirmative, will the Hon'ble Minister be pleased to state what steps, if any, are proposed to be taken in the matter?

The Hon'ble Nawab MUSHARRUF HOSAIN, Khan Bahadur: (a) Yes.

(b) Government are awaiting the opinions of the Universities of Calcutta and Dacca on the report. On receipt of these opinions a policy will be formulated.

Mr. S. C. BOSE: Will the Hon'ble Minister be pleased to state when opinions were asked for by Government from the Universities of Calcutta and Dacca?

The Hon'ble Nawab MUSHARRUF HOSAIN, Khan Bahadur: About 4 or 5 months ago.

Maulvi ABDUL KARIM: Will the Hon'ble Minister be pleased to state when these opinions are likely to be received by Government?

The Hon'ble Nawab MUSHARRUF HOSAIN, Khan Bahadur: It is for the Universities to say when they will send the report.

Maulvi ABDUL KARIM: Has any step been taken to expedite the matter?

The Hon'ble Nawab MUSHARRUF HOSAIN, Khan Bahadur: Correspondence is going on.

Maulvi ABDUL KARIM: It has been decided by a very competent authority that the present Board is perfectly inefficient. Does not the Government think that it is sheer waste of money to continue the department any longer?

The Hon'ble Nawab MUSHARRUF HOSAIN, Khan Bahadur: That is a matter of opinion. I take exception to that question.

Mr. PRESIDENT: I think the Hon'ble Minister is right. It is a matter of opinion.

Mr. S. C. BOSE: Will the Hon'ble Minister be pleased to state the names of the members of the Inquiry Committee?

The Hon'ble Nawab MUSHARRUF HOSAIN, Khan Bahadur: Messrs. Barrow and West.

Mr. S. C. BOSE: Will the Hon'ble Minister be pleased to state when the report of the Inquiry Committee was received?

The Hon'ble Nawab MUSHARRUF HOSAIN, Khan Bahadur: I have answered the question already; early this year.

Mr. S. C. BOSE: Will the Hon'ble Minister be pleased to state when Government asked the Universities of Calcutta and Dacca for the first time to submit their report?

The Hon'ble Nawab MUSHARRUF HOSAIN, Khan Bahadur: Without looking into the file I cannot say.

Maulvi ABDUL KARIM: Am I to understand that early steps will be taken by Government to decide this matter so that this inefficient Board might be discontinued?

The Hon'ble Nawab MUSHARRUF HOSAIN, Khan Bahadur: That policy has not yet been settled and that cannot be done without the report of the University.

Maulvi ABDUL KARIM: Have the Government taken steps to have the report as early as possible?

The Hon'ble Nawab MUSHARRUF HOSAIN, Khan Bahadur: Steps are being taken now.

Srijut NACENDRA NATH SEN: Can Government publish the report of Messrs. West and Barrow?

The Hon'ble Nawab MUSHARRUF HOSAIN, Khan Bahadur: It can be published.

***60. Babu JOGINDRA CHANDRA CHAKRAVARTI:** (a) Will the Hon'ble Member in charge of the Department of Revenue be pleased to state—

(i) who is the present General Manager of the Court of Wards Estates, Comilla;

(c) Was the transfer made in accordance with Rule 111 of the Fundamental Rules?

(d) Were there any special circumstances in favour of the officer's appointment to the present post?

(e) Is it a fact that complaints have been made to the Board of Revenue by the Wards against the General Manager?

(f) If the answer to (e) is in the affirmative, will the Hon'ble Member be pleased to state what action, if any, has been taken by the Board on the complaints made by the Wards?

MEMBER in charge of DEPARTMENT of REVENUE (the Hon'ble Maharaja Kshaunish Chandra Ray Bahadur, of Nadia): (a) (i) Babu Prafulla Kumar Ghosh.

(ii) He has no University degree.

(iii) Rs. 350.

(iv) Personal Assistant to the Chief Manager of the Dacca Nawab's Estate.

(b) No, but before his first appointment under the Court of Wards, he was employed under the Bihar and Orissa Government.

(c) Yes.

(d) When the post of the General Manager of the Court of Wards Estates, Tippera, fell vacant, among the applicants for the post Babu Prafulla Kumar Ghosh was considered by the Board of Revenue to have the best claim.

(e) One complaint was received.

(f) The complaint was inquired into by the Collector who reported it to be unfounded.

Maulvi ABUL KASEM: With reference to answer (b), will the Hon'ble Member be pleased to state what appointment this gentleman held under the Bihar and Orissa Government?

The Hon'ble Maharaja KSHAUNISH CHANDRA RAY Bahadur, of Nadia: He was a Stenographer under the Government of Bihar and Orissa.

Maulvi ABUL KASEM: With reference to answer (d), I want to know if the word "claim" means qualification. He was stated to have the best claim. Are we to understand that he was the best of the candidates, and is his qualification or claim for the particular appointment of Stenographer considered sufficient for any other appointment?

The Hon'ble Maharaja KSHAUNISH CHANDRA RAY Bahadur, of Nadia: Claims and qualifications were taken into consideration in disposing of this appointment.

Babu JOGINDRA CHANDRA CHAKRAVARTI: With reference to answer (d), is the Hon'ble Member aware of the pay he was drawing under the Bihar and Orissa Government?

The Hon'ble Maharaja KSHAUNISH CHANDRA RAY Bahadur, of Nadia: I am afraid I cannot say now.

Babu JOGINDRA CHANDRA CHAKRAVARTI: Will the Hon'ble Member be pleased to find it out?

The Hon'ble Maharaja KSHAUNISH CHANDRA RAY Bahadur, of Nadia: If the member wants the information, I shall be pleased to do so.

Maulvi KADER BAKSH: Will the Hon'ble Member be pleased to state whether this gentleman had any special claim for the post?

The Hon'ble Maharaja KSHAUNISH CHANDRA RAY Bahadur, of Nadia: I have already said that his claim was considered in disposing of this appointment.

Maulvi KADER BAKSH: Had he any particular claim?

The Hon'ble Maharaja KSHAUNISH CHANDRA RAY Bahadur, of Nadia: The appointing authority could say what claims were considered when the appointment was disposed of.

[At 4-20 P.M. the Council was adjourned and it reassembled at 4-30 P.M.].

Point of order.

Mr. J. M. SEN GUPTA: I think, Sir, you said before adjournment that you would pass over the questions now. I am not willing on behalf of my party to forego the right of the House to have questions answered for one hour at every meeting; and although only a few minutes more remain to make up the hour we started at 20 minutes past 3 and the House was adjourned at 10 or 15 minutes after 4. I would request you to give the full hour to questions.

Mr. PRESIDENT: Do you give me an assurance to the effect that it will not be carried on beyond 5 minutes? I think I have already intimated that I shall take up the Bills.

Mr. J. M. SEN GUPTA: The point is, Sir, if we once agree to such a procedure, it will become a precedent that questions at one meeting of the Council may be stopped before the first hour is over. I would ask you kindly to devote five minutes more to the answering of questions.

Mr. PRESIDENT: I must point out that this is not the correct interpretation of the rule. The first hour shall no doubt be available for questions, but it is within the discretion of the President to stop before or go beyond the first hour.

Rai HARENDRA NATH CHAUDHURI: The President can use his discretion after the expiry of the first hour, but so far as the first hour is concerned, the rule is mandatory. The rule runs thus: "The first hour shall be available for the answering of questions."

Mr. PRESIDENT: Of course, it shall be available but the rule does not provide that an hour shall be availed; but in the present case

I shall allow five minutes more for questions. I must, however, tell the House that after five minutes questions will stop.

Starred Questions

(to which oral answer was given).

Détenu Srijut Bepin Behari Ganguli.

***61. Mr. SUBHAS CHANDRA BOSE:** (a) Will the Hon'ble Member in charge of the Political Department be pleased to state whether it is a fact that Srijut Bepin Behari Ganguli, détenu, has been suffering from dyspepsia, insomnia and pyorrhea?

(b) Is it a fact that the Superintendent, Bassein Jail, has remarked that pyorrhea is the cause of all his troubles?

(c) Is it a fact that at Bassein where he is now confined there is no possibility of a proper dental treatment?

(d) Is it a fact that the climate of Bassein is damp and enervating?

(e) Is it a fact that as a result of his transfer to Bassein from Mandalay his health has been further impaired?

(f) Is it a fact that he is alone at Bassein Jail?

(g) Is it a fact that the conveniences which existed at Mandalay do not exist at Bassein?

HON'BLE MEMBER in charge of POLITICAL DEPARTMENT (the Hon'ble Mr. A. N. Moberly): (a) Yes.

(b) Not in so many words. But the Superintendent stated that he has extensive pyorrhea.

(c) Yes, but it is understood that steps are being taken by the Government of Burma for dental treatment at Rangoon, and he will be further treated in Bengal.

(d) According to the *Gazetteer*, the climate is relaxing, but tempered by sea-breezes.

(e) His health has been less satisfactory at Bassein than at Mandalay.

(f) No.

(g) Government have no information on this point.

Mr. S. C. BOSE: With reference to answer to (g), is the Government as bankrupt in the matter of information as it was already yesterday?

The Hon'ble Maharaja KSHAUNISH CHANDRA RAY Bahadur of Nadia: I might point out that this question offends against rule 57.

Mr. PRESIDENT: I think you should not use that word, Mr. Bose.

Mr. S. C. BOSE: Is the Government absolutely bankrupt in the matter of information regarding the conveniences which existed at Mandalay and which do not exist at Bassein?

The Hon'ble Mr. A. N. MOBERLY: I do not quite understand the expression "bankrupt."

Mr. SUBHAS CHANDRA BOSE: Will the Hon'ble Member be pleased to state if the Government of Bengal have made any inquiries of the Government of Burma regarding question (g) after the question was sent in?

The Hon'ble Mr. A. N. MOBERLY: No, Sir.

Mr. SUBHAS CHANDRA BOSE: May I inquire why information was not asked for from the Burma Government?

The Hon'ble Mr. A. N. MOBERLY: Because it is a matter for the Burma Government and not for the Bengal Government.

Mr. SUBHAS CHANDRA BOSE: Am I to understand that it is not a matter for the Bengal Government to ask for information from the Burma Government?

The Hon'ble Mr. A. N. MOBERLY: That is a matter of opinion.

Mr. J. M. SEN GUPTA: Is it the Hon'ble Member's case that when information is asked for by members of the Bengal Legislative Council about inhabitants of Bengal with regard to their detention in places outside Bengal, it is not a matter for the Government of Bengal to inquire of the authorities outside Bengal where the person is kept?

Mr. PRESIDENT: I should like you to put it in a more concise form.

Mr. J. M. SEN GUPTA: Is it the Hon'ble Member's case that when members of the Legislative Council ask questions about the détenus of Bengal detained outside Bengal, it is not a matter for the Bengal Government to inquire of the outside authorities concerned regarding matters arising out of those questions?

The Hon'ble Mr. A. N. MOBERLY: I do not know what case is pending.

Mr. SUBHAS CHANDRA BOSE: Are we to understand that the Government of Bengal have no right to ask the Government of Burma for information in this matter?

The Hon'ble Mr. A. N. MOBERLY: I do not see any reason why we should ask for information on a matter which is the concern of another Government.

Mr. SUBHAS CHANDRA BOSE: Are we to understand that this matter—I mean question (g)—is one on which the Government of Bengal cannot ask for information from the Government of Burma?

The Hon'ble Mr. A. N. MOBERLY: It is a matter for disposal by the Government of Burma.

Rai HARENDRANATH CHAUDHURI: When a question is asked at the Bengal Legislative Council, does it not become the duty of the Government of Bengal to make inquiries regarding matters arising out of it?

Mr. PRESIDENT: I think this question does not arise at all; it is not relevant to the main question.

Rai HARENDRANATH CHAUDHURI: I submit it is relevant in reference to answer (g).

Mr. PRESIDENT: Section 36 prohibits discussion on any question or on any answer given to a question.

Mr. S. C. BOSE: Will the Hon'ble Member be pleased to state whether when a détenu is sent outside Bengal inquiries are not made regarding the conveniences at that outside place?

The Hon'ble Mr. A. N. MOBERLY: No

Maulvi ABUL KASEM: Before you take up the ordinary business, I would like to point out that we the members of the Legislative Council, are to send our questions some days in advance, the idea being to enable Government officers to supply the information, but we find from the answers given to those questions as well as to supplementary questions that Government Members do not come prepared with full records. I want a ruling that in future they should come ready with full records as we give sufficient time—15 days—for the preparation of answers.

Mr. S. C. BOSE: I add the words “and not to play with the House.”

Mr. SUBHAS CHANDRA BOSE: Sir, there is considerable dissatisfaction on this side of the House regarding the manner in which questions are passed over. I would request you as the custodian of the rights and privileges of the members of this House to ask the

secretary either to take instructions from you or to look round to see if any member is on his legs before he passes over to the next question.

Mr. PRESIDENT: I do not know if that would be a very convenient arrangement or if such a step has at all become necessary.

Crop failure in Balurghat.

***65. Babu JOCINDRA CHANDRA CHAKRAVARTI:** (a) Will the Hon'ble Member in charge of the Department of Revenue be pleased to state whether it is a fact that owing to total failure of crops very acute distress has been caused to the people of the subdivision of Balurghat in the district of Dinajpur?

The Hon'ble Sir PROVASH CHUNDER MITTER: (a) (i) and (ii) The reconstitution of local authorities in Bengal, after a general election has taken place, is often delayed by civil litigation arising out of election disputes, but the precise information required by the member is not readily obtainable.

(b) This question is under consideration in connection with the reintroduction of the Bengal Municipal Bill and the amendment of the Local Self-Government Act. It cannot be said at present when proposals for amendment of the law will be laid before the Legislative Council.

92. Rai SATYENDRA NATH ROY CHOUDHURI Bahadur:

(a) Will the Hon'ble Member in charge of the Department of Revenue be pleased to state whether there was a proposal or scheme sometime ago to lease out some *khas mahal* lands to the young unemployed men of *bhadralok* class to encourage them in agricultural pursuits?

(b) If so, what was the exact nature of the scheme?

(c) Has any experiment been made in that direction and with what result?

The Hon'ble Maharaja KSHAUNISH CHANDRA RAY Bahadur, of Nadia: (a) Schemes were tried in Khulna and Bakarganj. A further scheme is being tried in Faridpur.

(b) (i) According to the latest scheme, boys of the *bhadralok* class will be selected for training in the Faridpur Agricultural Farm.

(iii) Any attempt to let the land in farm or *barga* will involve immediate cancellation of the provisional lease.

(c) Previous schemes were failures. The *bhadralok* settlers ceased to cultivate the lands themselves and in many cases sold them.

Strike of the workers in the Jessore Settlement Press.

93. Mr. K. C. RAY CHAUDHURI: (a) Will the Hon'ble Member in charge of the Department of Revenue be pleased to state whether it is a fact that last July the workers in the Jessore Settlement Press struck work?

After a fortnight, the compositors of their own initiative tendered apologies and returned to work unconditionally. Since then there have been no further complaints.

94. Mr. ABDPOOL RAZAK HAJEE ABDPOOL SATTAR: (a) Is the Hon'ble Member in charge of the Jails Department aware that at night the convicts in each hall at the Alipore Central Jail have to answer the call of nature in a bucket placed in the centre of the hall without privacy?

(b) Is the Hon'ble Member aware that in the said Jail there are no front doors in the latrines for Indian convicts, and that there is no privacy while answering the calls of nature?

(c) If the answers to (a) and (b) are in the affirmative, what steps, if any, are the Government prepared to take to remedy this state of affairs?

The Hon'ble Maharaja KSHAUNISH CHANDRA RAY Bahadur, of Nadia: (a) No.

(b) There is not a front door to each compartment, but each compartment is separated from its neighbours by corrugated iron partitions, and the occupant is not overlooked unless a deliberate effort to disturb his privacy is made. The whole latrine is adequately screened from outside.

(c) Does not arise.

NON-OFFICIAL BUSINESS.

Non-official Members' Bills.

The discussion on the Calcutta University Bill, 1927, was resumed.

Dr. PRAMATHANATH BANERJEA: Before I begin, Sir, may I know what time will be allowed to me?

Mr. PRESIDENT: 30 minutes.

Dr. PRAMATHANATH BANERJEA: The University of Calcutta was established by an act of the Governor-General's Council passed in 1857.

Mr. PRESIDENT: I am sorry to interrupt you, Dr. Banerjea. I think that the two Bills—your Bill and that of Babu Manmatha Nath Roy—are substantially identical and the decision of the House on one will affect the other in the same degree.

Babu MANMATHA NATH ROY: By a study of the two Bills you will find that they are different in principle.

Mr. PRESIDENT: All the same, Mr. Roy, so far as I have seen, the clauses in your Bill are similar to those in Dr. Banerjea's Bill, in this sense that when these are discussed, the clauses referred to in your Bill will be automatically discussed. So it is useless to take up the Bills separately.

Mr. D. N. ROY: Are we to understand that there will be one voting on the two bills?

Mr. PRESIDENT: No.

4-45 P.M.

Dr. PRAMATHANATH BANERJEA: The University of Calcutta was established by an Act of the Governor-General's Council passed in 1857 in accordance with the principles laid down in Sir Charles Wood's famous Despatch of 1854. Similar Acts were passed in the same year for the establishment of Universities in Bombay and Madras. Act II of 1857 vested the government of the Calcutta University in the Chancellor, Vice-Chancellor, and Fellows, who became a body corporate. The Fellows were, originally, all nominated by the Government; but, at later date, the graduates of the University were given the right to elect two Fellows every year. All Fellows held office for life. By the end of the nineteenth century, the number of Fellows had become quite large, and many of them had begun to assert their independence. Considerable progress had, in the meantime, been achieved in the field of higher education in all the provinces. Some high officials were alarmed at the rate of this progress, and the cry was raised for a reconstitution of the Universities. Accordingly, Lord Curzon appointed a Universities Commission which submitted its report in 1902. The recommendations of the majority of this Commission were of a reactionary character, and they gave rise to an outburst of public feeling the like of which had rarely been witnessed before. An admirable Note of Dissent was appended to the report by one of the members, Sir Gooroo Dass Banerjee, a former Vice-Chancellor of the Calcutta University and a Judge of the High Court. In the concluding portion of this Note Sir Gooroo Dass observed that some of the measures of reform advocated by the majority tended to place education under the control of the Government and small bodies of experts and to reduce the popular element. He added: "While yielding to none in my appreciation of the necessity for raising the standard of education and discipline, I have ventured to think that the solution arrived at is only a partial solution, and that we should aim not only at raising the height, but also at broadening the base, of our educational fabric."

The main recommendations of the Commission were embodied in a Bill, which was placed before the Governor-General's Council in 1903.

The discussion which this measure led to occupies an almost unique place in the history of debates in the Indian Legislatures. It evoked tremendous opposition in the Council, which was led by no less a person than Gopal Krishna Gokhale. In the course of one of the numerous speeches which were made by Gokhale on this occasion, he observed: "I believe the life of a people—whether in the political or industrial or intellectual field—is an organic whole, and no striking progress in any particular field is to be looked for unless there be room for the free movement of the energies of the peoples in all fields." This valiant tribune of the people opposed the Bill at every stage and fought every inch of ground until the Bill became law in 1904 with the help of the solid bloc in the Council which was then at the beck and call of the Government.

The fears of the opponents of the measure did not take long to materialise. The progress of higher education was retarded in every province, except Bengal. In this province, the calamity was averted by a fortunate circumstance. Sir Ashutosh Mookerjee, who had been one of the strong critics of the University Bill but had declined to go the whole length with Gokhale in his opposition to the measure, was placed at the head of affairs in the Calcutta University, and from that moment till the day of his passing away he remained its guiding spirit. Chancellors came and went, one Vice-Chancellor succeeded another, but Sir Ashutosh Mookerjee was always there bearing the great burden on his broad shoulders. It was owing to his extraordinary devotion and his administrative genius that the Calcutta University was raised from the position of an examining body to that of a great centre of learning. He had to contend with innumerable difficulties, not the least serious of which were financial. But his ability and resourcefulness steered the none too strong barque of the University clear of all shoals and whirlpools. His sudden death, however, changed the whole situation. Sir Ewart Greaves, who now became Vice-Chancellor, gave of his best to the work of the University. His patient labours, his wonderful urbanity, and his cool courage extorted the admiration of all. But he found that the situation was growing more and more difficult, and on the day of his retirement from office, he frankly told the members of the Senate that the interference of the Government in the affairs of the University was assuming a disquieting aspect.

I will not discuss the events which have taken place since Sir Ewart's departure. But I believe it is now admitted on all hands that a change has become absolutely necessary. In fact, the necessity for an amendment of the existing law relating to the University has been felt for a considerable time past. The Sadler Commission was appointed in 1917 to consider the question. Unfortunately, the recommendations of the Commission were of a very complex character and involved huge additional expenditure, both recurring and non-recurring, which the

Government was unable to incur. Two private Bills were introduced in the first reformed Bengal Council, but both of them proved unsatisfactory, and unacceptable to the general public. A Government Bill was framed in 1923, which failed to enlist support on account of the controversial nature of some of its provisions. The University authorities prepared two Bills, one under the guidance of Sir Ashutosh Mookerjee and Mr. Bhupendra Nath Basu, and the other during the Vice-Chancellorship of Sir Ewart Greaves. But neither of these was acceptable to the Government.

The Bill which I have the honour to place before you to-day is simple in its scope and free from technical details. Its purpose is to remedy the obvious defects of the Universities Act which is now in force. Nobody can deny that the present constitution of the Senate of the Calcutta University is unrepresentative. The existing law provides for 80 per cent. of its members being nominated by the Chancellor. As the Chancellor of the University is also the executive head of the province, the Act gives the Government a preponderant voice in the internal administration of the University. And this, I may remind the House, is in addition to the enormous extent of outside control vested in the Government. The representation of the educated community is hopelessly inadequate, for only 10 per cent. of the total strength of the Senate is elected by the registered graduates. Even this limited right is, on account of the heavy fees payable for registration, available only to a very small section of the alumni of the University. There is no scope for the representation of the general public interested in education. The professors and lecturers of the University and of the Colleges, as well as teachers in schools, also go unrepresented, and the only door of entry open to them is that of nomination.

The existing state of the law can only give rise to one of two conditions in the University. It can create either an autocracy or a cringing subserviency. Benevolent despotism has, no doubt, its redeeming features, and, in favourable circumstances, it may confer considerable benefit on the community. But who can guarantee a succession of benevolent despots? And when benevolence gives place to malevolence, despotism appears in its worst form. The other alternative is even worse. Constant subjection to Government control is demoralising, and inimical to the best interests of a University. Neither of these conditions is favourable to the growth of a spirit of freedom and a breadth of outlook, which are the most essential features of a true centre of culture.

My Bill seeks to provide a constitution for the Calcutta University which is calculated to enable this body to avoid both these conditions. The governing body of the University is the Senate, and no scheme of reform can prove a success unless it is directed towards its reconstruction. I, therefore, propose that the Senate of the future shall consist of a hundred ordinary Fellows, 25 of whom shall be elected by registered

graduates, 15 by the Faculties, 15 by the Professors and lecturers in affiliated Colleges, 10 by the Professors and lecturers of the University, 5 by the teachers in schools, 4 by the non-official members of this Council, and 6 by the Municipalities and district boards of the province, while 20 shall be nominated by the Chancellor. There will, besides, be a number of *ex-officio* Fellows, such as of the Ministers and a few other Government officials, and the Principals of the most important colleges in Calcutta as well as in the interior of the province.

The object of the second important provision of this Bill is an extension of the franchise. Under the existing Act, a graduate is entitled to have his name entered in the Register on payment of an initial fee of ten rupees. Most of our young men find it difficult to pay this amount. I, therefore, propose to reduce the payment to one of two rupees. A graduate who has failed to have his name entered within one year from the date on which he becomes qualified, is now compelled to pay an additional sum of Rs. 10. This amount is also reduced to Rs. 2 in my Bill. Further, every graduate has to make an annual payment of Rs. 10 in order to have his name borne on the register. This provision has the effect of unduly restricting the number of the registered graduates. The adoption of my proposal, namely, the payment of an annual fee of two rupees, will, I am sure, expand the electorate to at least ten times its present size and thus enable the bulk of the alumni of the University to take an intelligent interest in its affairs.

5 P.M.

The amendments which I propose to the existing Act will, I hope, be considered reasonable in view of the precedents which exist elsewhere. Several new Universities have been established in recent years, and most of the older Universities have been remodelled. Without going into details, I may mention that three main features are observable in these constitutions; namely, first, the number of persons appointed by the Government is comparatively small; second, the Professors and lecturers are either *ex-officio* members of the governing bodies or are represented on them in sufficient strength; and third, the general public has a substantial voice in the control of higher education.

Education is an affair of the people. It is for the people to lay down the ideals to be pursued and the methods to be followed in the matter of public instruction. It is, therefore, fit and proper that the Senate of the University should contain a large popular element. Members of the Legislative Council, the Municipalities, and district boards, are not only deeply interested in the educational progress of the country, but are, by reason of their close contact with the various spheres of the people's activity, likely to bring a valuable fund of experience to the work of the University. Educationalists who have made the instruction of the future citizens of India their life's work

ought to be given an assured place in the educational system of the country. Lastly, in order to secure the independent growth of educational activity, it is essential to reduce the influence of the Government to a minimum.

These are the objects kept in view in the Bill before the House. It consists of only few short sections. The details can easily be threshed out in the Select Committee, where the members will, I am sure, take steps to remove any defects that may be found to exist in the Bill. Although it is a small measure, the consequences of its enactment are likely to be far-reaching.

If the Bill is passed, the whole educational atmosphere will be changed, and healthy conditions will prevail in the province. Therefore, in the interests of educational efficiency and for the general well-being of the community, I appeal to the members of this House to give their most serious consideration to the Bill, and thus help to rescue our *Alma-Mater* from her present perilous position, so that she may find freedom and strength to rear her children in a way that will enable them to render some real service to this ancient land.

(At this stage the Hon'ble the President left the Chamber and the Deputy President took the Chair.)

MR. DEPUTY PRESIDENT: I shall now ask the Hon'ble Nawab Musharruf Hosain to move his amendment and then the procedure I want to adopt is that there will be a general discussion. If the Hon'ble Nawab's motion be carried then there will be no necessity of putting the other motions.

Babu MANMATHA NATH ROY: Before the President left the Chair he mentioned that Dr. Banerjee's Bill and my Bill would be taken together. So, it follows that I may bring forward my motion.

MR. DEPUTY PRESIDENT: According to my procedure you need not move your motion, but you will be allowed to speak on your Bill. After the Hon'ble Nawab has moved his motion I will allow other members to speak. Your motion is identical to Dr. Banerjee's motion. Your motion therefore will be deemed to be withdrawn.

Rai HARENDRANATH CHAUDHURI: Are we to understand that because Mr. Roy's motion is identical to the other one, his motion shall be deemed to be withdrawn? May I submit that the Hon'ble President's ruling was that both the Bills will meet the same fate, but he did not say that Mr. Roy will be debarred from moving his motion.

MR. DEPUTY PRESIDENT: As they are identical motions one will be taken, but you will have your say.

Babu MANMATHA NATH ROY: I think the President was definite when he said that both the Bills will meet the same fate. Therefore I fail to understand how my motion will be deemed to be withdrawn.

Mr. DEPUTY PRESIDENT: What he meant was that whether the Bill will be sent to the Select Committee or circulated for opinion, will depend on the fate of the Hon'ble Nawab's motion.

Dr. PRAMATHANATH BANERJEA: If the Hon'ble Nawab's motion be carried, will both the Bills be circulated for opinion?

Mr. DEPUTY PRESIDENT: Yes, both the Bills

Mr. A. K. FAZL-UL HUQ: Unless Babu Manmatha Nath Roy is allowed to introduce his Bill, how can it be circulated for opinion. Apparently as I understand the rule this Bill should be introduced and discussion allowed on both, but the result will depend on the vote on the Hon'ble Nawab's motion.

Mr. DEPUTY PRESIDENT: As far as this point is concerned, I think that as Mr. Roy's Bill is identical to the other one it will be circulated even without its being introduced.

Babu JITENDRALAL BANNERJEE: Will you kindly permit me to submit, with great respect to you, Sir, that there has been a certain amount of inconsistency in your ruling. You first of all say that Babu Manmatha Nath Roy's motion must be considered to be withdrawn and then you say that his Bill will be circulated. If his motion is considered to be withdrawn, his Bill cannot certainly be circulated. May I submit, what the President meant was that this Bill would be introduced, after Dr. Banerjee's Bill had been introduced. What I understood you* to mean was that Mr. Roy's Bill must be deemed to have been withdrawn, but it cannot be so. I hope, therefore, you will correct your ruling and ask Babu Manmatha Nath Roy to introduce his Bill. When it has been introduced, the Hon'ble Nawab will bring forward his motion, and the discussion will then proceed. I think that that is the only rational way in which it can be done.

Mr. DEPUTY PRESIDENT: What I meant was that Mr. Roy would be allowed to move his motion after the Hon'ble Nawab had brought forward his amendment. I shall now call upon the Hon'ble Nawab to move his amendment.

The Hon'ble Nawab MUSHARRUF HOSAIN, Khan Bahadur: I rise to move as an amendment to the motion of Dr. Pramathanath Banerjee that the Calcutta University Bill, 1927, be circulated for the purpose of eliciting opinion thereon.

The reform of Calcutta University is not a subject to be undertaken lightly. It is one of the greatest administrative problems which faces this Government. It was a problem of urgency ten years ago when the Calcutta University Commission was sitting. That Commission produced its report two years later. For various reasons, partly financial and partly political, only that part of the report which dealt with the proposed Dacca University has been carried into effect.

The Bill now before us practically ignores the recommendations of that Commission. There is nothing sacrosanct about the recommendations of that Commission, though I may remind the mover and those who think with him that Sir Asutosh Mookerjee was a member of the Commission and signed the report. But when an attempt is made to reform the University, which practically makes no use or very little use of that report, it is necessary to examine very carefully the proposals put forward and test them in the light of the recommendations of that report.

The Sadler Commission made the definite statement that the existing system of government of Calcutta University is ill-adapted even to the purpose of an affiliating University. "Its supreme governing body, the Senate," said the Commission, "is not large enough to be representative of all the interests that should find expression in a great provincial University. On the other hand it cannot be made an expert body capable of dealing with all the aspects of the teaching work of an University."

The Commission added that the executive body of the University, the Syndicate, is loaded by so great a mass and variety of functions at once academic and administrative, that it is swamped. No small body could possibly be so constituted as to be capable of dealing with all these widely different duties.

Dr. P. N. Banerjee's Bill aims at reducing the power of the Chancellor in connexion with the constitution of the Senate and places the University on what he considers to be a sound representative basis. If his proposals were calculated to give us a better governing body than that which now controls the University, there would be nothing to object to in this fact, but to my mind a very great defect in the proposed Bill is the fact that it leaves all the defects pointed out by the Commission entirely unremedied. If his Bill passes into law the Syndicate will be just as much overwhelmed as it was when the Commission reported.

The proposed controlling authority also will leave unrepresented a number of people who have a right to have a say in University matters in Bengal.

5-15 P.M.

For instance there is nothing in his Bill which makes special provision for the representation of women educationists, although the University has under its control three women's colleges and 18 high schools for girls. At first sight also I am of opinion that the Bill will leave the Moslem community represented by far fewer members on the Senate than obtain a place under the present system.

There is also in my opinion a certain limit to the extent to which the principle of popular representation in University matters can safely be adopted. I do not consider it altogether fair to expect a renowned professor to stand for election to the Senate in competition with young men who have yet to win their spurs and may conceivably be his subordinates. Such men and especially the holders of important University Chairs should be on the Senate as far as possible as of right.

At all events it is clear that there is a case for obtaining a wider opinion than that which this House is competent to give. The learned bodies of Bengal, the great commercial associations, and the affiliated colleges and different communities should be given a chance to express their views before this House proceeds to legislate.

Finally we and those who assist us by commenting on the Bill will have to ask whether it is worth while occupying the time of this House with a Bill which leaves practically untouched all those fundamental defects from which the University has been suffering now for many years and which were pointed out by the Sadler Commission. If it had been suggested that the result of the proposed reconstitution of the Senate would remove those difficulties we might have been able to proceed with less caution. Since however it practically continues the old machinery with some modification in the persons who have to work that machinery, the Bill can scarcely be claimed to be a Bill for the reform of the University. It will still be equally unfitted and possibly more unfitted than before for the conduct of the multitudinous duties which fall upon it and which the Sadler Commission definitely stated were too much for it. There is at all events a very clear case for sounding public opinion on the proposal, and I therefore move the amendment which stands in my name.

Babu MANMATHA NATH ROY: Might I point out at this stage that it will be convenient if the two Bills are discussed together?

Mr. DEPUTY PRESIDENT: I agree with you, but the difficulty that stands in our way is that the order of ballot will have to be changed. There are other motions before yours.

Babu MANMATHA NATH ROY: At the beginning the President was pleased to say that the two Bills dealt with the same question. I submit that the two Bills are not identical, although they deal with the same question. There are certain points of detail in which there is

considerable difference between the two Bills, and I submit the most convenient and rational procedure would be to deal with the two motions together.

Mr. DEPUTY PRESIDENT: I have thought over that and I am sorry I cannot change the order of ballot.

[At 5-20 P.M. the Council was adjourned and it reassembled at 5-35 P.M.]

Maulvi ABUL KASEM: Sir, the Calcutta University Act has a history behind it and the working of the Act has shown that it has not worked satisfactorily. The University should be reconstructed and reconstituted. Sir, I, with all my good wishes, am sorry that I am unable to support my friend Dr. Pramathanath Banerjea, not because I do not approve of his Bill, but because I think this patchwork is absolutely useless. There should be a Bill to reconstitute the whole University and the whole thing should be sifted. Sir, it is my misfortune to have to go outside Bengal very often, and it has been a matter of shame to me that on many occasions I have found educated young Bengali boys unable to compete with young men of the same class from Punjab, Madras and Bombay. I have felt and felt with considerable shame that our boys do not acquit themselves creditably in comparison with boys from other provinces. I say that intelligence is on our side: our boys are very good, but it is the defect in the University system of education which makes the Bengali boys inferior to boys of other provinces. I think it is a serious matter, and I regret that Government has not as yet thought fit to draft and introduce a comprehensive Bill for the reconstitution of the University, and as the Government has failed to do so, I hope my friend, Dr. Banerjea, will come forward with a more elaborate and comprehensive Bill before the House. I support the amendment of the Hon'ble Minister for Education that the Bill be circulated for eliciting public opinion. I certainly think that the opinion of the Calcutta University and other public bodies should be ascertained before we come to a decision. But, Sir, I take exception to a remark made by the Hon'ble Minister for Education, if I have heard him aright. He said that he wanted the opinion of people who were more competent in this respect than the members of the Legislative Council. I take exception to that. I say that we, the members of the Legislative Council here, are sufficiently competent to decide upon legislative measures. Before, however, we come to any decision, we have certainly to consider the opinion of experts and of people who know about these educational matters. Therefore, Sir, I support the motion that the Bill be circulated for eliciting public opinion, but at the same time I wish it to be clearly understood that I do not mean that it should be sent to all public associations and public organisations, but only to the Calcutta University and to the

Principals of Colleges for their opinion on the Bill. I do not think that this motion is intended to shelve the Bill, but simply to elicit expert opinion on the provisions of the Bill, and I hope, Sir, the Legislative Department will take necessary steps to have these opinions ready and circulated before we meet again at the next session.

Mr. J. H. LINDSAY: Sir, it is obviously necessary in connection with a Bill like this that we should get the opinion of the Calcutta University. That, I think, all will agree, is absolutely essential.

5-45 P.M.

It is also necessary to get the opinion of certain well-know experts in educational matters, and certain associations, not all associations, will certainly have to be consulted, for instance, the Teachers' Association, and I see no other way of obtaining this volume of public opinion, except by circulation. I may say I agree with Maulvi Abul Kasem that there should be no shelving of the Bill. I may suggest, if I have the right, that the amendment should read as follows: "That the Calcutta University Bill, 1927, be circulated for the purpose of eliciting opinion thereon by the 15th February, 1928," giving a definite date whereby we shall get the opinions on the Bill. That, I think, will give time for Dr. Banerjee to move this House again to refer the Bill to a Select Committee after we have got public opinion thereon.

Babu JITENDRA LAL BANNERJEE: One gets sick to death over this perpetual talk of experts. Whenever any measure of reform is sought to be delayed, the bogey of experts is always raised for the purpose of retarding it. Maulvi Abul Kasem says that he cannot support the Bill, because it is not a comprehensive measure; but if we are to wait for a comprehensive measure of University reform we shall have to wait till eternity. *The Hon'ble Nawab Musharruf Hosain has told us that the Bill cannot be supported at this stage because it did not give effect to all the recommendations of the Sadler Commission. The recommendations of the Sadler Commission, if they are to be given effect to, will require an annual outlay of 68 lakhs of rupees. Will the Government of Bengal provide us with 68 lakhs now, in the near future, or even 20 years hence? They will not. So it is useless talking about the Sadler Commission's recommendations; and to wait for any measure of University reform till the Sadler Commission's recommendations are given effect to, will amount to an indefinite postponement of University reform altogether. In the meantime, there is a crying necessity for reform in regard to the constitution of the Calcutta University. It has been said that public opinion is required to be consulted on this point. Certainly public opinion is necessary; but I submit for your consideration and the consideration of this House that public opinion has already been consulted,

not formally perhaps, and yet none the less effectively for all that. For 12 years and more this question of University reform has been before the public, and for the last half a dozen years at least the whole educated public of Bengal all those who take any interest in the University question—have made up their minds on the matter. They think that a Bill like the present one is urgently needed for the reconstitution of the Senate. There is one special reason why this reconstitution is particularly wanted *viz.*, for the purpose of freeing the University from the hampering control of the Government. It is a cardinal and essential feature of University reform that the University should be freed from all extraneous and outside influences: and it is this one feature of the present Bill which commends itself specially for our acceptance. At present the Calcutta University consists, as has been pointed out to-day it cannot be repeated too often—of 80 per cent. of nominated members and 10 per cent. of elected members. Where are the people in such a scheme of University management? What voice do they have in controlling the affairs of a progressive Senate like that of the Calcutta University? And is it not time that this scandalous defect should be remedied?

There is another point which requires consideration, and that too has been adequately provided for in Dr. Banerjee's Bill. I mean the extension of the electorate by reducing the franchise and broadening the basis of election. At present, in order to qualify to be a voter of the University, everybody has got to pay a premium or fine of Rs. 10 a year. Dr. Banerjee says that the amount is too much. I would go further and say that this fine is altogether wrong in principle. The qualification for University franchise ought to be that a man has attained to a certain standard of education and not that he is able to pay a certain amount by way of fine. If, however, the fine has got to be maintained at all, it must be reduced to a minimum beyond which we cannot go. Both these measures of reform are excellent in their way, and both are urgently needed. I cannot understand the motion which the Hon'ble Minister has brought forward. It is a dilatory motion, and I suspect the only object of the motion is to shelve University reform indefinitely. If that is the Hon'ble Minister's first public step in the discharge of his responsible duties, I cannot say he has made an auspicious beginning. Indeed, a more inauspicious beginning I could not conceive of, and even now I would advise the Hon'ble Minister to withdraw his motion of amendment and give his whole-hearted support to the measure that has been brought forward by Dr. Banerjee.

Mr. DEPUTY PRESIDENT: Mr. Lindsay has sent in an amendment adding the words "by the 15th of February, 1928."

Rai HARENDRANATH CHAUDHURI: It cannot be done now, and the motion of the Hon'ble Nawab Musharruf Hosain itself is out

of order, because under section 52 of the Bengal Legislative Council Rules and Standing Orders any motion for circulation must mention a date. The Nawab's motion does not mention a date; therefore his motion is irregular.

Mr. DEPUTY PRESIDENT: We are taking the motion of Mr. Lindsay now.

Rai HARENDRANATH CHAUDHURI: If the original motion be irregular, no amendment can be moved to that. I invite your attention to section 52 (2) (a), which says: "At this stage no amendments to the Bill may be moved, but if the Member in charge moves that the Bill be taken into consideration any member may move as an amendment that the Bill be referred to a Select Committee or be circulated for the purpose of eliciting opinion thereon before a date to be mentioned in the motion," and then sub-section (3) will show how important the date is. It says: "Where a motion that the Bill be circulated for the purpose of eliciting opinion is carried in the Council and the Bill is circulated in accordance with that direction and opinions have been received thereon before the date mentioned in the motion, etc." You will now see the importance of the date, and when the motion does not mention the date I submit it is irregular.

Mr. DEPUTY PRESIDENT: What about section 51? No date is required.

Rai HARENDRANATH CHAUDHURI: Under section 51 a motion for circulation can only be made by the Member in charge of the Bill.

Mr. DEPUTY PRESIDENT: Will you kindly read section 51?

Rai HARENDRANATH CHAUDHURI: Section 51 refers only to the Member in charge, but in this case the motion comes not from the Member in charge; therefore section 51 cannot come in. You have no doubt the discretion to allow an amendment to be moved on the floor of the House, but you have no discretion to allow an amendment. I mean the Nawab's amendment which did not mention a date.

Dr. BIDHAN CHANDRA ROY: I submit that as the President you have discretion to allow an amendment to be moved on the floor of the House, but my objection is against the original motion of the Minister of Education. His motion is irregular in view of section 52. The difference between section 51 and section 52 is this: Section 51 contemplates a dilatory motion when made by the Member in charge of the Bill, whereas section 52 points out that a dilatory motion can be moved by a person other than the mover of the Bill, and since

this is being done in the present instance by the Minister for Education, it complies with section 52, which also says that the motion must mention a date. It is peremptory and mandatory. Therefore I submit the Nawab's amendment is irregular.

Maulvi ABUL KASEM: With reference to the point that has been raised, I submit that when a member in charge of a Bill introduces a Bill and after it has been introduced, there may be amendments moved to any motion that he may bring forward. I understand that the motion of the Minister of Education is an amendment to the motion of the member in charge that the Bill be referred to a Select Committee, and that amendment is that instead of being referred to a Select Committee the Bill be circulated for eliciting public opinion thereon; and in that light I hold that the Nawab's amendment holds good under section 51.

Mr. DEPUTY PRESIDENT: I allow Mr. Lindsay's motion—I have the discretion and I use it—as it mentions a date—by the 15th February, 1928. No further discussion is necessary.

Dr. BIDHAN CHANDRA ROY: I again very respectfully put it*to you that there is some misunderstanding with regard to sections 51 and 52. Section 51 gives power to the member in charge of a Bill to move (a), (b) or (c). If he has done (a), section 52 provides that any other gentleman, in this case the Hon'ble Nawab Sahib, can move an amendment that the Bill be circulated for public opinion, and in that amendment he must mention a date. Section 52 (2) (a) says that this amendment must mention a date and in so far as the amendment of the Nawab Sahib does not mention a date, that amendment is not regular, and as that amendment is not regular, any amendment which is an amendment to that amendment cannot be accepted even by the Chair.

Mr. DEPUTY PRESIDENT: Mr. Lindsay's motion is an amendment to the original motion and I have allowed it. So the motion stands moved, whatever be the opinion in regard to the Nawab's motion. I have allowed Mr. Lindsay's motion, which fixes a date—by the 15th of February, 1928. We will discuss that motion now.

Babu JITENDRALAL BANNERJEE: Do we understand, Sir, that the Hon'ble Nawab's motion falls through?

6 P.M.

Mr. D. N. ROY: May I have your ruling, Sir, whether the Hon'ble Nawab's amendment goes out or not?

Mr. DEPUTY PRESIDENT: Hon'ble members have been quoting section 52 (2) (a), which deals with the point when there is a motion

that the Bill be taken into consideration. As I read the rules, section 52 (2) (a) has no application in the present case, where the member in charge of the Bill is moving for a reference of his Bill to a Select Committee. Please see rule 52 (2) (b). Under rule 52 (2) (b) if the member in charge of a Bill moves that the Bill be referred to a Select Committee—which is the present position—any member may move as an amendment that the Bill be circulated for the purpose of eliciting opinion thereon, and there is no date mentioned. Under rule 52 (2) (a), where a motion that a Bill be circulated is carried in Council, a date is to be mentioned. So, I hold that the Hon'ble Nawab's motion is quite in order.

Babu BEJOY KRISHNA BOSE: May I know whether your ruling is that Mr. Lindsay's amendment is to Dr. Banerjea's motion or to the Hon'ble Nawab's motion?

Mr. DEPUTY PRESIDENT: It is not a case of an amendment to an amendment. The Hon'ble Nawab's motion is an amendment to the original motion of Dr. Banerjea and so is Mr. Lindsay's. I shall take into consideration the motions that are now before the Council.

Rai HARENDRANATH CHAUDHURI: May I rise to a point of order? The point is that it has never been the practice of this House to allow a dilatory motion at this stage.

Mr. DEPUTY PRESIDENT: I am allowed a discretion in this matter and in the exercise of that discretion I admit the motion at short notice.

Mr. F. E. JAMES: As to whether the rules themselves are self-contradictory or whether the particular motion which was put down by the Hon'ble Minister was unfortunately worded, there is, I take it, only one desire on the part of the members of this House, *viz.*, that some definite progress should be made in the direction of University reform. Dr. Banerjea's Bill does not attempt to do more than revise the constitution of the Senate of the Calcutta University so as to make it a better instrument for the administration of a modern University. The difficulty I think with which the Government is faced is that it is impossible at one and the same time to refer the Bill to a Select Committee and to circulate it to elicit opinion on it. In order, therefore, that in the first place the Bill might be circulated to the University and other educational associations for their opinions and at the same time that no appreciable delay might take place in pushing forward with University reforms the suggested amendment of Mr. Lindsay that it be circulated for opinions to be received by the 15th of February appears to me to meet the two points which we are both trying to attain. I should have supported the

original proposal to send the Bill to a Select Committee, had I not the assurance that by this revised amendment we could secure the opinions of the necessary bodies and at the same time in the next session of the Council move that it be referred to a Select Committee. What I feared was that as the original motion stood, it was a dilatory motion, but I have been assured by the Hon'ble Minister that that was not the case and his personal assurance is supported by the suggested alterations moved by Mr. Lindsay and accepted by the President, that it should be circulated for opinions to be received by the 15th of February.

I would suggest, therefore, that the House might agree to the revised amendment on the distinct and clear understanding that opportunity will be given at the next meeting of the Council in February for the Bill to be referred to a Select Committee.

Babu MANMATHA NATH ROY: Sir, there is absolutely no justification for the dilatory motion that has been brought forward by the Hon'ble Minister. The matter has been before the public for a long time. The Sadler Commission, which came into existence for the benefit of the Calcutta University, made its recommendations long ago. Since then, the question of reconstitution of the Senate has been before the public, and opinions have been expressed off and on by the public and in the press. Within the last six years attempts were made in different legislatures to reconstitute the University on a democratic basis. In 1921, a motion was carried in the Council of State, that the Council recommends to the Governor-General in Council that early steps be taken to put the Universities of India on a democratic basis. In the same year, in this Council also, a resolution was carried on the motion of Mr. Jatindra Nath Bose, then a member of this Council, that steps be taken to put the constitution of the Calcutta University on a democratic basis. The then Hon'ble Minister, Sir Provash Chunder Mitter, assured the Council that steps would be taken to modify the constitution of the Calcutta University on the lines suggested in the resolution. Six years have rolled by since then, but nothing has been done. The late Minister, Sir Provash Chunder Mitter, was in office for two more years, but no action seems to have been taken, and no progress was made. Most of the Universities in India have reconstituted the Senate on a democratic basis, depending largely on the recommendations of the Sadler Commission; but nothing has been done for the Calcutta University for which the Commission was brought into existence. Why then this apprehension on the part of the Council, even after the constitution of other Indian Universities has been altered on the principles embodied in this Bill? The public bodies and the experts have expressed their opinion on the recommendations of the Commission. The Calcutta University expressed its opinion long ago. That opinion may have to be modified now here and there.

The Select Committee may ascertain the opinions of these bodies. It seems to me, Sir, that the circulation of the Bill for the purpose of eliciting public opinion may result in a shelving of the matter, Maulvi A. Kasem and Mr. Lindsay have referred to what is said to be a comprehensive scheme for the reconstitution of the Calcutta University, but we have not been told what that comprehensive scheme is. We have not been told in what other details it is wanted to alter the Universities Act. There are reasonable grounds for apprehension that the matter may be shelved. I would, therefore, appeal to you not to accede to the dilatory motion.

Maulvi TAMIZUDDIN KHAN: Sir, I have heard the learned discourses of Dr. Banerjea and the other hon'ble members against the motion for the circulation of the Bill brought by the Hon'ble Minister, and I confess I am not yet convinced. It has been said by Dr. Banerjea himself, and also it must be admitted by everybody in this House, that the Bill is a very important one; it will be rather an epoch-making measure in the whole life of the Calcutta University. That is all the more reason why we should proceed cautiously. The motion of the Hon'ble Minister is nothing but a motion of action. We shall not lose anything if we proceed cautiously. Babu Mammathanath Roy says—Why is there any apprehension on the part of this House to refer the Bill to a Select Committee just at the present moment? I would ask, Sir, why is there any apprehension on the part of those gentlemen who are in a hurry to place this Bill before a Select Committee. If we compare these two apprehensions it must be admitted that the latter apprehension is more unreasonable. We shall not lose anything by referring the Bill to a Select Committee and there is no fear of the Bill being shelved at all. I beg your pardon, Sir, we shall not lose anything if it is circulated for eliciting public opinion. It is not a dilatory motion, because it has been made clear that public opinion will be elicited before the 15th of February next. If we could have waited for 12 or 6 years, is there any particular reason why we should not wait for two more months?

With these few words I beg to support the motion of the Hon'ble Minister.

Mr. M. ASHRAF ALI KHAN CHAUDHURI: I cannot understand why my friends opposite are so much afraid of this amendment. If they have waited so long can they not wait for 60 days more? What will happen? Why they are afraid I cannot understand. Dr. Banerjea wants, if I have heard him correctly, the public bodies to send their representatives to the University. He likes that the district boards and municipalities should send some representatives; and surely if they are to send some representatives they must have some say in the matter. Therefore that is a reason why this Bill should be circulated to the district boards and municipalities also.

Dr. BIDHAN CHANDRA ROY: There is just one point which I would like to mention. I do agree with Mr. Lindsay that if there are points in this Bill which require consideration by the members of the Senate, the University ought to be consulted on those points. So far as we on this side of the House are concerned, we feel that the principles or the main proposition laid down by Dr. Banerjea have been considered times without number by the University and also by various public bodies; but my suggestion is this—

6-15 P.M.

The Committee which Dr. Banerjea has suggested consists of members of different communities and also members holding different opinions in this House. If you let the Bill as it now stands go to the different public bodies, various issues will be raised and criticisms made, which will not be relevant to the points raised by Dr. Banerjea in his Bill. Therefore, I would suggest this: Let the Select Committee be allowed to do its work; and if it is found that amongst the members of the Committee there is a unanimity of opinion with regard to the principles of the Bill, the questions will be decided there and then. If it is found, however, that the Select Committee cannot come to any decision, that there are vital differences of opinion with regard to the principles laid down in the Bill, then certain definite issues can be framed as (1), (2), (3) and so on, and at that stage it would probably be desirable to send those issues to various public bodies and obtain their opinion thereon. As it is, the question of reforming the University is a huge one. Some members, as also the Hon'ble Minister, have referred to the report of the University Commission. Sir, I am one of those who have had to give evidence before the Commission as well as to read the report many times. There are many matters in the report of the Commission which are not included in the Bill which has been presented to us by Dr. Banerjea. He has only raised certain specific issues and, in order to decide those issues, he has proposed a Select Committee consisting of Nawab Musharruf Hosain, the Minister in charge of Education; Sir Provash Chunder Mitter, who was Minister for Education for 3 years; Mr. Lindsay, who is an expert in this department; Mr. Oaten, the Director of Public Instruction, who directs the policy of the Education Department; Sir Deva Prosad Sarbadhikari, who was twice Vice-Chancellor of the Calcutta University; Mr. S. C. Bose, who represents the University on the Legislative Council; Sir Abd-ul-Rahim, who not only represents a particular section of the Council but was also in charge of Education for a certain period; Rai Harendranath Chaudhuri, than whom probably there is no other member so thoroughly conversant with rules and regulations; Babu Jitendralal Bannerjee, who has been a teacher all his life and who knows the defects of the present system; Mr. Wordsworth, who has been a free and frank critic of the University, both

inside this Council as well as outside it; Babu Bejoy Krishna Bose, who has a great reputation as a debater as well as a criminal lawyer and who will be able to cross-examine witnesses who will come before the Committee from his expert point of view; Babu Manmatha Nath Roy, who has been on the Syndicate for many years and who knows the defects of the present system much more than anybody else; Babu Akhil Chandra Datta, one of the veterans of this Council; Kazi Emdadul Hoque, who is well known as a modest person with a fair mentality as regards communal matters; and Dr. Banerjea himself, who is also a Professor of the University and a member of the Syndicate. If it is so desired, this Committee can be enlarged by adding to it members representing other sections of this House. If this Committee can come to certain definite issues with regard to the propositions put forward by Dr. Banerjea, well and good. If they cannot come to any decision, and if there be wide divergence of opinion, then it will be open to any member to press for the circulation of the Bill at that stage. Therefore, my submission is that if you want to go on with the Bill, if you want to reform the University even with regard to one aspect of its administration, then let not this question be shelved in this fashion. Let clear issues be framed and it will be time afterwards to consider whether the principles laid down in the Bill should be circulated for eliciting public opinion. I, therefore, support Dr. Banerjea's motion.

Maulvi KADER BAKSH: Sir, I have heard the arguments both in favour of Dr. Banerjea's motion and also those in favour of the amendment of the Hon'ble Minister in charge. I have also heard the arguments of Dr. Roy and I think Dr. Roy, as a doctor, while he holds that the system of the administration of the University is rotten, should have gone to the root-cause of the disease and not tried to treat a portion or rather a limb of the University. Would it not be better if the whole thing is taken into consideration, and I think it would not matter much if we are allowed only two months to get public opinion on the Bill? Again, Sir, the parents and the guardians of the students living in the interior have not been able to see what the Bill is. I think it will be better if we can wait two months more and get the opinions of all persons interested in the matter.

With these words I support the amendment of the Hon'ble Minister.

Mr. S. C. BOSE: On a point of information, Sir. Will the Hon'ble Minister for Education enlighten this House as to whether the Government accept the recommendations in the Report of the Sadler Commission?

The Hon'ble Nawab MUSHARRUF HOSAIN, Khan Bahadur: It is impossible for me to say that.

Mr. S. C. BOSE: I should have thought that when this point was before the House and when the Hon'ble Minister referred to the comprehensive nature of the recommendations in the Sadler Commission's Report—I should have thought that the Hon'ble Minister for Education should have been prepared to-day to answer that question as to whether Government accept the recommendations in the Report of the Sadler Commission.

Maulvi SYED MAQBUL HUSAIN: Sir, the object of Dr. Banerjea's Bill is to reconstitute the Calcutta University so as to put it on a democratic basis. Now in order to fulfil that object I think this Bill should be referred to public bodies, which are representative of the rural areas. In order to have the University properly reconstructed on a democratic basis, I think the views of democratic institutions, like those of district boards and municipalities, should be obtained. As Mr. Lindsay has said that time would be given up to the 15th February, I think it is not too much; and it is necessary when such an important matter is going to be considered in the Legislative Council that the public opinion, especially of the people of the rural areas whose representatives are the district boards and municipalities, should be obtained. So I support the motion of the Hon'ble Minister that this Bill be circulated for eliciting public opinion.

Mr. DEPUTY PRESIDENT: I shall take a vote on the amendment made by Mr. Lindsay. If it is carried the other amendments will necessarily fall through.

The motion that the Calcutta University Bill, 1927, by Dr. Pramathanath Banerjea, be circulated for the purpose of eliciting opinion thereon by the 15th February, 1928, was then put and a division taken with the following result:—

The Ayes being 60 and the Noes 36, the motion was carried.

The following motions were not put as they were covered by the foregoing decision of the Council:

Dr. Pramathanath Banerjee to move that the said Bill be referred to a Select Committee consisting of the Hon'ble Nawab Musharruf Hosain, Khan Bahadur, Hon'ble Sir Provash Chunder Mitter, Kt., C.I.E., Mr. J. H. Lindsay, Mr. E. F. Oaten, Dr. Sri Deva Prosad Sarbadhikari, Kt., C.I.E., C.B.E., Mr. S. C. Bose, Dr. Bidhan Chandra Roy, Sir Abd-ur-Rahim, K.C.S.I., Rai Harendranath Chaudhuri, Babu Jitendralal Bannerjee, Mr. W. C. Wordsworth, Babu Bejoy Krishna Bose, Babu Manmatha Nath Roy, Babu Akhil Chandra Datta, Kazi Emdadul Hoque and the mover, with instructions to submit their report on or before the 31st January, 1928, and that the number of members whose presence shall be necessary to constitute a quorum shall be seven.

The Hon'ble Nawab Musharruf Hosain, Khan Bahadur to move, by way of amendment, that the Bill be circulated for the purpose of eliciting opinion thereon.

The Bengal Medical (Amendment) Bill, 1927.

6-30 P.M.

Mr. DEPUTY PRESIDENT: As the Bengal Medical (Amendment) Bill, 1927, requires the sanction of the Government of India, and as

that sanction has not yet been obtained, the motions standing in the name of Dr. Kumud Sankar Ray cannot be moved. I therefore take up the Bengal Village Self-Government (Amendment) Bill, 1921, by Rai Harendranath Chaudhuri.

(Rai Harendranath Chaudhuri was not in his seat and some of his friends went out of the Chamber to call him.)

Maulvi TAMIZUDDIN KHAN: May I know if it is for the President to wait for the hon'ble member to come in and move his motion?

Mr. DEPUTY PRESIDENT: I have given him two minutes to see if he comes up to move his motion. He was probably under the impression that Dr. Kumud Sankar Ray's motions were coming up.

The Bengal Village Self-Government (Amendment) Bill, 1927.

Rai HARENDRANATH CHAUDHURI: I beg to move for leave to introduce a Bill to amend the Bengal Village Self-Government Act, 1919.

I will simply read the Statement of Objects and Reasons. One of the primary functions of union boards is to provide for the maintenance of the village watch. They have to raise by taxation adequate funds for it and to pay regularly the salaries and the cost of equipment of the village chaukidars. It is therefore only proper that they should have full control over the datadars and chaukidars. It is also expedient and necessary in the interest of the efficiency of the village police that they should be under as little dual control as possible. Well-informed persons are aware that the legal provisions regarding the control of the village watch have been changed from time to time and have more than once been the subject of separate amendments. No apology is therefore required for such a short amending Bill. Further, it is widely felt that the union boards, if they are to be real institutions of local self-government, should have full control over their purse; at any rate the village authorities should have no less power than they enjoyed under the old Act of 1870.

The motion was put and agreed to.

The Secretary then read the short title of the Bill.

The Calcutta Municipal (Amendment) Bill, 1927.

Rai HARENDRANATH CHAUDHURI: I beg to move for leave to introduce a Bill to amend the Calcutta Municipal Acts, 1923.

The motion was put and agreed to.

The Secretary then read the short title of the Bill.

The Calcutta University Bill, 1927.

Babu MANMATHA NATH ROY: I ask for leave to introduce a Bill to amend the Indian Universities Act, 1904, so far as it applies to the University of Calcutta within the Presidency of Bengal.

I need not say anything more now; I have already explained my position. My aim is the reconstitution of the University.

The motion was put and agreed to.

The Secretary then read the short title of the Bill.

Babu MANMATHA NATH ROY: I also beg formally to move that the said Bill be referred to a Select Committee consisting of the Hon'ble Sir Provash Chunder Mitter, Kt., C.I.E., the Hon'ble Nawab Musharruf Hosain, Khan Bahadur, Mr. J. H. Lindsay, Mr. E. F. Oaten, Dr. Sir Deva Prosad Sarbadhikari, Kt., C.I.E., C.M.F., Mr. S. C. Bose (representing the Calcutta University), Dr. Bidhan Chandra Roy, Dr. Pramathanath Banerjee, Rao Harendranath Chaudhuri, Babu Jitendralal Banerjee, Sir Abd-ul-Rahim, K.C.S.I., Babu Bejoy Krishna Bose, Babu Akhil Chandra Datta, Maulvi Abul Kasem, Mr. Khwaja Nazimuddin, C.I.E., Kazi Emdadul Hoque, Mr. W. C. Wordworth and myself, with instructions to submit their report by the 15th February, 1928, and that the number of members whose presence shall be necessary to constitute a quorum shall be seven.

Mr. DEPUTY PRESIDENT: The President ruled that your motion would have the same fate as that of Dr. Banerjee's motion. The fate of this motion has been decided by the previous Bill being circulated for eliciting opinion thereon by the 15th February, 1928, so you are in order if you move that your Bill be also circulated for public opinion. You are not in order in accordance with the President's ruling if you move that your Bill be referred to a Select Committee.

Babu MANMATHA NATH ROY: The decision seems to be this, that I shall have to move the motion which stands in my name and then the Hon'ble Minister will move his amendment, but it does not hold good that the decision on Dr. Banerjee's motion will govern my motion. I take that to be correct procedure.

Mr. DEPUTY PRESIDENT: If I allow your motion as it stands and then allow the amendment I shall have to take votes again. The ruling of the President is that you shall have to abide by the fate of Dr. Banerjee's motion.

Mr. D. N. ROY: I distinctly asked the President whether there would be one voting on these two motions. He said that there would be two votings, but that there would not be two discussions on these two Bills.

Babu MANMATHA NATH ROY: Unless this motion is brought forward, how can the Bill be circulated for eliciting public opinion?

Mr. DEPUTY PRESIDENT: By your moving a motion at short notice to that effect under section 51.

6-45 P.M.

Mr. D. N. ROY: The motion of Babu Manmatha Nath Roy cannot be defeated, unless it is before the House. The motion must be moved and then you can declare that it is lost.

Mr. DEPUTY PRESIDENT: After all, the two Bills are identical in nature; so Babu Manmatha Nath Roy cannot put his motion to the vote, as the House has already decided that question in the case of Dr. Banerjee's Bill. Mr. Manmatha Nath Roy can only now move formally that the Bill be circulated for eliciting opinion by the 15th of February.

Babu MANMATHA NATH ROY: Sir, unless there is a motion before the House, there can be no question of division. What the President has said is that the fate of the two similar motions will be the same; that is the decision of the President. But the question of my motion does not arise unless and until it has been brought forward. So the proper procedure for me is to move it and for the Hon'ble Minister to present his amendment to my motion—but there will not be any discussion or any voting on it.

Maulvi ABUL KASEM: The two Bills are not identically the same and it will not be regular in our proceedings if simply after the introduction of the Bill, we take it for granted that it will be circulated for opinion. So I submit, Sir, that the mover of the Bill should move that the Bill be referred to a Select Committee and then the Hon'ble Minister should move his amendment that the Bill be circulated for eliciting opinion. As, however, the whole question has been discussed, there need be no discussion about it. For the regularity of the procedure, with due deference to the Chair, I submit that the procedure I have suggested, be adopted.

Maulvi TAMIZUDDIN KHAN: Babu Manmatha Nath Roy seems to be labouring under a misapprehension. The President's ruling is that he can move that the Bill be circulated for eliciting opinion and he can very well do so under Rule 51 (c). I do not see what difficulties he is labouring under.

Mr. BIJOY PRASAD SINGH ROY: I think the best course is to let Mr. Roy move his motion, and then if the amendment is accepted it will simplify matters.

Mr. DEPUTY PRESIDENT: If you refer to Rule 39 you will find that a motion must not raise a question substantially identical to one on which the Council has given a decision in the same session. My difficulty is that any motion for reference of the Bill to the Select Committee is out of order under that section as the House has already decided against that.

Babu MANMATHA NATH ROY: I submit that Rule 39 has no application at all to my motion.

Mr. DEPUTY PRESIDENT: Dr. Banerjee's Bill will be circulated, but your Bill will not be circulated, unless a motion is made and carried to that effect.

Babu JITENDRALAL BANNERJEE: I suggest, Sir, that the whole thing be left to the Secretary and he will put everything in proper form and everything will be all right.

Babu MANMATHA NATH ROY: The President when he occupied the Chair said that both the Bills will meet the same fate. Therefore the only conclusion is that if Dr. Banerjee's Bill be circulated for opinion, my Bill will also be circulated for opinion. I cannot claim to have a thorough command of the English language, but it is, I submit, the only possible conclusion of that ruling.

Babu BEJOY KRISHNA BOSE: Sir, only about a minute ago you said from the Chair that the Bill will be circulated for public opinion; but now you say that it will not be circulated.

Mr. DEPUTY PRESIDENT: If Mr. Roy moves the motion, then it will be circulated. Although I have given him permission, he has deliberately chosen not to do so. I cannot therefore allow him to take it for granted that his Bill will be circulated when he does not move the question formally.

Maulvi ABUL KASEM: With reference to your previous ruling that a motion cannot be moved on a substantially identical motion in the same session, I submit that it will not be in order for Mr. Roy to move now that the Bill be circulated for eliciting public opinion thereon.

Mr. DEPUTY PRESIDENT: There is a difference, I think. In this case it is a mere formality and follows the undertaking given by the President when Dr. Banerjee's Bill was being introduced.

Babu MANMATHA NATH ROY: In accordance with your direction, Sir, I beg to move that my Bill, which has been introduced, be circulated for eliciting public opinion by the 15th of February, 1928.

The motion that the Calcutta University Bill; 1927, of Babu Manmatha Nath Roy be circulated for eliciting public opinion by the 15th of February, 1928, was then put and agreed to.

Resolution

(on matters of general public interest).

Export duty on jute.

Babu AMARENDRA NATH CHOSE moved that this Council recommends to the Government to take necessary steps to approach the Government of India for securing the export duty on jute for the province of Bengal to be utilised for the purpose of agriculture and sanitary improvement of the province.

He spoke in Bengali, the English translation of which is as follows:

In connection with this resolution, will you please allow me, Sir, to say a few words on the several aspects of this question? This export duty on jute was levied at the instance of Sir William Myer, the then Finance Member of the Government of India, during the great war in 1916. It was then pointed out that this would be a temporary measure only to meet the high cost of administration resulting from the war; and in the year following there was made a further increase of the revenue by doubling this duty. Though at the inception it came as a temporary measure, it was never allowed to go. The war has come to an end, but the revenue from this source, amounting to about 3½ crores of rupees, is still being appropriated by the Government of India. My proposal is to have this amount transferred to the Government of Bengal to be spent for the welfare of the people of this province.

Now, Sir, an objection may be raised on the ground that the Central Government cannot be run, if all the provinces show their reluctance to hand over or apportion the revenues realised within their geographical boundaries. It will be quite evident from a close analysis of the principles which would govern the mode of apportionment of the different sources of revenue between the Imperial Government and the local Government and of the special circumstances under which jute is produced and sold here, the reasons for my pressing the claims on this particular duty. The function of the Central Government seems to have been to take up only those measures which are equally necessary for all the provinces, but which cannot be undertaken by them individually. It will be only just and fair to make these expenses

meet from the sources which affect the interest of all equally. It is inequitable and unreasonable to deprive one province of its special resource.

Jute is a produce which is exclusively Bengal's own it is our monopoly; and Providence has made it such. It cannot be grown elsewhere in the world. Of course, it is true that jute is being produced in two or three other provinces in India, but it is so very small in quantity and so much inferior in quality, that it may be left out of account, for all practical purposes. It is a Providential gift, no doubt but very hard earned for all that. From its nature, it is very exacting in cultivation. The Bengali peasant has to stake his health, his wealth and his everything for this product alone. Before sowing, he has to labour hard even for the preparation of the soil. After sowing, weeding is a very tedious and arduous task. In the months of *Baisakh* and *Jaistha*, under the scorching rays of the sun, the Bengali cultivator is to be found in jute fields working from morning till nightfall. Then during *Saran* and *Bhadra*, when on account of incessant rains and cloudy atmosphere even the beasts and birds scarcely leave their shelter and nest, the hard lot of the tillers of our soil drive them out to the fields to cut the jute plants which by this time become full-grown and fit for cutting.

After cutting comes the process of steeping. The plants are steeped in still water—in ditches, *dobas*, and pools. Flowing rivers and waterways are not fit for the purpose. They are kept under water till they become rotten, and thus the fibre can be easily stripped of when they are washed. This makes the water of the locality spoiled and nasty and helps the creation of nursing abodes for mosquitoes. Hence we witness the outbreak of cholera and malaria throughout *Kartik* and *Agrahayan*. The cultivator, in order to finish the whole thing, has to allow himself to get sunburnt and weather-bitten. But every action must have its reaction—the irregularity and the overstraining which he has practised through the last few months, very naturally tell upon his health. He easily becomes a prey to malaria, pneumonia and other diseases and thereby his way to heaven rather becomes very smooth on account of the humanitarian work. I have the honour to represent the district which is the greatest jute-producing area in the province and as such I have the practical experience of the sufferings of the people engaged in jute cultivation. Now, Sir, if I demand the total export duty on jute on behalf of Bengal, it is because Bengal soil is the only soil where jute can be grown, it is because the Bengalis are the only people who are to suffer from it who are to meet with hardship, misery and even death for this. The handing over this particular revenue will only try to make an attempt towards the partial amelioration of the condition of Bengal peasants, who alone are responsible for the production of this wealth.

It is reported that in course of his last visit to Calcutta, the present Finance Member, Sir Basil Blackett, expressed an opinion that the duties on jute are not paid by the Bengalis but are paid by other people who purchase it for export. This is a misleading conclusion arrived at by the Hon'ble Finance Member. The money which is realised as the export duty on jute is really the hard-earned money of the cultivators. It is commonly observed that the seller of a particular commodity asks for his price, the buyer goes to him and offer something according to his convenience. The price in the long run is determined by the general law of demand and supply. But it is rather peculiarly unfortunate that our sellers have no voice in the jute market. They are to depend on the mercy of the foreign purchasers, who dictate terms. The purchasers here are more organised and are in a position to know previously the probable supply which, again, the Government of Bengal helps them by publishing the forecasts of jute from time to time. The unorganised, illiterate producers have no way to know what would be the demand. Again, they cannot utilise their raw materials. Hence is their dependence. In determining the price of jute the purchasers must take into account the export duty, and they would easily offer to the cultivators the price, after necessary deduction of the amount they will have to pay to the Government. This will be the state of things as long as the jute market is controlled by one party, viz., the buyers the Dundee consumers. It matters little whether the duty is paid by non-Bengalis or anybody else. It cannot be gainsaid that it has affected the cultivators and it will affect them still.

The Finance Member has threatened that the duty will be abolished altogether. But we know for certain that it will never be abolished. For it is our common experience that in India there can only be levying of taxes and no withdrawal of them.

Then what does the Government of India mean by this attitude of indifference? Does it think that the Bengal Government is very solvent? But there can be no difference of opinion as to the quite insufficient and inadequate funds at the disposal of the provincial Government.

Whenever the Bengal Government is approached for work of vital importance such as primary education, eradication of malaria and kalazar, destruction of water-hyacinth, introduction of scientific agriculture and cottage industry, etc., we are accustomed to hear the plea of want of funds.

In comparison with other provinces, the quantity of land, the revenue, the income tax and last but not the least the population, Bengal is not in any way less.

But to carry on the internal administration where the Punjab gets 11 crores and 13 lakhs, the United Provinces 13 crores, Bombay 15 crores and Madras 16½ crores, Bengal gets only 10 crores and 73 lakhs of rupees.

The Government of Bengal is unable to meet the just demands of the people for pecuniary embarrassments. My proposal is for the removal of the financial difficulties. May I, therefore, hope to get the full support of this House, including the official members?

If this resolution is accepted, there will be no necessity for additional taxation for the introduction of primary education and the destruction of water-hyacinth.

Maulvi TAMIZUDDIN KHAN: I formally move, by way of amendment, that in the motion of Babu Amarendra Nath Ghose, last two lines, *for* the words 'Agricultural and sanitary improvement of the province' the words 'free and compulsory primary education in the province' be substituted.

Mr. SYED MD. ATIQULLAH: I formally move, by way of amendment, that in the motion of Babu Amarendra Nath Ghose, last line, *after* the words 'sanitary improvement' the words 'and free primary education' be inserted.

Babu NALINIRANJAN SARKER: In this question of the provincialisation of the jute export duty, the basic facts are so indisputable that even the representatives of the "white man's burden," I mean, the European group in the Council, and the Treasury Benches, are practically of one mind with the various other political groups. While our claims to financial relief are undeniable, I must say that the provincialisation of the jute export duty is dictated not only by financial considerations but also the undoubted requirements of the jute trade, both in its present stage as well as in its possible future developments.

As regards the claims to financial relief, irrefutable facts and figures can be adduced to prove conclusively that Bengal is not only paying her proper share, as she ought, to the costs of the Central Government but bears a disproportionately heavy burden of central taxation. On analysing the figures of the taxes raised in each province under the heads allocated to the Central Government you will find that Bengal is responsible for about 40 per cent. of the entire Central revenue and yields to the Government of India more than 75 per cent. of the revenue collected within her borders, as against the average of 60 per cent. yielded for all the provinces of India. On the basis of the figures of 1925-26 Bengal collects every year about Rs. 40 crores, of which less than 11 crores is left to minister to the needs of this most populous of Indian provinces, while the lion's share of 29

crores is swallowed to support an idle army with costly occasional recreation in the hunting grounds of Waziristan and other regions of the Frontier. It may be contended—and I admit with considerable force—that all the duties collected in Bengal are not paid by her people and that a portion of it may in fact be borne by others, as the ports of Chittagong and Calcutta serve a wider area than Bengal itself. If proper statistics were available, that is, if the actual consumption of salt, opium, etc., in each province could be ascertained, a proper survey of the true sources of these taxes could have been made. But the Department of Statistics, like other costly departments of Government, has not condescended to serve our real needs and no such accurate estimate has been deemed useful by the Central Government. Even the publication of the Inland Trade Returns, which could have enabled us to form a rough estimate, has been stopped since 1921. I refrain from going more deeply into the question of incidence of taxes just at present, as I am afraid it will only tire the patience of this House to present an array of figures which cannot be readily followed during the course of a speech in this House. I may, however, be pardoned for referring to the fact that I have considered the question in its various aspects in some of the contributions I have made to the local press.

I shall attempt here only to give you, Sir, a rough idea as to Bengal's real contribution after making due allowance for the dutiable goods consumed by adjacent provinces served by Bengal ports. As regards the Customs duties of 18.50 crores, there is no doubt that the jute export duty of more than 3½ crores is raised almost wholly in Bengal. Of the entire population served by the ports of Calcutta and Chittagong, 40 per cent. live within the borders of Bengal. But Bengal is a far greater consumer of cotton yarns and fabrics, foreign liquor, sugar and machinery than any other province. And it would be erring on the safe side if on account of this greater consumption we add 20 per cent. more to the credit of Bengal. It can be proved on the basis of the figures of the Inland Trade Returns of 1921 that 60 per cent. of the dutiable imports of Bengal are consumed within the province. On this calculation Bengal's share of Customs duties, excluding jute export duty, will come up roughly to 8½ crores. On the basis of population the burden of salt tax will be to the extent of 70 lakhs, i.e., 40 per cent. of 1.71 crores, though according to the Administration Report of 1921-22 the consumption of salt has been calculated at 66 per cent. Regarding income tax, it was proved before the Meston Committee that about 90 per cent. of the income-tax collected in Bengal is paid solely by its people; so our share of the income-tax can be put at 5.35 crores. We have left out of consideration the incidence on the people of Bengal of some taxes collected in the other provinces. And I have also not taken into account the contribution of Bengal to the profits from Railways, Posts and Telegraphs. Thus at a most modest estimate,

Bengal's real contribution to the Central Exchequer cannot be put at less than 18 crores on these heads alone. I make bold to assert, Sir, that whatever method of calculation may be adopted, the more deeply we probe into this question the more thoroughly shall we be satisfied that, in point of provincial contribution to the Central Government, Bengal bears an unduly heavy burden, out of all proportion to that borne by any of her sister provinces.

Even taking into consideration the residual resources of the respective provinces, which was the guiding principle of the Meston Settlement, Bengal has not been fairly dealt with, as with a population of 50 lakhs less than ours, Madras has 4 crores more spending power and Bombay has a spending power of 4.50 crores in excess of ours with but half the population of this province.

In this connection the Government of India have since the time of the Meston Award, been making a great point of their financial strain. But they can no longer urge that reason, as the deficit of 23½ crores which obtained in those days was turned in the year 1923-24 into a substantial surplus of 2 crores, which rose to over 3 crores in 1925-26. If it is urged that the resources of the Government of India may be inadequate to meet their own requirements on the present basis, I should point out that, unlike the items of revenue assigned to provinces, the revenues of the Central Government are capable of expansion. I must also point to another source of income which lies untapped, a circumstance that constitutes a grave injustice to other classes of people in India. I refer to the exemption of certain classes from income-tax. In fairness to all parties concerned the Government should seek to raise further revenue by altering the Income Tax Act so as to bring certain groups of European Companies and individuals now exempted, and certain other classes of income mentioned by the Taxation Inquiry Committee, within the scope of the Income Tax Act. The loss of revenue on this account is estimated at 5 crores, which sum will be more than sufficient for any possible rise in the requirements of the Central Government.

But the more serious objection levelled by the Finance Member of the Government of India against our claim to the *jute export duty* is that, *jute* being a monopoly product, a tax on that commodity is easily shifted to the foreign consumer and therefore properly appertains to the Central Government. This is a common economic fallacy which is surprising only when it comes from such well-read and well-informed sources as the present Finance Member of the Government of India. The incidence of taxation is indeed the last subject for facile assertions of this kind, especially as all laws of economics are mere statements of tendencies, which in the actual condition of the day to day market are counteracted by various other forces. Professor Taussig has shown that the notions commonly entertained, even amongst scholars about the advantages of the monopoly product, are highly exaggerated and

are far removed from actual facts. No commodity can be an absolute monopoly and jute clearly is not so, inasmuch as a rise of its price beyond a certain limit would result in its displacement by inferior substitutes. The distinguishing characteristics of a monopoly are single-handed control of the entire supply, which implies full power to dictate the price to the consumer and absolute inelasticity of demand, which implies the helplessness of the buyer. But, as a matter of fact, jute is bought by a monopolist buyer at his own price from a needy peasantry who have no staying power or other means of evading or escaping from any tax thrown on them. The buyer fixes the export price, keeping in view the possibility of competition with an inferior substitute, or the avoidance of jute bags by resort to bulk handling. He fears the astute, enterprising and educated foreign importer more than the needy, ignorant Indian producer. To encourage the foreign importer to use jute and to keep him away from resort to bulk handling or other substitutes, he naturally throws the tax through the middlemen on the shoulders of the dumb producer. Besides, price under monopoly condition cannot be obtained, due to the fact that in their anxiety to sell jute as early as possible the jute growers compete with each other.

The provincialisation of the jute export duty cannot be opposed on this ground. In fact, it is a very suitable head of revenue for provincialisation. Being concentrated in one place, the incidence of a tax on the export of jute is easy to trace and it should not be classed with other tariff revenues. It is clearly a source of differential taxation to her people as compared with the people of other provinces.

I have said that besides the proper adjustment of the provincial tax burdens there are other grounds which render imperative the transference of the jute export duty to Bengal. Jute is the mainstay not only of the peasantry of Bengal but also of our middle classes. The welfare of the whole province is thus inextricably bound up with the prosperity of this trade. In regard to cultivation there has been for various reasons a marked deterioration in the quality of the fibre. In their evidence before the Linlithgow Commission, both the London Jute Association and the Dundee Jute Importers' Association have drawn pointed attention to this fact and have charged the Government of India in unequivocal terms with an indifference amounting to culpable homicide in regard to these industries. They have cited the case of the Bengal linseed, the silk trade, shellac and indigo to show that the Government have, by their apathy, killed these industries. Even where they did interfere their interference was too late. It is obviously impossible for the Central Government to devote its attention to a subject of such clearly local interest. Industries and Agriculture are provincial subjects. It is therefore both reasonable and expedient that the benefit of this trade should go to the authority which is in a position to take steps for its progressive improvement.

There is one more point which I would press on the attention of the House. Even when the whole of the export duty on jute is made over to the provincial Government the Central Government would still continue to derive a not inconsiderable benefit from the jute trade of this province, for the profits made in the jute trade by the large number of manufacturers and middlemen enter largely into the income tax paid from this province into the coffers of the Central Government. It cannot be maintained therefore that provincialising would mean keeping all the benefits of this great industry to ourselves. I can conceive of no reasonable argument either for denying or delaying this measure of belated justice to a province that has so long been groaning under an unreasonable and heavy financial burden.

7-20 P.M.

The Hon'ble Mr. A. MARR: I take it that the ultimate aim of the movers of these resolutions and amendments is to bring more money to Bengal independent of the question of how it is to be spent. With that aim, I am sure, everyone in this House will be in full agreement, and Government are prepared to accept these resolutions on the ground that in so far as they imply the necessity for a revision of the Meston Settlement, they represent the views of this Government. At the same time I wish to make it perfectly clear that Government consider it a mistake for the Council to commit themselves to the exact method by which the revision should be effected, or to the manner in which the increased revenue should be spent.

At the very earliest stages of the inquiry by the Meston Committee, the question of the export tax on jute arose. The Meston Committee at the outset were prepared to accept without further inquiry the formula that all Customs duties should be Central, on the ground that it was impossible to trace the duties back to source or to make a proper allocation between provinces. We pointed out, however, that this dictum certainly did not apply to the export duty on jute, which at that time was about 2½ crores. Since then, I may mention it has risen to 3½ crores. While drawing the attention of the Meston Committee to this fact, the Government of Bengal based their claim on this ground not on the fact that the export duty on jute should be made over to them but that this factor should be taken into account in arriving at the final financial settlement, on the ground that the export duty on jute encroached on the taxable capacity of the province. We argued that, if the Central Government had not imposed this duty, it might have been open to the local Government to do so in the shape of an excise duty or in some other way. As all members of this House know, however, this factor was not taken into account in the Meston Settlement. During the subsequent years the Government of Bengal have made repeated protests against the Meston Settlement and have

persistently adopted the attitude that nothing less than a thorough revision of that Settlement will afford adequate justice to Bengal, and we have pressed for the revision of that settlement at the earliest possible moment. We maintained this attitude so recently as October of last year, and we propose to reiterate our position in this matter to the Government of India in the near future. At the same time, we have always refrained from suggesting the exact manner in which the Meston Settlement should be revised; and I would suggest to the members of this House that that attitude is sound. The movers of the resolutions ask us to commit ourselves definitely to a demand for the export tax on jute. If we were to do this, we might commit ourselves too definitely and make the area of revision of the financial settlement as a whole too limited.

After the Meston Committee had submitted their report, it was realised that Bengal had suffered in the settlement, and, as a result of a recommendation in favour of Bengal, Devolution Rule No. 15 was evolved. That rule was framed definitely and intentionally to benefit Bombay and Bengal and purported to allot a certain share in the income tax of the provinces. It is admitted now that Devolution Rule No. 15 has completely failed in its object, and that it has benefited every other province, except Bombay and Bengal. There is a growing feeling, therefore, that possibly the best method of revising the Settlement will be by giving the provinces a larger share in the income tax collections of the province. It is for this reason that I deprecate this House committing itself definitely to the export tax on jute and perhaps excluding some other solution.

It is true that the Taxation Inquiry Committee mentioned export duties as one of the balancing factors which might be used to balance the allocation of revenues between Central and Provincial Governments, but at the same time they said that export duties should be used only in the last resort. It is for these reasons that I wish to make it quite clear that Government accept these resolutions only on the ground that in so far as they imply the necessity for a revision of the Meston Settlement, they represent the views of this Government; but that Government are not prepared to commit themselves to the exact method by which the revision should be effected.

Nor are Government prepared to commit themselves to the manner in which the increased revenue, if and when received, shall be spent. The resolutions themselves, taken with the two amendments, show the danger of attempting to earmark the increased revenue—the resolutions want the proceeds to be spent on agricultural and sanitary improvements, while one amendment wants free and compulsory education and the other, which has not been moved, agricultural and sanitary improvements and free primary education. In most cases it is unsound

finance to earmark any portion of the general revenues for any particular purpose, and I would suggest to the movers of the resolutions and amendments that these portions of the resolutions may be omitted.

Rai HARENDRANATH CHAUDHURI: May I inquire how a share of the income tax can be greater than the whole proceeds of the export duty on jute?

The Hon'ble Mr. A. MARR: I don't think there is any chance at all of getting the whole of the export duty on jute. I hold that even if the Government of India were prepared to accept the principle that Customs duty on jute should be divided (which I doubt) we would not gain much, whereas, I think, there is some hope of getting a share of the income tax which might bring in something.

Babu MANMATHA NATH ROY: Will the Hon'ble Member be pleased to inform the House whether there is any likelihood of the Meston Settlement being revised otherwise than by the remission of the jute export duty.

The Hon'ble Mr. A. MARR: Of course it is very difficult for me to express any opinion on that point, but this Government will press strongly and very strongly indeed for the whole Meston Settlement being revised, but they do not want to commit themselves as to its solution. We must either ask for the export duty on jute or a share of the income tax.

(A voice: Or a share in both.)

The whole Meston Settlement is going to the melting-pot again.

Dr. BIDHAN CHANDRA ROY: Will the Hon'ble Member tell us whether he does not believe that when we ask for the full moon we may get only half.

The Hon'ble Mr. A. MARR: I am sure that when the time comes the Bengal Government will ask for the full moon.

Dr. KUMUD SANKAR RAY: Will the Hon'ble Member be pleased to assure the House that the amount will be spent mainly on the transferred departments?

Mr. DEPUTY PRESIDENT: The Hon'ble Mr. Marr says that Government are prepared to accept the resolution if the words "to be utilised for the purpose of agriculture and sanitary improvement of the province" are omitted.

Babu AMARENDRA NATH CHOSH: I do not accept the proposal of the Hon'ble Mr. Marr.

The resolution was then put in the following amended form and agreed to:—

"This Council recommends to the Government to take necessary steps to approach the Government of India for securing the proceeds of the export duty on jute for the province of Bengal to be utilised for the purpose of agriculture and sanitary improvement and free compulsory primary education in the province."

The motion of Maulvi Tamizuddin Khan was deemed to be withdrawn.

Prorogation.

Mr. DEPUTY PRESIDENT: I have it in command from His Excellency the Governor to announce that the Bengal Legislative Council stands prorogued.
